

ASTRA

2018 Models Edition 2

VX_AST_26227.tif

VAUXHALL

YOU'VE GOT IT GOING ON.

With a billion things going on in your life, we think you deserve a car you really love to drive. Whether you're busy at work or day-to-day jobs, doing the school run or getting away from it all, you want a car that handles life brilliantly. **Say hello to Astra.**

We built it not just to drive, but for something more important: to give you the most of every moment. Showing off state-of-the-art engineering across a range of powerful engines with impressive efficiency, its road handling and drivability just have to be experienced. **So let's get going shall we?**

Isn't life brilliant.

Company car drivers can experience Astra through our free 3 Day Test Drive programme. Please see back cover for more details or visit vauxhall3dtd.co.uk

IT'S LOOKING GOOD.

We designed Astra to show off its cutting edge, lightweight build and drop a few hints at all the clever technology inside too.

Those flowing lines and sculpted body, along with the rising curve of its floating roof all come together to give it serious presence, whichever way you look at it.

It's all made to bring out its solid yet sporty character, for a drive as pleasing as it is awesome to look at.

THIS COULD BE THE PERFECT PARTNER.

It gives you space when you need it, it's flexible and thinks about nearly everything. Have you considered getting hooked up with the Astra Sports Tourer?

LET'S LIGHTEN UP.

Smart LED daytime running lights, sharp lines and streamlined curves – the Astra design has plenty of bright ideas to catch the eye.

VX_AST_23672.tif

1. **LED daytime driving lights and tail lights***. Sharp light design with LED technology so it's easier to be seen.
2. **Elegant floating roof line with chrome highlights**. Astra gets an uplifting and streamlined roof design that looks great anywhere.
3. **IntelliLux LED Matrix headlights***. Cutting-edge LED headlights – the first time this technology has featured in any car in this class.

VX_AST_25778.tif

VX_AST_23671.tif

*Please note that LED tail lights and IntelliLux LED Matrix headlights are standard on Ultimate models and optional at extra cost on SRi and Elite Nav models only.

NICE VIEW IN HERE.

Sit inside and take a look around. Every interior for Astra is made using high quality materials that go beyond what you might expect.

Astra has some exciting trim levels to suit all kinds of life, whether it's family, work or play.

But whichever trim you choose, you'll find first-rate design and build matched by standard equipment that's far from standard.

YOU COULD GET USED TO THIS...

We think you'll love the bigger sense of space and all the creature comforts inside the Astra.

Seat ergonomics and plenty of adjustable settings help you find that perfect driving position (however long your journeys), and you can upgrade to AGR* ergonomic sports-style front seats if you like.

Inside Astra you'll find it quieter, calmer and larger than ever before. You'll notice higher quality materials, sophisticated colour choices and calm ambient lighting that make Astra a very nice place to be indeed.

- 1. Are you sitting comfortably?** On Ultimate models the ergonomically-designed AGR* approved sports-style, perforated leather front seats feature an adjustable front cushion, seat tilt and power lumbar adjustment. You can even upgrade to include front seat ventilation and a massage facility for some serious pampering while you're on the move.

*AGR seats are certified by the German organisation Aktion Gesunder Rücken (Campaign for Healthier Backs), a European centre of excellence for ergonomic design. AGR seats are optional for both front seats on SRi, SRi VX-Line and Elite Nav models and optional for the driver's seat on all other models, except for SE.

IT'S A LIGHTWEIGHT ENGINE

THAT'S NO LIGHTWEIGHT.

Made for the twists, turns and quirks of UK roads, we've powered up Astra with a series of lightweight engines.

Our petrol and diesel engines are more efficient in every way. They deliver smooth, ample power in combination with Astra's lightweight body for an agile and responsive drive.

This is especially true of the ecoTEC engines. All turbocharged, strong and powerful, they deliver exceptional fuel economy and emissions levels for maximum efficiency with an equally impressive dynamic driving experience.

