

# Astra Sport Hatch and TwinTop

2011 Models Edition 2

Please see back cover for more details.

# Fall in love with driving again

Choose Astra Sport Hatch and TwinTop for great style, a truly involving chassis, efficient engines and innovative features. Discover how brilliantly they fit the way you live. And rekindle your passion for driving.

*This brochure covers Astra Sport Hatch SRi and SRi XP and Astra TwinTop Expression, Air, Sport and Design models only. Some of the models shown include options and accessories available at extra cost. Not all of the features described are available on every model. So please check in the Equipment section for further details. From time to time, we also offer alternative Astra Sport Hatch and TwinTop models such as Special Editions featured in their own separate literature or found on the Vauxhall website: [www.vauxhall.co.uk](http://www.vauxhall.co.uk)*

Technical data 39

Open your eyes.  
And your heart will follow.

Think twice.  
Then do it anyway.

# Relax and enjoy the ride.

Because your heart says  
convertible. And your  
head says coupé. Astra  
TwinTop. Fall in love  
with driving again.

# The technology to impress.

Really clever technology makes the simple things in life even easier. Sunny morning. Rainy afternoon. No need to worry. Astra TwinTop combines coupé security and refinement with all the fresh air and freedom you'd expect from one of the best looking four-seat, four-season convertibles around. And it's all thanks to an ingenious, three-piece folding steel roof.

## Remote control roof operation.

Every Astra TwinTop model features remote control for the central deadlocking and ultrasonic security alarm. But on Sport and Design models, the car key can also open and close the TwinTop roof – again by remote control. Go on, impress your friends.

▶ **Easy load.** At 205 litres, TwinTop already boasts an impressive roof-down luggage space, but its exclusive – and very smart – Easy Load function helps you load and unload your luggage more easily. When you push the button, the folded roof section rises by around 25cm, providing easier access to the load area.

▲ **Innovative roof system.** The Astra TwinTop roof is brilliantly engineered – three sections, five electric motors, eight hydraulic cylinders and 14 articulated joints. Why? Because we wanted it to look great, and maximise your luggage space too – something else we've achieved with spectacular success. This is clearly not your ordinary steel roof. It's fully automatic, for a start, with no additional clips to release or fasten. Just hold the button, then sit back and relax. Opening and closing safely and securely takes less than 30 seconds. And the system even works on the move at low speeds – up to 18mph to be precise.

◀ **Generous seating and luggage space.** Talk about having your cake and eating it. The clever folding roof design, coupled with careful shaping of the seat cushions and bolsters, gives enough legroom and shoulder space for two adult rear seat passengers. It also allows you to travel with bags of luggage. With the roof down, Astra TwinTop offers an excellent 205 litres of luggage space. And as a coupé, it boasts a luggage compartment volume of 440 litres. That's even more than the Astra five-door hatchback. And that's not all. There's additional storage space in two compartments in the side panel of the boot. And the handy rear seat load-through facility helps you make room for long items.

▶ **Windbreak.** We probably don't need to convince you of the benefits of convertible motoring, but what if we could make the experience even better? The TwinTop windbreak helps you enjoy the fresh air without unpleasant draughts. It's standard on TwinTop Design and optional on all other models except Expression.

◀ **Electronic Stability Programme-plus (ESP-plus).** Whether it's a wet roundabout or a greasy road – one day you might meet a slippery surface that catches you out. That's the day you'll be glad you had our latest ESP-plus system, which applies corrective braking to help you regain control.

▲ **Automatic transmission.** 1.8i 16v TwinTop Sport and Design models are available with a four-speed automatic transmission.

**Intelligent ABS.** Most people appreciate the benefits of our standard Anti-lock Braking System (ABS) – and four-wheel disc brakes on all models – but these Astras take things even further. Cornering Brake Control (CBC), Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA) make the cars even easier to control and stop in emergency cornering and braking conditions.

▶ **The Sport switch.** Performance to suit your mood. It's like having two cars in one, each with its own unique character and instant switching between the two. Push the button for quicker throttle response and sharper steering, plus sportier gear changes on automatic models.

