Note: Kerbweights are minimum vehicle kerbweight according to European Type Approval and include all fluids, tools and a 90% fuel load. They will vary according to the vehicle specification (including options and accessories) with a corresponding variation in payload. Kerbweights are also subject to manufacturing tolerances. **Payload** figures do not allow for the weight of the driver, or any passengers, which should therefore be deducted from the figures shown. UK Specification adds alarm pre-wiring, DAB radio and deadlocks to base vehicle reducing payload by 6kg. **Sportive** specification adds a further 30kg to Sportive Panel van, and 40kg on Sportive Doublecab models with a corresponding decrease in payload. **Gross plated weights** (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. **Roof load** should not exceed 200kg (150kg on H2 models) including the weight of the roof rack/carrier.

Customer Care pricing and additional information

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

*Correct at time of publication.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. General Motors UK Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.
