# Choose Your Trim Level

## Vivaro-e Dynamic

VX\_VIV\_e\_32018

First up is the Vivaro-e Dynamic, loaded with features and future-proofed technology to match.

## Vivaro-e Elite

VX\_VIV\_32762

The Vivaro-e Elite is the superbly-equipped fully-electric van, offering low running costs with style to match.

## Dynamic

VX\_VIV\_32017

Boasting superb value for money the Dynamic diesel model is an entry-level to new van ownership.

## Sportive

VX\_VIV\_32763

The Vivaro Sportive diesel offers an edge with low running costs, good looks and even more practicality.

## Elite

VX\_VIV\_32764

Our range-topping and extra impressive safety-orientated Vivaro Elite completes the range.

# Vivaro-e Range Highlights

## Dynamic

### Standard features include:

**Please note:** On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 exc. VAT (£700.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £5,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 750kg – all models.

\*Minimum Mass for standard vehicles will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

\*\*VAT reclaimable status requires a minimum 1-tonne payload for Doublecabs in accordance with HMRC guidance. Doublecabs with a payload of less than 1-tonne may be eligible for VAT reclaimable status, subject to further HMRC assessment. Customers are advised to consult their local HMRC office or visit <https://www.gov.uk/government/organisations/hm-revenue-customs> for further details in relation to VAT reclaimable status. Payload calculations should take into consideration local UK Specification and Trim Level. Ordered options may also impact payload.

†Current incomplete e-LCV are not eligible for PiVG.

**WLTP figures are based on a configured vehicle as per pack code for UK with no options fitted as at 23 November 2021.**

<sup>#</sup>The Vivaro-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

WLTP Combined CO<sub>2</sub> (g/km)/Miles Per Gallon (mpg) figures are based on a configured vehicle as per pack code for UK with no options fitted as at 23 November 2021.

S/S = Start/Stop.

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. The CO<sub>2</sub> figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

# Safety and Security

**Standard Features** – The following features are standard across the entire Vivaro range.

## Safety

### Airbags

- Driver's and front passengers' airbag
- Front passengers' airbag with deactivation switch

### Braking

- Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering
- Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance
- Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel
- Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline

### Bulkhead

- Full-height steel bulkhead without window – Standard on Panel Van
- Full-height ABS plastic bulkhead with window – Doublecab only

## Stability

- Electronic Stability Programme-plus (ESP-plus) with traction control – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability

## Security

- Electronic engine deadlock immobiliser
- Steering column lock
- Lockable fuel filler/Electric charge flap
- Anti-theft spare wheel cradle

### Remote control door locking (features depending on body type)

- Remote control door locking
- Two keys with integral remote
- Door deadlocks
- Selective door locking

### Security alarm system

- System monitors doors, tailgate, bonnet and the passenger compartment

\*Optional at extra cost excluding VAT.

Please note: Seat trim design may differ from that illustrated.

# Infotainment

## Standard Features

### Multimedia with 7-inch touchscreen (IO5)

#### Standard on Dynamic/Sportive models

##### Onboard features:

- 7-inch colour touchscreen
- AM/FM stereo radio
- DAB Digital radio
- RDS with Traffic Programme
- Four speakers

##### Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

##### Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- Smartphone interface – Apple CarPlay/Android Auto™

##### Additional feature:

- Flexible roof-mounted aerial
- Steering wheel mounted audio and phone controls

### Multimedia Navi Pro with 7-inch touchscreen (IO6)

#### Standard on Elite models and optional at extra cost on Dynamic models at £250 excluding VAT

##### Features as Multimedia, with the addition of:

- Satellite navigation system • 2D/3D street level mapping
- European coverage • Points-of-interest search
- Eco routing • Map updates via USB
- Second USB connection
- Three years subscription to TomTom Live\*
- On-line navigation services provided by TomTom®
- Vivaro-e shortcut key – Energy flow visualization
  - Energy stats visualization
  - Deferred charging options
  - Thermal pre-conditioning
  - Battery/range check
- Ten speakers

### Vauxhall Connect\*\*

#### e-Call and b-Call:

Help when you need it, 24/7, 365 days a year, that's what you get with new Vauxhall Connect. In an emergency or breakdown, you'll be put in touch with a trained advisor, with just the touch of a button.