**High tech petrols.** Astra Sport Hatch and TwinTop come with a choice of multi-valve petrol engines. Both are brilliantly efficient. The VVT engines – 115PS 1.6i 16v and 140PS 1.8i 16v – use Variable Valve Timing, allowing them to provide most of the maximum torque across a wide rev band. The result? Incredible flexibility through the gears, high power and low fuel consumption.

## The ability to thrill.

Every Astra is fun to drive, balancing genuine ride comfort and agility with a high level of responsibility for passenger safety. How do we do it? With careful chassis tuning and intelligent electronic control systems like ABS braking, Sport switch and ESP-plus. Astra's advanced engine technology makes a difference too, ensuring strong response with high flexibility and plenty of fuel economy.

**Interactive Driving System-plus (IDS-plus).** There was a time when computer controlled damping was future technology for most drivers. But it's available on Astra Sport Hatch SRi XP models as part of the Interactive Driving System with Continuous Damping Control. Basically, it senses changes in the vehicle dynamics and automatically adjusts the damper rates – in real time – bringing you confident cornering behaviour and sharper handling with reduced body roll.

*You'll find more information and details of availability for all the features covered on this page in the Equipment and Technical Data section starting on page 30.*

# The confidence of all-round safety and security.

Whichever model you choose, Astra Sport Hatch and TwinTop protect you in so many ways. And it's not just the obvious passive safety features like airbags, ISOFIX child seat fixings and rollover protection. Astra active safety features like Anti-lock Braking System with ESP-plus and Cornering Brake Control help prevent accidents in the first place. As you would expect, our security features also look after your belongings as carefully as our safety features look after you.

 **Keyless entry and start.** TwinTop Design models feature this clever system as standard. Simply carry the unique system key fob in your pocket or handbag and the car will automatically unlock as you operate a door or the tailgate. To start the engine, you depress the brake pedal and push the start button on the centre console and to stop the engine simply press the button again.

 **Adaptive Forward Lighting (AFL).** The optional lighting system, available on Sport Hatch and TwinTop Design models at extra cost, swivels the headlight beams up to 15 degrees for improved vision as you turn a corner. Above 65mph, it raises the dipped headlight beam slightly, also to increase safety – returning to normal beam automatically as speed is reduced.

▼ **Rear parking distance sensor.** Available on most models, this clever early warning system helps safeguard your car and pedestrians. When activated, the system beeps as you approach an obstruction, changing to a continuous tone when the object is 300mm away.

▲ ▼ **Active rollover protection system.** It's not exactly something you can leave to chance in a convertible, so it won't come as any surprise to hear that the Astra TwinTop body and chassis are specially reinforced – an additional cross-member in the floor plus high-strength steel tubes in the A-pillars are just two examples. And that's not all. TwinTop Expression, Air and TwinTop Sport models feature rigid rollover protection hoops, while Design models feature a pop-up rollover protection system (below). If the car enters an uncontrolled state that could result in it rolling over, a sensor activates two high-strength aluminium rollover hoops, located behind the two rear seats, that pop up and lock into position – all in a fraction of a second.

▼ **Six airbags.** Every Astra front seat comes with front airbags and side-impact airbags – featuring a 'Thorax-Pelvis' design to protect more of your body in the event of an impact. Sport Hatch models also come with full-size curtain airbags as standard.

**ISOFIX.** TwinTop rear seats and Sport Hatch outer rear seats are pre-fitted with rigid ISOFIX child seat fastening brackets incorporating Top Tether, virtually eliminating the dangers of incorrect child seat installation. For maximum safety, you simply click a compatible Vauxhall ISOFIX accessory child seat into the mounting points engineered in the car.

**Additional security features.** Remote control central deadlocking and an electronic engine immobiliser are standard on every Astra. So is door-to-door illumination, which keeps the dipped headlights and rear lights on for 30 seconds to light your way as you leave a garage or car park.