If you'd like to see why Astra makes such good business sense for company car drivers, visit vauxhall.co.uk/FleetAstra

- // Cutting-edge engineering delivers agility and performance
- // Lightweight design ensures improved economy
- // A range of ecoTEC engines give you unrivalled efficiency
- // Experience Astra agility. Up to 200PS and a chassis to handle it

Cheers for gears

Five or six gears, automatic or manual, with Start/Stop engine systems or without – all Astra transmissions are smooth and precise.

VX_AST_23440.tif

Switch to sporty

You can change Astra's steering feel and throttle response to sporty at the touch of a button – it's a standard feature on Astra SRi* and SRi VX-Line.

VX_INS_26511.tif

Clean yet mean

Astra ecoTEC engines are uncompromisingly powerful yet super efficient. For instance, the responsive 1.6CDTi (110PS) Start/Stop ecoTEC diesel engine with manual transmission emits just 88g/km CO₂.

*Not available on 1.4i (100PS) models.

SORRY IF WE'RE GETTING AHEAD OF OURSELVES HERE.

Where Astra leads, we think others are bound to follow.

Take a look inside and maybe you'll see why. Everywhere you look and feel, you'll find premium-class materials and more than a few great ideas that come as standard.

We've built them into Astra to make driving easier, safer and more fun than ever. It's future thinking we're proud to lead.

1

VX_AST_23707.tif

3

1. **IntelliLux LED Matrix headlights***. This super smart LED headlight system automatically adjusts your high beam to dip around other vehicles for a wider, perfectly lit view ahead for safer night driving.
2. **Driving Assistance Pack****. This front camera safety system gives you intelligent assistance like lane departure warning, traffic sign recognition, following distance indication and forward collision alert with automatic city emergency braking.
3. **IntelliLink infotainment**. Standard on all Astra models, you can stay updated and entertained every journey with seamless Bluetooth® integration for Apple and Android devices†. Not to mention OnStar††, your personal connectivity and service assistant with 4G Wi-Fi Hotspot on the go and much more (see pages 36-39).
4. **Luxurious seating**. Relax in stress-relieving comfort with optional in-seat ventilation and massage therapy to keep you alert and refreshed on the road.
5. **Advanced park assist^**. Parking is quicker and easier with advanced park assist, which not only finds you a good parking space, but also steers you precisely into the slot – all hands free.

5

*Standard on Ultimate.

**Standard on SRi, SRi VX-Line and Ultimate, optional at extra cost on all other models.

†Compatibility and certain functions might be a bit different depending on the type of smartphone and operating system you're using.

††Standard on Astra SRi, SRi VX-Line, Elite Nav and Ultimate models, optional at extra cost on all other models.

^Standard on Ultimate. Optional at extra cost on SRi, SRi VX-Line and Elite Nav models only.

WE'VE THOUGHT ABOUT STUFF SO YOU DON'T HAVE TO...

Here's a not-so bright idea for driving at night. Smart headlights that automatically adjust the shape of your high beam headlights to avoid dazzling other drivers. It's called IntelliLux LED Matrix headlight technology and means you'll never have to switch between high and low beam again. It also gives you more time to react to potential hazards, making for safer driving.

New Astra

Before. With standard halogen headlights, you have to switch between low and high beam to avoid dazzling drivers in oncoming cars.

After. With IntelliLux LED Matrix headlights, your high beam automatically dips around other vehicles so you enjoy a wider, perfectly lit field of view.

How IntelliLux led matrix works

IntelliLux LED Matrix headlights are made up of 16 separate LED elements. In a millisecond, each individual LED can detect and react to the presence of moving vehicles to automatically and continuously adjust the profile of the beam. This makes sure that your high beam is always glare-free, whilst wide and long enough for maximum visibility.

This means that you're always using the safest lighting in any situation. In particular, driving at night is safer for other people and more relaxed for you. And the outstanding reliability and longevity of IntelliLux LED Matrix headlights gives you maximum use whenever you need to light your way.

