

# New Meriva

Range Highlights

Embrace Life.

The vehicles illustrated within this brochure may not necessarily represent the correct UK specification and not all the features described are available on every model.

# Embrace New Meriva.

Say hello to New Meriva. Our stylish new family car, with clever new doors and flexible seating, smart storage and rear seat access like you've never experienced before.

**FlexDoors®.** Not just clever, but altogether safer too. New Meriva's rear doors open the other way. So it's easier for everyone to get in and out – with improved roadside safety. And simpler to ensure the kids are seated safe and secure – wherever you're off to.

## Enjoy the journey.

New Meriva may be perfect for family life. But it's also great to drive, with reassuring balance, strong safety features, and lively and efficient new multi-valve turbocharged petrol and diesel engines.

The image shows the front interior of a car. The dashboard is a light blue color with a navigation screen in the center. The steering wheel is black. The seats are black with light blue accents. The car is parked on a paved surface next to a stone wall and greenery.

## Feel the difference.

New Meriva has even more space, flexibility and comfort, and lots of intelligent features. There's a real contemporary feel and a great view for both front and rear seat passengers – through the large windscreen, 'wave-design' rear windows and huge panoramic glass roof\*.

*\*Standard on SE models.*

## Organise your life.

New Meriva is packed with places to keep your belongings with up to 32 practical storage solutions. FlexRail® is our even smarter new front centre console system. Think modular. Think sliding drinks holder or phone tray. Think centre armrest with really useful storage for front seat passengers. Now rearrange it and think again.

**FlexRail®.** This variable modular storage system occupies the deep space between the two front seats. Its elements can be rearranged to securely accommodate combinations of differently sized items, according to your needs. It could not be simpler. Or more useful.

## Think spontaneous.

With outer rear seats that move forwards, backwards – even sideways – and a 40/20/40 split-folding rear seat back, New Meriva welcomes everyone with space for up to five and luggage or bulky items. Family life solved – even when plans change.

**FlexSpace®.** How many seats do you need today? Five? Four? Three? Just two? In Meriva the choice is yours. The outer rear seats can be individually moved backwards or forwards, or folded flat for more luggage space. The system provides unbeatable levels of versatility – without ever having to remove a seat.

## Love the look.

New Meriva gives you plenty to catch the eye. Not just with sharp sculpted lines, new 'wave-design' rear windows and more than a touch of style, but how it packs so much versatility into such a great shape.

Leaner, greener, and altogether great to drive, the New Meriva engine line-up delivers brilliant performance with high levels of efficiency and Euro 5 compliant emissions. All three 1.4 litre petrol engines are 16-valve units with Variable Valve Timing (VVT) technology and advanced induction. Choose 100PS or one of two turbo versions – 120PS or a potent 140PS, which also comes with a six-speed manual gearbox. The two 16-valve turbocharged diesel engine units share cutting-edge multi-injection common rail technology but come in two very different versions, the super frugal 75PS 1.3CDTi and the 100PS 1.7CDTi complete with six-speed automatic transmission.

All information was accurate and up-to-date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Vauxhall retailer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO<sub>2</sub> emission data determined according to regulation EC 715/2007, inclusive of implementing regulation EC 692/2008 and/or ECE R83 series 05, taking into consideration the vehicle weight in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated consumption and CO<sub>2</sub> figures. In addition, it may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. The driving performance figures shown are attainable when the vehicle is empty plus a load of 200kg.