◀ **Satellite navigation.** You'll never get lost in traffic with optional satellite navigation, available at extra cost on Sport Hatch and TwinTop Sport and Design models. It can determine your precise location and guide you to your destination by the best and fastest route. The Traffic Message Channel (TMC) function can even change the route according to breaking traffic news.

▶ **Cruise control.** The easy-to-use, tap-up tap-down cruise control is available on most Astra models. It allows you to maintain a steady speed without keeping your foot on the throttle. So it's more comfortable on long journeys and easier to keep to speed limits too.

▼ **Big sounds.** If in-car audio is your thing, look no further. Astra Sport Hatch and TwinTop systems are available with all the latest technologies. The double-DIN fascia format makes every system easier to operate. And the CD 30 MP3 stereo radio/CD player can play MP3 tracks from CD or, by using the auxiliary-in socket, play tracks direct from your personal MP3 player. Optional systems include satellite navigation and fully integrated mobile phone technology, with both voice activation and Bluetooth® wireless connectivity.

▶ **Smart features.** Every TwinTop model features a clever overhead lighting console, just above the rear-view mirror. It houses the security alarm sensors and the roof operation switch. Choose TwinTop Design and your driver environment is packed with clever ideas, all aimed at keeping your attention on the road ahead. Activate the rain-sensitive wipers and they'll switch themselves on automatically when it rains. Automatic Lighting Control does the same for the headlights when it starts to get dark. And the electrochromatic rear-view mirror dips automatically to reduce any glare from the headlights of the car behind.

▶ **Air conditioning and Electronic Climate Control (ECC).** From chilled air on hot days to quicker demisting on damp days, air conditioning makes for a fresher interior environment all year round. Move up to ECC and you can maintain your preferred interior temperature to within a single degree.

## The relaxation that comes with total control.

Astra's light airy interior space was carefully designed to suit real people of all shapes and sizes. The more relaxed you are, the easier it is to focus on the job in hand and enjoy the drive. So we've made it easy to find the perfect seating position, your favourite audio choice – even the quickest way home.

 **Bluetooth®.** The mobile phone system\*, optional at extra cost on all Astra models, enables your phone to interface with the audio unit for full operation via the steering wheel controls and fascia display. Bluetooth® wireless connectivity with voice activation is included. Does not include phone or cradle.

*\*Please refer to the online Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.*

## The freedom to express yourself.

With Astra Sport Hatch and TwinTop, it's always been about style and choice. Astra Sport Hatch not only looks stylish, it's well-equipped too. And Astra TwinTop maintains the theme with high value features throughout an extensive range. Whichever you choose, you can be sure of great looks, a dynamic drive and an impressive specification. Because the more we get from our cars, the more we get out of life.

**SPORT HATCH SRI**

**Standard features include:**

- 16-inch alloy wheels
- Lowered sports suspension
- Sports front seats with driver's lumbar adjustment
- Leather-covered sports steering wheel
- Driver's, front passenger's and front seat side-impact airbags
- Full-size curtain airbags
- Anti-lock Braking System (ABS)
- Electronic Stability Programme-plus
- CD player with MP3 format/auxiliary-in socket/stereo radio (CD 30 MP3)
- Air conditioning
- Driver's seat height adjuster
- Remote control central deadlocking
- Dark-tinted rear glass
- Chrome-effect window side mouldings
- Multi-function trip computer
- Steering wheel mounted audio controls
- Front fog lights

## Vauxhall Accessories

Vauxhall accessories are the right choice for your Astra Sport Hatch or TwinTop. Whatever you're into, there's certain to be a Vauxhall accessory with your name on it, all fitted by trained Vauxhall professionals. We've only featured a small selection of what's available here, so please check with your Vauxhall retailer for accessory availability information or check with our website at [www.vauxhall-accessories.com](http://www.vauxhall-accessories.com)

*irmscher*

## Styling

Developed in conjunction with auto design specialists Irmischer International, Astra Sport Hatch and TwinTop styling accessories perfectly complement the vehicles' lines, as well as being manufactured to the same exacting standards as the cars themselves. For availability details, please ask your Vauxhall retailer.