#### Live Navigation Plus and more:

You can also access live navigation services, receive regular vehicle diagnostic info plus there's a host of remote convenience features available through the MyVauxhall app.

- **Peace of mind:** emergency call, breakdown call and regular vehicle status and information
- **Convenience:** remote functions (e.g. lock/unlock the door)
- **Our additional services for electric vehicles:** trip planning, remote settings or public charging solutions – we keep you going!
- **Smart driving:** enjoy a relaxed ride thanks to live navigation and trip management
- **Traffic alerts:** Live Navigation Plus introduces speed camera, traffic light camera and accident hotspot alerts

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries. \*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation. \*\*Services may require a subscription/fee and are subject to mobile network coverage and availability. Standard on Nav models only. Live navigation services are included for 3 years and thereafter are subject to an additional subscription fee.

# Seating and Comfort

**Steering wheel:**

- Three-spoke design
- Satin chrome-effect bezel

**Seat trim:**

- Curitiba Tritone Grey cloth insert with Carla black vinyl side bolsters

**Facia and door trim:**

- Mistral Black/Grey

**Front seating:**

- Driver's seat
  - Height - Reach - Backrest recline
  - Lumbar adjustment
  - Driver's seat armrest
  - Padded head restraint

- Dual front passengers' seat with underseat storage
  - Fixed position bench seat and backrest
  - Height-adjustable padded head restraints

**No-cost option - Elite models only:**

- Single front passenger's seat (AQR)
  - Reach - Backrest recline
  - Padded head restraint
  - Folding backrest
  - Passenger's seat armrest

**Please note:** Seat trim design may differ from that illustrated.

**Steering wheel:**

- Three-spoke design

# Vivaro-e Specifications\*

## Single-speed electronic drive selector

All-electric single speed drive means there is no need for multiple gears. Instead the e-toggle enables the driver to select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

## Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Power (136PS):** with high power reserves for the highest top speed and torque. Recommended at full capacity
- **Normal (107PS):** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **ECO (80PS):** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

## Braking

### Energy recuperation

The regenerative braking system works when the van is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

### Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

Opel\_511696

Drivetrain	50kWh	75kWh
CO <sub>2</sub> emissions g/km	0	0
Maximum power kW/PS	100/136	100/136
Maximum torque Nm/lb. ft.	260/192	260/192
Acceleration 0-62mph (sec)	13.1	14.3
Maximum speed mph	81	81
Transmission	Automatic electric drive with fixed gear ratio	
Service interval	Every 25,000 miles or 2 years (whichever comes sooner). Initial inspection at 12,500 miles or 1 year (whichever comes sooner)	

The Vivaro-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

\*Provisional data.

# Vivaro-e Specifications\*

## Charging

Vivaro-e comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Vivaro-e models or with optional Navi Pro). For WLTP definitions see Glossary of Terms.

Charging			
Supply	Socket	Charge Time (0-100%)	
		50kWh battery	75kWh battery
AC current – Domestic 3 pin socket (2.3kW)	Type 2	21h 45m	32h 40m
AC current – Home wallbox or public charger (7kW)	Type 2	7h 30m	11h 20m
AC current – Public charger (11kW)**	Type 2	5h	7h
DC current – Rapid charger (100kW)	CCS	30m (0-80%)	45m (0-80%)

Battery	50kWh	75kWh
AC on-board charger speed (standard)	7.4kW	7.4kW
WLTP Range (Combined)	143 miles	205 miles
WLTP Range (City)	194-196 miles	246-267 miles
Energy consumption (Combined low/high)	25.8-26.0kWh/100km	26.8-28.4kWh/100km
Battery warranty	8 years/100,000 miles/70% capacity	

The Vivaro-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. # Specifications