Even more bright ideas

- // The IntelliLux LED Matrix system* also includes a few other smart lighting options:
- // Cornering lights to light the area you're turning into for greater safety
- // Country lights adjust automatically for better visibility on dark roads
- // Town lights perfectly complement urban conditions that are better lit
- // Motorway mode guarantees safe, glare-free travelling at high speeds

*Standard on Ultimate, optional at extra cost on Astra SRi, SRi VX-Line and Elite Nav models only.

NEVER MIND SIXTH SENSE, THIS IS THE SEVENTH.

Built for the fast-moving demands of the 21st century, the seventh generation Astra is made for people who love to get behind the wheel, but want the benefits of smart sensing technology.

Astra's front camera system is an advanced driver assistance system that senses hazards in advance and only gives safety warnings when you need them, while keeping you in full control at the wheel.

Astra SRi

ASTRA

JUST LOOKING OUT FOR YOU.

Keeping an ever-watchful, never-tiring electronic eye on the road ahead, Astra's front camera system supports your own road sense to help prevent scrapes, keep track of speed limits and make life safer for you and your passengers.

Standard with the Driving Assistance Pack on Astra SRi, SRi VX-Line and Ultimate models, the front camera system is more than a first in a car of this class – it's one of the most sophisticated driver assistance systems ever engineered in a car.

VX_AST_23705.tif

VX_AST_23694.tif

1. **Forward collision alert.** Gives you an audible and visible signal if you approach slower vehicles too fast from behind. The system will also help avoid low-speed rear-end collisions by automatically braking if it senses a potential impact. The reflective LED windscreen display provides an extra level of safety to give additional warning in the driver's field of view.
2. **Lane departure warning with lane assist.** Warning signals protect against unintentional gradual drifting – and the steering wheel even nudges gently if you move out of your lane without signalling. The real genius? It won't sound an alarm when you don't need one. For example, if you need to swerve hard to avoid an obstacle.
3. **Traffic sign recognition.** This advanced sign-detection system picks up and displays speed limits and other important traffic signs and even recognises temporary electronic signage.

Automatic cruise control*. By automatically accelerating or decelerating between set speeds this innovative system helps maintain a safe distance to the car ahead at all times.

*Optional at extra cost as part of the Driving Assistance Pack Two on SRi, SRi VX-Line, Elite Nav and Ultimate models only.

SIT DOWN, STRETCH OUT...

Space and comfort was top of our list when we designed the Astra's interior, starting with extra room to make yourself nice and comfy in the back, as well as a generous boot for whatever you get up to.

Plenty of room in the back.

Check out the boot – it's roomy and flexible with a nice low sill so it's easy to load up.

VX_AST_27798.tif

...AND RELAX.

Astra is all about setting new standards for comfort and technology. Why? Simply to make life on the road easier, fun and more enjoyable for you.

An electrically adjustable leather front driver's seat memorises your personal settings, with integral massaging and ventilation to keep you relaxed and cool*.

Heated front and outer rear seats** are a cosy treat in the chilly months, and the advanced Electronic Climate Control (ECC)†, lets you set different temperatures for areas of the car – handy when you're travelling with friends and family.

1. Power tilt and slide sunroof[^].

Open up a window on the world at the touch of a button.

2. Power front driver's seat*.

This category-first driver's front seat option features electric adjustment and is ergonomically certified to help promote a healthy back. It massages, ventilates and memorises personal settings to keep you cool and relaxed.

2.

*Optional on Elite Nav and Ultimate models only in conjunction with Ergonomic sports-style front seats with perforated leather (standard on Ultimate). Includes a driver's seat massage function, electrically operated adjustment with seat memory function and pneumatically adjustable backrest side bolsters. Both front seats feature active ventilation for the seat rest and seat cushion. **Heated front seats are standard with SE, and come with the Winter Pack One, which is optional on SRi and SRi VX-Line models. Heated front and outer rear seats are standard on Elite Nav and Ultimate models and come with the Winter Pack Two which is optional on SRi and SRi VX-Line. †ECC is standard on Elite Nav and Ultimate models, optional on SRi and SRi VX-Line. [^]Optional on all models.