▼ **Detachable tow bar.** The detachable tow bar is easily mounted and detached for convenience, with 12N, 12S or 13-pin electrics at additional cost.

▶ **Sports silencer.** For distinctive looks (with chrome-plated tailpipes) and a sportier exhaust note, these split oval design tailpipes are the perfect choice for your Astra Sport Hatch or TwinTop. The rear bumper sports insert (also shown right) is available separately for the Sport Hatch.

▲ **Mudflaps.** Specifically tailored for all Astra models, they are designed to help protect the vehicle's bodywork against mud, salt and stones whilst aiding visibility for following vehicles by reducing spray in wet weather.

◀ **Irmischer alloy wheels.** They're the perfect way to personalise your Astra Sport Hatch or TwinTop. With a huge range to choose from (style illustrated is Stila), and sizes from 16- to 19-inches, you're sure to find one to suit your style and budget. And don't forget to ask about our accessory wheel locking kits too.

### Further accessories available include:

- Child seats
- Steering wheel security bar
- Rubber mats
- Velour mats
- Electrically-chilled 12-litre cool bag
- Windbreak (TwinTop only, illustrated left)

▶ **Cross hatch grille.** Being different is easy with the cross hatch front grille from Irmischer. Featuring an aluminium upper strip with a laser-etched 'Irmischer' logo it adds style and individuality.

▶ **Royal Blue** – solid

TwinTop – Expression, Air, Sport, Design

### Satellite navigation

The CD 70 satellite navigation system uses the international network of GPS (Global Positioning System) satellites, linked to a comprehensive CD-ROM mapping system, to determine your precise location and guide you to your chosen destination virtually anywhere in mainland Britain.

Vauxhall's satellite navigation systems have been widely acclaimed for their ease of use and high level of information. There are three screen styles – pictographic, split-screen pictographic/map and map only. The split-screen facility displays the route as a map, while directional arrows give immediate information about road junctions. The display also allows you to vary the map scale – close-up for town driving or a wider scale for long distances, if required.

The CD 70 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered to the driver either visually or verbally. TMC can also offer dynamic route guidance – alerting the driver to a problem on the planned route and calculating an alternative route to avoid the incident.

### CD 70 standard features

- Split-screen facility displaying directional symbols and route on map
- Audio/voice direction guidance prompt
- Automatic re-routing on request
- CD-ROMs available for all major European countries
- Option of destination entry via partial postcode
- Display of estimated time remaining and distance to destination
- Points of interest, including attractions, petrol stations, airports, hotels, restaurants, etc
- Store up to 100 personal destinations
- Last 10 destinations stored automatically
- Traffic Message Channel (TMC)

### MP3 CD player

An MP3 is a compressed sound or music file and, due to its small size, it takes up less space on a compact disc, which means that more tracks can be recorded onto a CD. It's possible to fit almost 10 hours of music onto one CD, and, in a way, turns a single-disc CD/MP3 player into a multi-disc autochanger.

### Mobile phone system with Bluetooth®

Vauxhall's optional factory-fit dual-band mobile phone system has been considerably enhanced. Now fully integrated into the audio and communication system, it also features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the graphic information display when a mobile phone is in use, while the menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

The mobile phone system can be further enhanced by fitting a phone-specific cradle, available as a Vauxhall Accessory. The cradle offers a secure location for your phone, while simultaneously charging the phone's battery and connecting its antenna to the car's external aerial. A list of compatible cradles is featured in the online Vauxhall Car and Accessory Price Guide.

### Auxiliary-in socket

The auxiliary-in socket allows you to connect your portable MP3 music player directly into the car's audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car's speaker system.

When using an MP3 player in the car the majority of the controls, such as track selection, remain solely on the player, while only the volume is controlled via the car's regular audio controls.

