New Insignia Preview

A bold new identity for a bold new car – and never has the launch of a brand new model name been more fitting. With its groundbreaking style and advanced technology, new Insignia takes Vauxhall's design language to a whole new dimension.

Right from the start, Insignia's striking, dynamic design leads by example. Available from launch in hatchback and saloon guise, the car's powerful silhouette – with its aerodynamic, coupé-like roofline – commands attention. The body's sculpted shape is accented by the sweeping front and rear lights. And the whole effect is set-off by the bold new grille and new-style Vauxhall badging. Together, they convey true dynamism and a real sense of quality.

More detailed inspection reveals the advanced technology that really makes this car tick. New Insignia can provide the perfect headlight pattern for every situation – enhancing safety and driving pleasure. The new 'Adaptive 4X4' system's proactive, instantaneous torque distribution not only ensures optimal traction but also enhances dynamic handling performance.

Engine efficiency is a given. Insignia launches with three petrol engines – from 140PS to a 260PS V6, and two new 2.0-litre direct-injection diesels – 130PS and 160PS. All Euro 5 compliant and all with six-speed transmissions – manual and auto.

The car has its world premiere at the British International Motor Show on July 22nd. To receive exclusive updates on new Insignia and be one of the first for a test drive – register your details at www.newinsignia.com
