

THE NEW VAUXHALL

ASTRA

Proud Sponsor of Home Nations Football

INSPIRED DESIGN. MADE FOR BRITAIN.

The new Astra is a bold reboot of our iconic, British built hatchback. It's a fusion of advanced engineering and muscular design that properly realises the solid feel of its premium class – complete with a brand new range of lightweight, ultra-efficient engines.

In style, ingenuity and performance, the new Astra effortlessly combines exciting features and innovation with fluid handling and precision driving that's seriously addictive. Time to rediscover a masterpiece of smart British manufacturing, redefined.

To discover more about the new Astra just click [**here**](#).

Or, to see why the new Astra makes such good business sense for Company Car Driver's and Fleets, just click [**here**](#).

The vehicles illustrated in this brochure may not necessarily represent the correct final UK specification and not all the features or options described are available on every model.

LOOK SHARP.

With its sleek lines, athletic sculpting and the uplifting curve of its unique floating roof design, the new Astra's shape shows off a new edge.

From every angle, the Astra has true presence. Every design element highlights a solid, sporty and energetic personality – the qualities of a seriously absorbing character.

QUALITY SURROUNDINGS.

Interior trims in the new Astra range are crafted using solid, high quality materials that exceed expectations.

What's more, the new Astra launches with seven exciting trim levels, each offering features and benefits perfect for every kind of lifestyle, whether you want a car for commuting, leisure or business.

Throughout every new Astra model, you'll find first-rate design, build and options to complement a high level of standard equipment.

For more information on the features and specification just click **here** to see a copy of the new Astra Price and Specification Guide.

VX_AST_23121

*The standard 16-inch alloy wheels for Design and Tech Line models will not be available until January 2016. Therefore, until then, both models will be supplied with a 16-inch structure wheel design. An optional 17-inch alloy wheel will also be available at extra cost.
**N/A with 1.4i (100PS) engine. †Optional at extra cost on 1.4i (100PS) models.
††AGR (The Campaign for Healthier Backs) is an independent centre of excellence for ergonomics, based in Germany.

FUTURE PROOF.

INTELLIGENT AUTOMOTIVE INNOVATION.

The new Astra sets the standard for others to follow with premium class innovations that make driving easier, safer – and more exciting than ever.

1. IntelliLux LED® Matrix headlights. A class-leading innovation, this smart system adjusts your high beam automatically so that it dips around other vehicles for a wider, perfectly lit view ahead for safer night driving.

2. Driving Assistance Pack. Front camera safety system. Intelligent driver assistance from safety features like lane departure warning, traffic sign recognition, following distance indication and forward collision alert with automatic emergency braking.

3. IntelliLink infotainment. Standard on all New Astra models, you'll stay informed and entertained throughout your journey and with seamless wireless integration* with both Apple and Android mobile devices.

4. Ingenious seating. In new Astra you can relax in stress-relieving comfort with optional in-seat ventilation and massage therapy to keep you alert and refreshed on the road.

5. Advanced park assist. Parking is quicker, accurate and easier with advanced park assist, which not only finds you the perfect parking space, but then steers you precisely into the slot – hands free.

*Compatibility and certain functionalities may differ depending on the type of device and version of operating system.

INTELLILUX LED® MATRIX HEADLIGHTS. AN ILLUMINATING SOLUTION.

Throughout the new Astra range, you'll discover plenty of smart thinking that makes a positive difference to your daily drive. It's the first time this high tech option has featured in any car in this class. IntelliLux LED® Matrix headlights adjust automatically so you can drive on high beam without disturbing other drivers.

VX_AST_23124

Before. With standard halogen headlights, you switch manually between low and high beam to avoid dazzling drivers in oncoming cars.

VX_AST_23123

After. With IntelliLux LED® Matrix headlights, your high beam automatically dips around other vehicles so you enjoy a wider, perfectly lit field of view.

VX_AST_23127

How IntelliLux® works:

- IntelliLux LED® Matrix headlights are made up of 16 separate LED elements.
- Each LED reacts to the presence and location of other vehicles to automatically adjust the profile of the beam. This ensures that your high beam is glare-free all the time.
- This means that you are always using safe, optimum lighting in any situation. In particular, driving at night is safer and more relaxed.
- Furthermore, the outstanding reliability and longevity of IntelliLux LED® Matrix headlights ensures maximum use whenever you need to light your way.

ENERGISED ENGINES.

There's no need to compromise on performance with the new Astra. As well as featuring a new generation of engines that are lightweight and powerfully responsive, it introduces an advanced body shell with a significant weight-reduction compared to its predecessor.

They work together to deliver exceptional fuel economy and lower CO₂ levels, making the new Astra perfect for both work and play.

Built in Britain and designed for the challenges of UK roads, the new Astra is engineered for a powerfully smooth, sure and satisfying ride.

To see why the new Astra makes such good business sense for Company Car Driver's and Fleets, just click [here](#).

#Official Government Test Environmental Data. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors. *Provisional data. **Correct at time of publication. †Taxation information for guidance only. Please take professional advice on your own tax position. S/S = Start Stop.

Please note standard and optional alloy wheel sizes can affect fuel consumption and CO₂ emissions, resulting in higher Vehicle Excise Duty and Benefit in Kind.