**NB:** Auxiliary-in socket is not available in conjunction with CDC 40 audio units.

*Mobile phone system with Bluetooth®.*

## Petrol engines

	1.6i 16v VVT ECOTEC-4	1.8i 16v VVT ECOTEC-4
Capacity	1598cc	1796cc
Maximum power	115PS (85kW) @ 6000rpm	140PS (103kW) @ 6300rpm
Maximum torque	155Nm (114 lb.ft.) @ 4000rpm	175Nm (129 lb.ft.)* @ 3800rpm
Configuration	4 cylinders, 4 valves per cylinder, double overhead camshafts	
Fuel/induction system	Naturally aspirated. Variable Valve Timing (VVT). Multi-point sequential fuel injection.	
Emission compliance	Euro 5	
Service interval	20,000 miles or 1 year (whichever occurs sooner)	
<b>Benefit in kind company car taxation rates – 2010/11 tax year</b>		
Sport Hatch manual models	18%	20%
TwinTop manual models	19%	21%
TwinTop automatic models	–	23%

\* = Please note, 1.8i 16v VVT models fitted with optional automatic transmission develop 170Nm (125 lb.ft) of torque.

## Performance, fuel economy and emissions

	Wheel size (inches)	Performance (manufacturer's figures)			Fuel economy mpg (litres/100km)			CO <sub>2</sub> emissions g/km
		Maximum speed (mph)	Acceleration (sec) 0-60mph	30-50mph (4th gear)	Urban driving	Extra-urban driving	Combined figure	
<b>Sport Hatch manual</b>								
1.6i 16v VVT	16	120	10.8	8.3	33.6 (8.4)	56.5 (5.0)	45.6 (6.2)	146
1.8i 16v VVT	18	130	9.4	6.7	30.7 (9.2)	53.3 (5.3)	41.5 (6.8)	159
<b>TwinTop manual</b>								
1.6i 16v VVT	16/17	119	12.4	9.8	32.1 (8.8)	54.3 (5.2)	42.8 (6.6)	154
1.8i 16v VVT	16/17/18	130	10.7	8.0	29.7 (9.5)	51.4 (5.5)	40.4 (7.0)	164
<b>TwinTop automatic</b>								
1.8i 16v VVT automatic	16/17/18	117	11.9	–	28.0 (10.1)	47.9 (5.9)	38.2 (7.4)	174

Fuel consumption and CO<sub>2</sub> emission data complies with the relevant EU regulations. **Important:** the results given relate to the particular vehicle tested; inevitably there are differences between individual vehicles of the same model. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption.

Vauxhall supporting

## Smarter driving tips

- **Drive at an appropriate speed:** – Staying within the speed limit increases driver safety, reduces CO<sub>2</sub> emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- **Drive smoothly at all times:** – Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking
- **Reduce your revs:** – Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel
- **Idling is wasting fuel:** – If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- **Regularly check your tyre pressures:** – Under inflated tyres increase CO<sub>2</sub> emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres
- **Remove unnecessary items from the car:** – Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO<sub>2</sub> emissions

### 4-/5-speed

Manual and automatic transmission available

MacPherson strut front suspension.

## Optional transmissions

### Four-speed automatic transmission:

Available at extra cost on 1.8i 16v VVT Twin Top models. Vauxhall's four-speed automatic transmission features an electronically controlled adaptive driving programme, which tailors its gear changes to match your driving conditions. It also features a winter mode, which selects a higher than normal gear, to reduce the possibility of wheelspin in icy conditions.

## Steering

- Electro-hydraulic power-assisted steering
- Turning circle (kerb-to-kerb):  
Sport Hatch – 10.84m (35.6ft)  
Twin Top – 10.75m (35.3ft)

## Body

- Aerodynamic drag co-efficients:  
Sport Hatch – Cd 0.32  
Twin Top – Cd 0.31

## Suspension

**Front:** Independent. Lightweight MacPherson struts with gas-pressure dampers and coil springs. Anti-roll bar.

**Rear:** Lightweight torsion beam rear axle with one-piece, hollow cast trailing arms. Built-in anti-roll bar. Progressive-rate double conical mini-block springs and gas-pressure dampers.