TAKE A LOAD OFF.

Remember what we said about the Astra Sports Tourer thinking about everything? Imagine you've got a few bags to throw in the back. No need to put them down – just swipe your foot under the rear bumper, and hey presto, the tailgate opens itself. To close it, just do the same.

Intelligently controlled by eight sensors, the hands-free system also monitors whether the tailgate is going to be obstructed when it opens or closes, automatically stopping and returning to a safe position.

You can also control the opening angle – handy if there's restricted overhead space when parking. Once you've got used to the optional hands-free power tailgate, you'll wonder what you ever did without it.

VX_ASST_23957.tif

SPACE CRAFT.

The sleek lines of the Sports Tourer belies its generous rear space. Made for easy loading, the luggage area has a nice flat floor (with storage space underneath) and a practical rectangular-shaped footprint, with all these features:

- // Up to 1,630 litres of space with the rear seats folded down, and 540 litres if there's five on board
- // 12-volt socket in the luggage area (ideal for those electrical accessories)
- // FlexFold rear seats are a quick and easy way to release and fold the rear seats when you need that extra space*
- // Hands-free power tailgate system so you can open and close the tailgate with just a swipe of your foot**

VX_AST_25788.tif

*Standard on leather-trimmed Elite Nav Sports Tourer models only. **Optional on SRI and Elite Nav Sports Tourer models and only available in conjunction with optional keyless entry and start. †Flexible 40/20/40 split-folding rear seats are standard on leather-trimmed Elite Nav models only. All other models feature a conventional 60/40 split-folding rear seat arrangement.

VX_AST_25787.tif

How do you want to split it?

Get the space you want with two split-folding rear seat solutions†

1. Use the 60/40 fold when you need more space for large or awkward loads.
2. On Elite Nav models use the 40/20/40 facility for greater flexibility†. The centre folding section creates a useful opening for longer loads while keeping two full-size rear seats.

LET'S STAY IN TOUCH.

Smartphone or tablet, Android or Apple iOS – our ingenious R4.0 IntelliLink infotainment system connects with your dashboard touchscreen and audio system to access apps and give you music, phone and sat nav on the go. What's also nice is that IntelliLink is yet another top-class standard feature you'll find across the entire Astra range.

BECAUSE NOTHING BEATS GOOD CONNECTIONS.

Wherever you go, IntelliLink keeps you in touch and entertained.

Now there's no excuse not to call home. Every Astra features our IntelliLink infotainment system with Bluetooth® and USB connectivity for all Android or Apple iOS smartphones*. And digital radio comes as standard too.

Once it's connected to your device, IntelliLink lets you project selected functions from your smartphone to the large colour touchscreen display.

androidauto

R4.0 IntelliLink comes as standard in nearly every Astra:

- // 7-inch colour touchscreen display
- // Digital radio
- // Bluetooth® and USB
- // Hands-free phoning
- // Smartphone projection
- // Supports Apple CarPlay™
- // Supports Android Auto™

Navi 900 IntelliLink system, standard on Tech Line Nav, SRi Nav, SRi VX-Line Nav, Elite Nav and Ultimate models.

- // 8-inch colour touchscreen display
- // Built-in navigation system
- // Hands-free phoning with voice control
- // Shark-fin antenna
- // Smartphone projection
- // Supports Apple CarPlay™
- // Supports Android Auto™

*Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries.

THIS COULD BE THE IDEAL TRAVEL COMPANION

Journeys go faster with great company. It's just a good feeling to have someone with you along the way. Which is why your Astra* comes with OnStar¹, a personal connectivity and service assistant who's always there for you, 24/7, 365 days a year.

At the push of a button, it puts you in touch with someone to help you – could be help to find or unlock your car or immediate help in an emergency – whatever happens, it's there.

Oh yes, and how could we forget it also has a super-handy 4G Wi-Fi Hotspot². Perfect for hooking up to seven devices (I want to be at that party).

