ADAM ROCKS & ROCKS AIR.

STYLE ON A WHOLE NEW LEVEL.

Taking the uniqueness of ADAM to a new dimension, ADAM ROCKS is set to start a trend in the city. With a higher ride and a rugged urban twist on your style, and a full length canvas roof on the ROCKS AIR, there are now even more ways to express yourself.

Ask your retailer for a copy of the separate ADAM ROCKS brochure or simply visit www.vauxhall.co.uk

DRIVE BOLD.

Choice is everything with ADAM, and that doesn't stop with the engines. Whatever your taste, and whatever size your pocket, there's an engine for you.

START ME UP. A great place to begin is the economical 1.2i 70PS engine. Or move up to a sportier option with either 87PS or 100PS from a punchy 1.4i.

WANT MORE? If you want even more oomf, the new three-cylinder, super-efficient 1.0i Direct Injection Turbo should tick all your boxes. At 115PS it has all the power and character of a much bigger engine, yet it's small on fuel consumption with a combined figure up to 57.6mpg, which is pretty thrifty.

PERFORMANCE/FUEL ECONOMY/CO₂/VEHICLE EXCISE DUTY

Engines	Performance*	
	Max. speed (mph)	Acc. 0-62mph (secs)

WANT IT ALL? Exclusive to the ADAM S is the new 1.4 Turbo engine, the most powerful ADAM engine at 150PS, delivering an impressive 220Nm of torque with a six-speed gearbox. An engine with real attitude.

SAVE YOUR ENERGY. Most engines come with Start/Stop technology, too. This clever system saves fuel by switching the engine off when you stop in traffic, then starting it back up soon as you put your foot down. All totally smooth and automatic – while saving you money.

TAKE IT EASY. If you fancy a more leisurely life, choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. In manual, you simply push the gear lever forward or back to shift gears up or down – there's no clutch to bother with. And, by nudging the lever to the side you can switch to fully automatic mode and let Easytronic do all the work. Easy life. If you're a creature of the city you'll also love City Mode, a smart feature that lightens the steering to make parking a doddle. And, if a tricky situation arises, the ever-present ESP is there to reduce the possibility of losing control. And you're cool.

ICING ON THE CAKE. And, as if all this stress reduction wasn't enough, you'll also find yourself free of road tax for the first year too*. So you can just enjoy your new ADAM. Cheers!

*Apart from the ADAM S 1.4 Turbo.

A DIFFERENT KIND OF DIFFERENT.

Ever driven a car where the night sky was on the inside of the roof? Or a chess board? Now's your chance! Believe it or not, ADAM lets you pick the décor over your head with what we call a printed or illuminated headliner.* You can redesign the dashboard too, with a choice of 21 different colours and textures for the fascia panel décor inserts, some of which extend to the door panel inserts too. Just ask your retailer or log on to the ADAM configurator at www.vauxhall-adam.co.uk for details of all the standard and optional* combinations on offer.

HEADLINERS

- A. Stars – illuminated
- B. Go – printed
- C. Go Blue – printed

LIGHT PACK

The Interior Light Pack* lets you experiment with the ambient lighting in your car. You can switch between eight different colours and, of course, when the colour of the cabin lighting changes so does the effect it has on the trim. For a better idea of how it works, make a date with your local Vauxhall retailer and see how customised car design has come of age with options where you didn't even know options could be.

STYLISTS WANTED.

21 dashboard colours and 23 seat trims sound like a lot but a little ADAM magic actually gives you six times that number. How? By adding Interior Leather Packs* that change the colour of the steering wheel, handbrake and gear knob. You can also opt for floor mats to match or a range of rear-view mirror covers in graphic or coloured styles*.

*Optional at extra cost.

VX_ADAM_22573

ADAM GLAM model illustrated features Cocoa Bristol cloth/Morrocana, Cocoa Interior Leather Pack, IntelliLink infotainment system, sports pedals, Winter Pack, Sight and Light Pack, black velour floor mats and brilliant paint, all optional at extra cost. THE ONLY WAY IS UP.

The hill start assist feature automatically stops your ADAM from rolling back as you set off on a steep hill or slope. So you don't have to worry about pulling away safely. This clever little safety feature is standard on all ADAM models.

EYE CANDY.

The optional Sight and Light Pack covers three clever features that take the strain off your eyes and a load off your mind: The electro-chromatic rear-view mirror, automatic lighting control and the rain sensor. The electro-chromatic mirror cuts down the glare from cars behind you at night by automatically adjusting the amount of light it reflects. The automatic lighting control turns your headlights on automatically in low light situations and off when light levels improve and the rain sensor detects rain and turns on your windscreen wipers automatically – so you don't have to!

VX_ADAM_19834

VX_ADAM_19393

WE'RE ON YOUR SIDE.

Advanced park assist comes with another clever safety option – Side blind spot detection. It's basically an intelligent door mirror that flashes a clear warning should another car potentially be in a blind spot. Side blind spot detection works up to 87mph (where permitted).

VX_ADAM_19797

VX_ADAM_19311

VX_ADAM_19193

INNER SPACE.

When it comes to the question of storage, ADAM has all the right answers. With clever spaces, pockets and drawers to stash anything you want, keeping the inside of your car tidy and looking the way you intended.