## Transmission

### Six-speed manual gearbox:

- Front-wheel drive
- Transverse engine/gearbox

### Eight-speed automatic transmission:

- Front-wheel drive
- Transverse engine/gearbox

### By simply twisting the dial, the following modes can be selected:

- Park, for when the vehicle is stationary and the wheels are locked
- Drive, for automatic forward motion
- Neutral, for when the vehicle is stationary, wheels are free
- Reverse, for automatic backward motion

### For an extra experience of dynamism, the shift paddles for automatic transmissions are located behind the steering wheel, offering drivers an extra level of control that is highly ergonomic and intuitive. The shift paddles function in the following way:

- To go up a gear, the driver must pull the right lever towards themselves
- To go down a gear, the driver must pull the left lever towards themselves – Please note: only consecutive gear changes are possible

## Steering

- Hydraulic power-assisted rack and pinion system
- Energy absorbing steering column
- Turning circle (kerb-to-kerb): 12.4m (40.7ft.)

## Brakes

Front ventilated disc brakes: 304mm x 28mm  
Rear disc brakes: 290mm x 12mm

## Fuel tank capacity

- 70 litres (15.4 gallons)

## AdBlue® tank capacity

- 22.5 litres (4.95 gallons)

## Start/Stop technology

Vivaro Start/Stop system, fitted as standard to all models offers real benefits by improving fuel economy and reducing CO<sub>2</sub> emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal. System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode
- Self-cleaning function of the diesel particulate filter is not active

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted.

Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

# Dimensions and Capacities

All measurements in mm (inches) unless stated otherwise. Heights shown unladen.

Loadspace Dimensions	L1	L2
Maximum length at load floor – Panel Van*	2512 (98.9)	2862 (112.7)
Mid-height load length – Panel Van	2185 (86.0)	2535 (99.8)
Maximum length with load-through facility maximum length to front footwell – Panel Van	3674 (144.6)	4024 (158.4)
Maximum length at load floor – Doublecab	–	2365 (93.1)
Mid-height load length behind rear seats – Doublecab	–	1700 (66.9)
Maximum width	1636 (64.4)	1636 (64.4)
Width between wheel arches	1258 (49.5)	1258 (49.5)
Maximum height	1397 (55.0)	1397 (55.0)
Loadspace Access		
Side door aperture height	1241 (48.8)	1241 (48.8)
Side door aperture width	935 (36.8)	935 (36.8)
Rear door aperture height	1220 (48.0)	1220 (48.0)
Rear door aperture width	1282 (50.5)	1282 (50.5)
Loading height – Maximum	613 (24.1)	633 (24.9)
Loading height – Minimum	544 (21.4)	600 (23.6)
Loadspace Volumes cu.m (cu.ft.)		
Panel Van	5.3 (187.2)	6.1 (215.4)
Panel Van with load-through facility	5.8 (204.8)	6.6 (233.1)
Doublecab	–	4.0 (141.3)

\*Maximum load floor length along centre can be impacted by rear door locking mechanism – approximately 50mm.

Vivaro-e is the same dimensions as Vivaro with following differences only:

- Ground clearance + 20 mm versus diesel models
- Loading sill height @ kerbweight is similar to diesel models
- Loading sill height @ GVW + 20 mm versus diesel models

# Free2Move Connect Fleet

Free2Move Connect Fleet is an online fleet management platform. With real-time data provided by on-board vehicle telematics, you have access to this business solution for optimised monitoring of your fleet.

Vauxhall Connect, our vehicle telematics system, is already fitted to many new Vauxhall Light Commercial Vehicles as standard specification. If not standard on the vehicle of your choice, it can usually be ordered as a factory option, or fitted as an accessory box to your existing fleet. It's simply activated over-the-air when you subscribe to Free2Move Connect Fleet.