VX_AST_23118

New generation ECOTEC and Whisper Diesel technology. Powerfully responsive and economically efficient, no compromises. For more information on the complete range of New Astra engines, just click [here](#).

- Cutting-edge engineering delivers agility and performance
- Lightweight design ensures improved economy
- A range of new generation ECOTEC engines give you unrivalled efficiency

VX_AST_23119

Experience New Astra agility. Up to 200PS and a chassis to handle it.

New Astra

YOUR PERSONAL CONNECTIVITY AND SERVICE ASSISTANT.

24/7, 365 days a year, Vauxhall OnStar¹ gives you access to our unique services virtually anywhere in Europe.²

Best of all, it's free of charge on some models – including Wi-Fi Hotspot – for the first 12 months!

Driving will never be the same.

¹The OnStar Services rely on wireless communication networks and satellite positioning systems.

²Please check vauxhal.co.uk/onstar for a current list of countries covered.

³The optional Navi 900 IntelliLink infotainment system is required for this service – standard on Tech Line and SRi/Elite Nav models.

WHAT ONSTAR CAN DO FOR YOU.

Automatic Crash Response. In the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor, who will be immediately connected to your car. The advisor will assess the situation and if needed notify the emergency services and provide them with your exact GPS location.

Wi-Fi Hotspot.² Your car is online! The extra-powerful OnStar roof antenna gives you a stable and quick Internet connection and creates a Wi-Fi Hotspot for up to seven devices.

Smartphone App. At the touch of a button, remotely lock/unlock your doors, check your oil life or sound the horn and flash the lights.

Stolen Vehicle Assistance. If someone steals your car, call our OnStar advisors and give them the reference number the police gave you. The advisor will then provide the police with the location and prevent your car from being restarted so it can be recovered.

Vehicle Diagnostics. Whenever you want, you can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you wish, OnStar can also send you a monthly e-mail with this key data.

Destination Download. Searching for an alternative route, a restaurant, a petrol station or anywhere else you might need? Just press the Service Button! Our advisors will provide you with the address. They can automatically download the location to your Vauxhall's navigation system too.³

HOW CAN I GET ONSTAR?

OnStar comes as standard for a 12-month period with the new Astra SRi and Elite Trim Levels and is available as an extra-cost option on Design, Tech Line and Energy models.

To get it:

1. Request OnStar when you order your new Vauxhall Astra.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar Services. This will be subject to a fee.

To find out more information about OnStar, just click [here](#).

INTELLILINK: NOTHING BEATS GOOD CONNECTIONS.

Smartphone or tablet, Android® or iOS® – our ingenious IntelliLink infotainment system is designed to keep you in touch and entertained, connecting seamlessly.* Just plug in and go.

Both the Android® and iOS® systems let you project selected smartphone functions to the large colour touch-screen display – a great benefit for safely making calls and viewing information while you drive.

And with all the functions you need from one of two IntelliLink infotainment systems, you'll not only be well informed but equally impressed with the entertainment package.

*Compatibility and certain functionalities may differ depending on the type of device and version of operating system.

**Please note: Android Auto™ is expected to become available with the Navi 900 IntelliLink system from Spring 2016.

VX_AST_23125

The R 4.0 IntelliLink comes as standard in New Astra models:

- 7-inch colour touch screen
- Smartphone projection through Apple Car Play™ and Android Auto™
- AM/FM and digital radio
- Bluetooth®, connectivity and audio streaming
- USB and aux-in
- Photo and video playback through USB

While the Navi 900 IntelliLink system gives you a larger touch-screen, sat nav, voice control and a sleek shark-fin antenna. Standard on Tech Line, SRi Nav and Elite Nav models and optional at extra cost on Energy models:

- 8-inch colour touch screen
- Integrated satellite navigation system
- 2.5D and 3D map navigation 'birds-eye view' for depth perception
- USB, SD, Aux-in support for audio and video playback
- Smartphone projection through Apple Car Play™ and Android Auto™**
- Colour display in driver's instrument cluster integrates audio, phone and navigation
- Voice control
- Shark-fin antenna

7

REASONS TO GET EXCITED ABOUT THE NEW ASTRA.

The new Astra is now in its seventh generation, and features a total redesign inside and out, class-leading innovation throughout and a brand new series of lean, efficient engines all just waiting to be discovered. So here are seven excellent reasons why New Astra just has to be experienced.

- Designed and engineered for the UK
- Seductive sports styling and dynamic design
- Premium interior trims and features
- Powerful new engines combining excellent fuel efficiency
- Sophisticated driver assistance and safety systems
- Class-defining connectivity and infotainment
- Vauxhall OnStar

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding Ampera, all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

To book your free* test drive just log on to www.vauxhall3dtd.co.uk or call **0870 240 4848****

Fleet Customer Services

Our dedicated support services for fleet decision makers include factory demonstrators and information on whole life costs, company car taxation and finance.

For further information please call **0870 010 0651**.

E10 Fuel

E10 fuel is cleared for use in all petrol-engined Vauxhall vehicles excluding models with the 2.2 litre direct injection petrol engine (code Z22YH) used in Vectra, Signum and Zafira models. Owners of these vehicles should continue to use regular unleaded or premium unleaded petrol.

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding Ampera, all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of publication (June 2015). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity, please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. Please note accessories shown are for illustrative purposes only.