- All Sport Hatch models feature springs and dampers with lower ride height
- Sport Hatch – Interactive Driving System with Continuous Damping Control, optional at extra cost

## Brakes

- Anti-lock Braking System (ABS)
- Dual circuit, diagonally split braking system

### 1.6i 16v VVT

Front ventilated discs: 280mm diameter

Rear discs: 264mm diameter

### 1.8i 16v VVT

Front ventilated discs: 280mm diameter

Rear discs: 264mm diameter

## Fuel tank capacity

All models – 52 litres (11.4 gallons).

## Vauxhall Assistance and warranties

See back cover for details of our comprehensive warranties.

## Weights and towing data kg

	Gross vehicle weight	Max. towing weights Trailer with brakes (without brakes)
<b>Sport Hatch</b>		
1.6i 16v VVT	1745	1200 (635)
1.8i 16v VVT	1760	1300 (630)
<b>Twin Top</b>		
1.6i 16v VVT	1865	1050 (745)
1.8i 16v VVT	1870	1200 (750)
1.8i 16v VVT automatic	1895	1200 (750)

**Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 75kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3 at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

#### TwinTop Easy Load boot access system

The Easy Load function assists the loading and unloading of the boot when the roof is lowered. Pressing the button, located on the load sill, raises the folded roof by 25cm and allows easy access to the boot.

When finished, simply press the button again and the roof panels are lowered back into position.

## Luggage capacities\* litres (cu. ft.)

Roof up	-	440 (15.5)
Roof down	-	205 (7.2)

\* = Measured using the ECIE method.

# Trust Vauxhall

## Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards, won both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, see [www.vauxhall.co.uk/recycling](http://www.vauxhall.co.uk/recycling)

## Fleet Customer Services

Our dedicated support services for fleet managers includes factory demonstrators, a three-day test drive programme and information on whole life costs, company car taxation and finance. For further information please call **0870 010 0651**.

When you have finished with this brochure please recycle it

## Buying your car

GMAC offers one of the most comprehensive and competitive ranges of financing plans in the UK. Contact your local Vauxhall retailer for details or call the GMAC customer service centre on **0845 712 3444**.

## Servicing and maintenance

The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at one of around 400 Vauxhall retailers. To find your nearest retailer call **0845 600 1500**.

## In the event of an accident...

Vauxhall Accident Support helps keep you mobile following an accident. Benefits include scene-of-accident advice, message service, assistance with claims and vehicle recovery. For further details call **0800 010 304**.

## Vauxhall Insurance

Available for new and used Vauxhalls, a Vauxhall Insurance policy offers a unique package designed specifically for Vauxhall drivers. For a highly competitive quotation, call **0844 84 85 840** (Great Britain) or **0845 35 13 410** (N. Ireland). Or just visit our website at [www.vauxhall.co.uk](http://www.vauxhall.co.uk)

## For more information...

For a brochure on any Vauxhall model (up to a maximum of three per caller) or location of your nearest Vauxhall retailer please **Lo-call 0845 600 1500**.

Alternatively, details can be found on our website at [www.vauxhall.co.uk](http://www.vauxhall.co.uk)

## Vauxhall Lifetime Warranty

We're so confident in Vauxhall quality and reliability

that we are now able to offer a warranty that could last a lifetime. Available to the first owner of all new Vauxhall passenger cars, it's valid for the lifetime of the vehicle up to a maximum of 100,000 miles\*. In addition our warranty also includes Vauxhall Assistance for 12 months from first registration and six years body panel anti-perforation warranty. Full details of Vauxhall's warranties including terms, conditions and exclusions can be obtained through any authorised Vauxhall Retailer or go to [www.vauxhall.co.uk/warranty](http://www.vauxhall.co.uk/warranty)

\*Vauxhall Lifetime Warranty covers lifetime ownership of first car owner, 100,000 mile limit, annual check required. The warranty excludes wear and tear and serviceable items and the vehicle must be serviced in accordance with the manufacturer's servicing schedule to continue the lifetime warranty. Terms and conditions apply. Offer available to all Vauxhall passenger cars (this offer does not apply to car-derived vans) from 1st August 2010.

Every effort has been made to ensure that the contents of this brochure were accurate and up-to-date at the time of publication (January 2011). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity, please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation.