## Control the performance of your Fleet in real-time

Free2Move Connect Fleet offers many benefits and can be used in different ways depending on your own business needs. In particular, it enables you to:

- Control operating costs by tracking mileage and fuel consumption
- Optimise the activity of your field teams and optimise vehicle call-outs using geolocation
- Simplify maintenance planning for your vehicles with automated tracking of service and maintenance alerts
- Reduce risk through monitoring employees driving behaviour, with safety and eco-driving data and personalised advice
- Improve transparency of time-led billing by proving how long your vehicle was on a site
- Set custom reporting to suit your needs

## Three-level connectivity service

### Pack 1 – Fleet Management

- Tracking journey times and mileage
- Mechanical alerts and remote diagnostic information in real-time
- Accurate assessment of fuel consumption and costs
- Automated monitoring of maintenance and service cycles

### Pack 2 – Eco driving

- Driving behaviour analysis (acceleration, hard braking, etc)
- Customised eco-driving advice for the driver

### Pack 3 – Geolocation

- Real-time GPS tracking of all vehicles in the fleet
- Time-stamped tracking of the routes taken and analysis of downtime
- Reduction in non-essential use with a set of configurable area entry/exit alerts

Please note all above are 12-month contracts.

## EV battery management

Monitor critical battery status in real-time to upload important charging and maintenance protocols.

- Pre-condition battery via smartphone app
- Real-time range data
- Improved fleet rotation to boost productivity and promote longer battery lifespan
- Visibility of battery re-generation, battery discharge, temperature, voltage and amperage to provide real-time alerts and warnings before battery damage occurs

Vauxhall Connect is standard on the following vehicles: Combo-e, Vivaro-e and New Movano Diesels and is optional at extra-cost on all other Combo and Vivaro Diesel models. Please note, Vauxhall Connect is not available on Movano-e.

For more information, please contact your local Fleet Sales Manager [here](#) or visit the Free2move website [here](#)

# Accessories

Safety	Total (exc. VAT)
Safety kit (first aid kit, hi-vis vest and warning triangle)	£13
Warning triangle	£8
First aid kit	£13
Hi-vis safety vest	
– Adult	£4
– Child 3-6 years (42cm)	£3
– Child 7-12 years (52cm)	£3
Emergency seat belt cutter and hammer	£16
Philips ADR620 dash cam	£91
Front parking sensors	£325
Rear parking sensors	£339
Front foglight kit	£460
Alarm system <sup>1</sup>	£381
Anti-lift module for alarm system	£120
VHF volumetric sensor for alarm system	£139
Fire extinguisher with strap	
– 1kg	£19
– 2kg	£27
Comfort	
Fragrance diffuser	£20
Fragrance cartridge	£15
Front wind deflectors	£69
Cup holder organisers	£7-8
Smokers pack	£44
USB Charger – 2 front and 2 rear ports	£23
Practical	
All weather rubber front floor mat	£71
Seat covers	
– Driver seat and single passenger seat	£146
Splash guards (set of 2) – Front	£53
Splash guards (set of 2) – Rear <sup>2</sup>	£56
Rear bumper protector <sup>2</sup>	£31

Interior protection	Total (exc. VAT)
Wooden floor protection – 2 sliding doors	
– L1	£288
– L2	£299
– L3	£322
Wooden interior side protection – 2 sliding doors	
– L1	£324
– L2	£369
– L3	£382
Wooden wheel arch protection	
– L1/L2/L3	£86
Premium wooden floor protection	
– 2 sliding doors	
– L1	£304
– L2	£333
– L3	£371
Premium wooden interior side protection	
– 2 sliding doors	
– L1	£376
– L2	£388
– L3	£452
Premium wooden wheel arch protection	
– L1/L2/L3	£98
Polypro floor protection – 2 sliding doors	
– L1	£362
– L2	£391
– L3	£429
Polypro Interior side protection – 2 sliding doors	
– L1	£376
– L2	£388
– L3	£452
Polypro wheel arch protection	
– L1/L2/L3	£98

Transport solutions	Total (exc. VAT)
Aluminium roof bar single (2 or 3 needed)	£125
Steel roof rack	
– L1	£1,078
– L2	£1,160
– L3	£1,244
Aluminium roof rack	
– L1	£1,522
– L2	£1,693
– L3	£1,792
Rear door aluminium ladder	£271
Roof carriers	
Thule ladder tilt 311	£511
Thule ladder holder 330	£119
Thule ladder roller 335	£55
Thule front load stop system (side profiles)	£130
Thule front load stop system 321 (front)	£83
Thule ratchet tie down strap	£14
Thule fold down load stop 315	£52
Thule square bar adapter	£18
Towing	
Tow bar with removable tow ball <sup>3</sup>	£392
Tow bar with removable swan's neck tow ball <sup>3</sup>	£276
Tow bar without tow ball <sup>3</sup>	£276