Isn't this just the kind of mate you'd like on your next road trip? And we guarantee it won't complain about the music you play.

*Standard on Astra SRi, SRi VX-Line, Elite Nav and Ultimate models, optional at extra cost on all other models. **1** OnStar services require activation and an account with OnStar Europe Ltd., a GM company. All OnStar services and Wi-Fi services will cease to be available on 31 December 2020. No trial or paid subscriptions or services, including emergency response services, will be available after that date. Charges apply after applicable trial period. All services subject to mobile network coverage and availability. The OnStar subscription packages could be different from the services included in the free trial package. Check www.vauxhall.co.uk/onstar for details of availability, coverage and charges. Terms and conditions apply. Vauxhall is not responsible for the provision of OnStar or Wi-Fi services. **2** Wi-Fi Hotspot services require an account with OnStar Europe Ltd. and nominated network operator. Wi-Fi trial has a time limit and capped data allowance. Charges apply thereafter. All services subject to mobile network coverage and availability. **3** OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data

SOS

YOU'RE SAFE

With OnStar you have emergency assistance at your fingertips, available 24 hours a day, 365 days a year.

- **Automatic Crash Response^{1,3}:**

in case of a crash and an airbag deploys, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with key car information and can send them your exact location.

- **24-Hour Emergency Call Service¹:**

you or a passenger are not feeling well? Push the red SOS button and our advisors make sure to call for help right away.

- **Roadside Assistance^{1,4}:**

if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send Roadside Assistance to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.

- **Stolen Vehicle Assistance¹:**

in case your car gets stolen, report it to the police and get a crime reference number. Once the car stops and is turned off, OnStar blocks the ignition so the car can't be restarted again and provides the police with the exact vehicle location to help retrieve your car safely.

YOU'RE WELL CONNECTED

Nowadays, we're pretty used to having Wi-Fi on tap almost everywhere. So why not your car? And you can use the smartphone app to view the status of some functions, locate your car, and lock or unlock it if needs be.

- **Wi-Fi Hotspot^{1,2}:**

a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.

- **Remote Control^{1,5}:**

if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **My Vauxhall Smartphone App**.

- **Car Locator^{1,5}:**

forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlights or honk the horn to see where you've parked.

YOU'RE LOOKED AFTER

Who wouldn't want a personal assistant? At the touch of a button, you'll be connected to an assistant who's at your service – 24 hours a day, 7 days a week.

- **Hotel Booking^{1,6}:**

plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.

- **Destination Download^{1,5}:**

no more address typing! Our advisors assist you in finding an alternative route, a restaurant or a petrol station. They will remotely download the address onto your in-built navigation system, too.

- **Parking Service^{1,7}:**

never search for a car park space again! Using Parkopedia.com, OnStar can find the nearest car park to your destination. That way, before you even get there, you'll already know the availability and parking fee. With destination download⁶, OnStar can send the information direct to your sat nav, making it even easier.

How's that for personal service?
All without leaving your new Astra.

⁴ OnStar will direct a professional breakdown recovery team to your location. If your car is within the Vauxhall New Vehicle Roadside Assistance coverage period, OnStar will connect with the Vauxhall Roadside Assistance service, who will send help free of charge, subject to the Vauxhall Roadside Assistance terms and conditions. If your vehicle is outside the coverage of the Vauxhall New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. ⁵ Some elements of Smartphone App, Destination Download and Vehicle Diagnostics may not be available for all cars/trim levels. An embedded Vauxhall navigation unit and map data are requirements for the Destination Download service. Check www.vauxhall.co.uk/onstar for service limitations and charges. ⁶ An OnStar advisor can help you to book a hotel room using Booking.com, subject to the Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you to make a booking and is not responsible for the services provided by Booking.com or the applicable hotel. E-mail address and credit card required. ⁷ Only available for car parks listed in Parkopedia.com. Availability applies only to the moment of contact with OnStar.