Put frost back in its box with the ADAM Winter Pack. It heats the front seats or steering wheel or door mirrors – or all three. You control the whole system with simple switches on the dash.

LOCAL WARMING.

VX_ADAM_19835

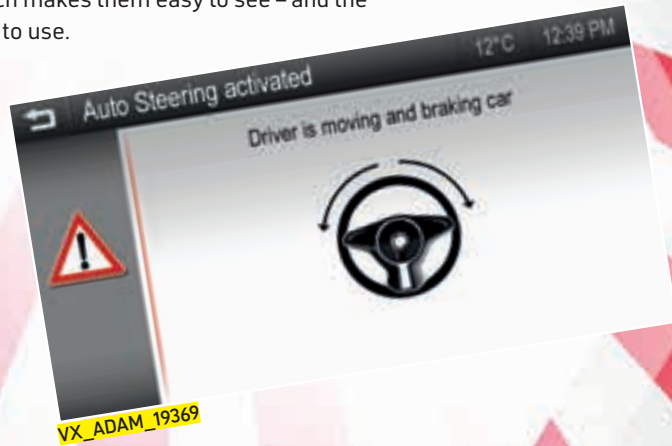

PARK & RIDE.

If you like sitting back while other people do the work, you're going to love the advanced park assist option. First of all, it lets you know when you drive by a suitable parking space. Then it manoeuvres the car into the space at exactly the right angle. You can actually take your hands off the wheel and watch your car steer itself. You do have to work the pedals and gears but the system tells you how far forwards and backwards to go. The graphics appear on a clear and simple display, which makes them easy to see – and the whole system easy to use.

VX_ADAM_22648

VX_ADAM_19369

TAKE IT DOWN (OR UP) A NOTCH.

Like to take life easy? Choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. Just tap the gear lever up or down to shift gears, no need for a clutch. Or switch to fully automatic mode and let Easytronic do it all. Easy, easy, easy!

PARK & PLAY.

ADAM offers a whole stack of high tech options that make driving simpler, safer and more comfortable – plus they help free up your time. Like Flex-Fix® and advanced park assist. One helps you park your bike on the back bumper, the other helps you park your car without bumping the back.

SAFE & SOUND.

You're in safe hands with ADAM. Every version comes with ABS, Electronic Stability Programme-plus (ESP-plus) and six airbags as standard. And there's the option of an alarm system should your car attract the wrong kind of attention.

OUTER SPACE.

Slide your Flex-Fix® bike carrier out of the bumper to mount your bike on the back of the car. When you're done, simply slide it back in. When it's not in use you'd never know it was there. To mount two bikes at once, add the accessory Flex-Fix® extension.

VX_ADAM_20919

ADAM GLAM illustrated features I'll be Black Roof Colour Pack, Twisted Brown Pack, Flex-Fix® and A Star is Brown brilliant paint, all optional at extra cost. Additional bike carrier extension is available as an accessory at extra cost. The Flex-Fix® option is not available in conjunction with the optional VXR Styling Pack or space-saver wheel and tyre.

*Bicycle size restrictions apply. Please contact your local Vauxhall Retailer for further information.

YOUR PERSONAL ON BOARD ASSISTANT.

Many car brands talk about innovation as soon as they improve their cup holders, but this one-of-a-kind system is revolutionary: 24/7, 365 days a year, Vauxhall OnStar puts you in touch with an individual, not a machine.

Best of all, OnStar services are free of charge on ADAM SLAM and ADAM S models* for the first 12 months!

Motoring re-imagined.

VX_ONS.23347

WHAT ONSTAR CAN DO FOR YOU¹.

SOS

AUTOMATIC CRASH RESPONSE.

We hope, this won't ever happen to you, but in the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor. The expert will be immediately connected to your car to assess the situation and, if needed, notify the emergency services, providing them with your exact GPS location.

WI-FI HOTSPOT².

Cyberspace now comes on wheels. Thanks to the extra powerful OnStar aerial, you have a stable and quick Internet connection. Your Vauxhall ADAM creates a mobile Wi-Fi Hotspot for up to seven devices.

SMARTPHONE APP.

Referring to Murphy's Law your car keys will be in the locked car at least once in a lifetime. No problem, just start the OnStar app and remotely lock/unlock your door with your smartphone. Or use the remote control to sound the horn and flash the lights. The app also checks the oil life by the touch of a button.

With Vauxhall OnStar you have access to a host of innovations, from Vehicle Diagnostics and Smartphone Function to a fully integrated Wi-Fi Hotspot. In the event of an accident, Vauxhall OnStar even automatically calls for help¹.

What's more, this unique service doesn't stop at national borders. You can access it virtually anywhere in Europe².

STOLEN VEHICLE ASSISTANCE.

"Where is my...? NO WAY!?!?" A stolen car is a nightmare – but from now on you can call our Vauxhall OnStar advisors to track and recover it together with the police.

VEHICLE DIAGNOSTICS.

Hey ADAM, how are you doing today? You can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you prefer a newsletter, Vauxhall OnStar will automatically send you a monthly e-mail with this key data.

*Optional on all other ADAM models.

¹The OnStar Services rely on wireless communication networks and satellite positioning systems.

²Some features may not be available in certain foreign countries.

Please check the comprehensive specifications and technical data available in the ADAM price/specification guide PDF for an overview of any restrictions at www.vauxhall.co.uk under 'Request a brochure'.
