

All-new Mokka

Unfollow the crowd

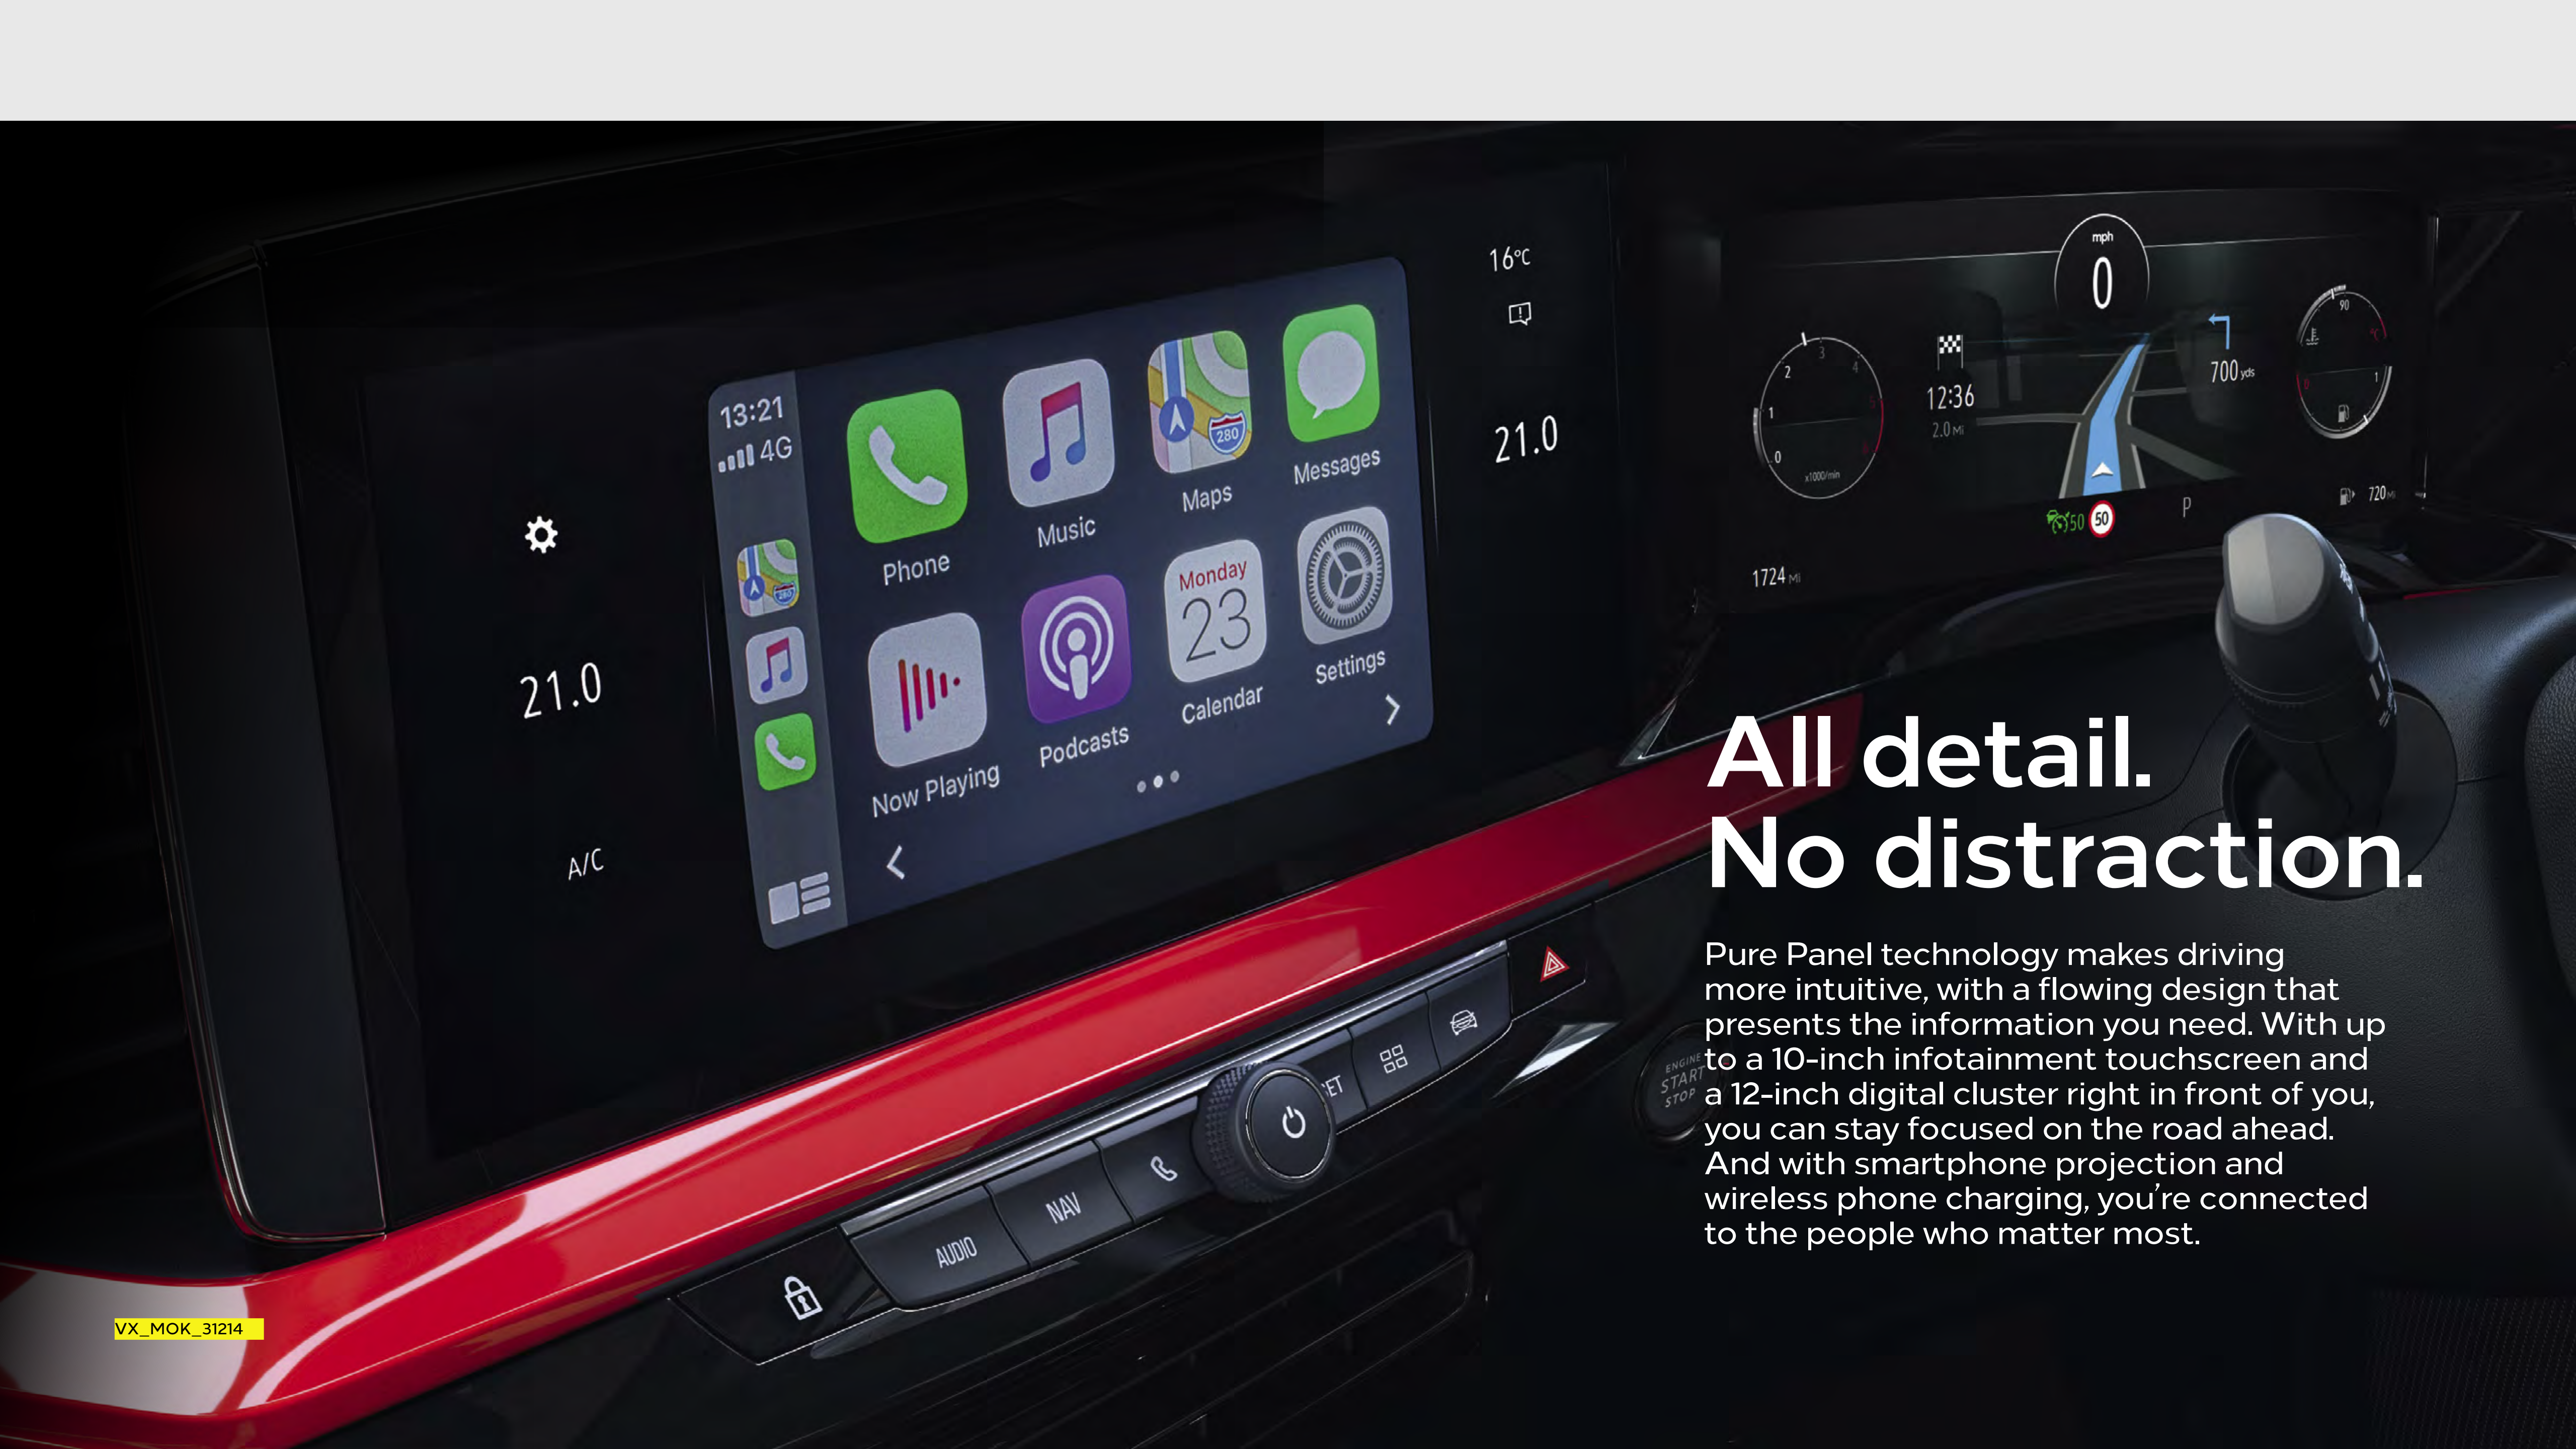

It's time to break free of convention.
To reshape your expectations.
To step up to a new kind of SUV.

This is all-new Mokka: the bold new face of Vauxhall, featuring our unmistakable Vizor grille and a stylish interior that's light on buttons and dials, yet fully loaded with tech as part of the all-new Pure Panel display. Combining a high ride and commanding view with a more engaging drive than ever before, the new Mokka is now available for the first time in both 100% electric form and with petrol or diesel engines.

The shape of things to come

With its revolutionary design, the new Mokka looks like no other compact SUV. The unique vizor front grille sweeps around the LED headlights to give a muscular, yet beautifully proportioned shape. Distinctive alloy wheels complement the dynamic profile while the new rear styling with enhanced LED tail lights ensures it looks good from any angle. And, thanks to a choice of roof and body colourways and, on SRi models, window accent colours, you can create your very own Mokka.