HOW TO GET ONSTAR

OnStar is standard on Astra SRi, SRi VX-Line, Elite Nav and Ultimate models and is available as an extra cost option on all other models.

1. We will send you an e-mail so you can activate your account – then just complete your registration and set your preferences.
2. Just activate OnStar when you take delivery of your new Vauxhall Astra.
3. OnStar is ready to go!

After the 12-month free trial period¹, you can decide to order a continuation of the OnStar services. This will be subject to a fee¹.

You can purchase Wi-Fi Hotspot data packages separately from the nominated network provider by following the instructions on vauxhall.co.uk/onstar. Charges apply after the free trial period.

To ensure your privacy, you can turn OnStar off and on anytime*. Find out more at vauxhall.co.uk/onstar

*OnStar can only override the Privacy Button in an emergency or if your car is reported stolen.

¹Free trial periods start with first registration or delivery from the Vauxhall retailer, whatever comes first, independent of customer activation. All OnStar services and Wi-Fi services will cease to be available on 31 December 2020. No trial or paid subscriptions or services, including emergency response services, will be available after that date.

GET MORE FROM YOUR CAR WITH MY VAUXHALL

My Vauxhall is your one-stop shop for everything to do with your Astra. Manage your OnStar account. Organise your car's next service. Get rewards and exclusive savings for you.

- **Manage your Vauxhall** – take care of your Vauxhall online and book a service
- **Access your OnStar services** – get diagnostics reports, manage your subscription and more
- **Exclusive offers** – stay up to date on special offers, the latest news and current events
- **Retailer locator** – find your nearest Vauxhall retailer

HOW TO GET MY VAUXHALL

If you already use OnStar, you can access all the My Vauxhall services. Otherwise, simply register for My Vauxhall this way:

1. When you order your Astra, your retailer will help you pre-register for My Vauxhall.
2. We'll send you an e-mail invitation to activate your My Vauxhall account and complete your registration.
3. My Vauxhall is ready to go – use it through any web browser, or the My Vauxhall app on your mobile device, available to download from the Google Play or Apple App Store.

VX_MYVX_27574.tif

ONE CAR. SEVEN CHARACTERS.

From the entry-level Astra Design to the top-of-the range Astra Ultimate, the seven Astra trim levels give you a choice of style and technology you've never experienced in this category of car.

Each and every Astra begins with this superb list of standard equipment:

- // R4.0 IntelliLink infotainment system with colour touchscreen and digital radio
- // Bluetooth® connectivity and USB facility
- // Air conditioning
- // Cruise control with speed limiter
- // Multi-function trip computer
- // Electrically operated front and rear windows
- // LED daytime running lights
- // Six airbags

Moving through each trim level, each Astra adds its own unique features to give each model its own little something special...

*Not available with 1.4i (100PS), 1.0i Turbo (105PS) or 1.6CDTi (110PS) ecoTEC engines.

Please note: An emergency tyre inflation kit is standard on all Astra models in lieu of a spare wheel. An emergency steel spare wheel and tyre is available on all models as an extra-cost option. Fitting this spare wheel and tyre will reduce luggage capacity.

WHATEVER YOU WANT, YOU'VE GOT IT MADE.

There's only one thing more satisfying than a new car that does everything just as you always wanted – customising it with accessories until it matches your personal needs exactly – like a new car always should.

1. **1. & 6. FlexConnect® system.** A flexible system of holders that attach to the headrests of the front seats for gripping tablets, shopping bags, jackets and drinks.
2. **Roof base carrier and Thule attachments.** Ideal for carrying big boxes, camping gear and sports equipment like surfboards, skis, bikes and kites.
3. **Reversible hard cargo tray.** A tough, anti-slip tray that's rubberised one side and carpeted the other. Perfect for protecting your loads and keeping your boot clean and tidy whatever you throw in.
4. **Stainless steel sports pedal kit.** For added grip with a stylish sheen.
5. **Branded Vauxhall illuminated sill plates.** Protect the sill paint, and give your admirers a tempting glimpse of the premium interior.