Style	Total (exc. VAT)
5 speed gear lever knob	
– Black chrome/black leather	£63
– Chrome/black leather	£63
6 speed gear lever knob	
– Satin chrome	£58
Electric	
Mode 2 emergency charging cable (Type G – UK domestic plug)	£487
Mode 3 charging cable	
– 7.4kW	£276
– 11kW	£309
– 22kW	£365
Cable bag	£41
Mode 2 universal charger UK kit (22kW)	£1,296
Accessories for universal charger	
– Wall bracket	£88
– Bag	£54
– Safety lock	£17
– Adapter type 2	£265
– Adapter type 3c	£298
– Adapter (various)	£100

**Please note:** Prices shown are fully fitted and painted, where applicable and exclude VAT. Please check with your local Vauxhall Retailer for details. It is advisable to ensure your insurance policy is adequate to cover additional fitted accessories. Prices correct at time of publication.

<sup>1</sup>Additional parts may be required for fitting alarm system dependent on model. Please consult your local Vauxhall Retailer for details. <sup>2</sup>Excludes L1. <sup>3</sup>Additional fixing kit required for Platform Cab vehicles.

# Glossary of Terms

## **Plated weight**

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

## **Minimum Mass**

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

## **Gross Vehicle Weight (GVW)**

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

## **Gross Combination Weight (GCW)**

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

## **Payload**

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

## **Roof loads**

- Vivaro roof load should not exceed 170kg including the weight of the roof rack/carrier

## **Maximum towing weight**

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

**Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.**

## **Conversions**

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders, and converters: [converters-and-groupe-psa.com](https://converters-and-groupe-psa.com)

This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (eK9/K9); Vivaro (eKO/KO); Movano (eX250/X250).

- Conversion Guidelines
- 2D Drawings
- 3D CAD
- WLTP Range/Emission Calculator
- Technical Questions
- Conversion Approval including LONO

Any converter of Vauxhall product should create an account on this portal including those using IVA as approval process. In fact WLTP will make this necessary.

# Glossary of Terms

## **Commercial Vehicle Categories**

### **Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)**

**Category M:** Passenger carriers

**Category M1:** Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

**Category M2:** Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

**Category N:** Goods vehicles

**Category N1:** Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

**Category N2:** Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

**Specific differences, all M2/N2 require the following:**

**Speed limiter:** All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

**Driver licence:** Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

**Driver CPC:** Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

**Tachograph:** It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

**Operator's Licence:** This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

**MOT Testing:** M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

### **WLTP (Worldwide harmonized Light-duty vehicles Test Procedure)**

The test consists of four cycles:

- Low – City centre driving (maximum speed 35mph)
- Medium – Suburban driving (maximum speed 50mph)
- High – Rural driving (maximum speed 60mph)
- Extra-High – Motorway driving (Maximum speed 81mph)

Combined range consists of all four cycles and City range is the first two cycles only (Low and Medium).

# Further Information

## Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty\* and the DVLA new vehicle first registration fee of £55.00.\*

**Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.**

\*Correct at time of publication.

## Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

**Please note:** Price protection does not apply to electric/hybrid models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

## In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit [vauxhall.co.uk/AccidentManagement](https://vauxhall.co.uk/AccidentManagement)

## Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance.

## Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment\*\* that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 100,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

\*\*Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

## Vauxhall Assistance

Vauxhall Assistance is provided Automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

<sup>†</sup>Mobile phone users will be charged at their standard tariff.

## Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

## Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see [vauxhall.co.uk/recycling](https://vauxhall.co.uk/recycling)

## Van Business Centres

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

## Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

## We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

## We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

## We are never beaten on price

- We will match any written like for like service/repair quote from a local<sup>††</sup> competitor using genuine repair methods and parts

## We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

## We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

<sup>††</sup>A radius of five miles/20 minutes from your Vauxhall Retailer.