All detail. No distraction.

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With up to a 10-inch infotainment touchscreen and a 12-inch digital cluster right in front of you, you can stay focused on the road ahead. And with smartphone projection and wireless phone charging, you're connected to the people who matter most.

Your personal space

All-new Mokka's interior breaks the mould with a new level of style. The SRi model, for example, brings subtle red accents from the exterior through to the interior design. But it's not just about the looks, it's about the way it feels. With features available such as electronic climate control and a leather interior with heated, massage front seats there's no doubt you'll arrive feeling relaxed and refreshed.

It's got your back. And front. And side.

Glare-free LED matrix headlights aren't the only features that lead the way. The front camera system acts as a second pair of eyes to keep you safe. Adaptive cruise control frees you from the monotony of motorway driving. When you're parking, the rear-view camera takes away the guesswork, and advanced park assist even takes the wheel – steering you into tricky spaces with total precision.

A different kind of drive

The all-new Mokka gives you sharp, agile handling, with all the presence of an SUV. On auto and electric models, you can even select from three different driving modes. Choose petrol or diesel and there's exceptional efficiency and power on demand – with sound enhancement on SRi models. Go 100% electric with no compromises from a 201 mile range* and rapid charging to get you back on the road fast.

*Preliminary figure (WLTP)

Be ahead of all the curves

The Mokka isn't just a new car. It's a new way of thinking about SUVs. With a streamlined shape and dynamic drive, it's impossible to ignore. With a high-tech interior and efficient engines, including 100% electric, it rewrites the rules. And with so many models to choose from, you'll find a Mokka that's right for you.
