Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can feel the instant excitement of electric. Everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car - we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing 7- or 10-inch display.

Vauxhall PureEnergy

At Vauxhall, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative Plug-in Hybrid/Electric models available across the Vauxhall range, there's an all-electric Corsa that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from Vauxhall.

Choose Your Trim Level

Design

VX_COR_33355

First in the line-up is the wonderfully well-equipped Design.

GS

VX_COR_e_34152

For even more style, opt for GS. Sporty from the inside out. Relax in the sports-style front seats and feel the power with the sport switch. Relax a little more with a host of premium features including rear parking sensors and climate control.

Also available as a 100% electric model.

Ultimate

VX_COR_e_33641

Ultimate is the top-of-the-range Corsa available, with top-of-the-range equipment on the inside and out. It looks the business with all the exterior equipment including, dark-tinted rear windows and IntelliLux adaptive LED[®] Matrix headlights.

Also available as a 100% electric model.

Corsa Electric Range Highlights

GS

Standard features include:

PureSense

- LED headlights
- LED daytime running lights
- LED front fog lights
- High beam assist
- Electronic parking brake
- Lane departure warning with lane keep assist
- Speed sign recognition
- Driver drowsiness alert
- Forward collision alert
- Automatic emergency braking with pedestrian detection
- Cruise control with intelligent speed limiter
- Six airbags
- Rear parking distance sensors

PureConnect

- Multimedia Navi infotainment system
 - Satellite navigation
 - 7-inch colour touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - Apple CarPlay/Android Auto™
 - USB connection
- 7-inch digital colour instrument cluster
- Six speakers
- Vauxhall Connect

Comfort and Convenience

- Electronic climate control
- Flat-bottomed leather-effect steering wheel
- Sports-style front seats
- 60/40 split-folding rear seats
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors
- Front centre armrest with storage
- Rain-sensitive windscreen wipers
- Automatic lighting control
- Automatic anti-dazzle rear-view mirror
- Keyless start
- Remote control security alarm system

Styling

- 17-inch bi-colour alloy wheels with grey inserts
- Dark tinted rear windows
- Black roof and A-pillars
- Black headliner
- High gloss black B-pillars
- Alloy-effect sports pedals

Ultimate

Features over GS models:

PureSense

- IntelliLux adaptive LED® Matrix headlights with LED tail lights
- Adaptive cruise control
- Enhanced automatic emergency braking
- Lane positioning assistant
- Front and rear parking distance sensors
- Panoramic rear-view camera
- Side blind spot alert

PureConnect

- Multimedia Navi Pro infotainment system – 10-inch colour touchscreen

Comfort and Convenience

- Heated steering wheel
- Heated front seats
- Electrically folding door mirrors
- Alcantara seat trim
- Keyless entry

Styling

- Chrome-effect lower side window trim

Please note: Ultimate models do not feature alloy-effect sports pedals or sports-style front seats.

Corsa Range Highlights

Design

Standard features include:

PureSense

- LED headlights
- LED daytime running lights
- High beam assist
- Electronic parking brake (auto models only)
- Lane departure warning with lane keep assist
- Speed sign recognition
- Driver drowsiness alert
- Forward collision alert
- Automatic emergency braking with pedestrian detection
- Cruise control with intelligent speed limiter
- Six airbags

PureConnect

- Multimedia infotainment system
 - 7-inch colour touchscreen
 - AM/FM/DAB digital radio – Bluetooth®
 - Apple CarPlay/Android Auto™
 - USB connection
- Six speakers

Comfort and Convenience

- Air conditioning
- Flat-bottomed leather-effect steering wheel
- 60/40 split-folding rear seats
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors
- Paddle shift (auto models only)
- Remote control central locking

Styling

- 16-inch silver alloy wheels

GS

Features over Design models:

PureSense

- LED tail lights
- LED front fog lights
- Electronic parking brake (excluding 75PS engine)
- Rear parking distance sensors
- Sport switch (excluding 75PS engine)

PureConnect

- 7-inch digital colour instrument cluster

Comfort and Convenience

- Electronic climate control
- Sports-style front seats
- Front centre armrest with storage
- Rain-sensitive windscreen wipers
- Automatic lighting control
- Automatic anti-dazzle rear-view mirror
- Remote control security alarm system

Styling

- Sports front and rear body styling
- 17-inch black alloy wheels
- Chrome-effect exhaust tailpipe extension
- Dark-tinted rear windows
- Black roof and A-pillars
- High gloss black B-pillars
- Black headliner
- Alloy-effect sports pedals

Ultimate

Features over GS models:

PureSense

- IntelliLux adaptive LED® Matrix headlights
- Adaptive cruise control
- Enhanced automatic emergency braking
- Lane positioning assistant (auto models only)
- Front and rear parking distance sensors
- Panoramic rear-view camera
- Side blind spot alert

PureConnect

- Multimedia Navi Pro infotainment system
 - Satellite Navigation
 - 10-inch colour touchscreen
 - 2D/3D street level mapping
 - European coverage
 - Points-of-interest search
- Vauxhall Connect

Comfort and Convenience

- Heated front seats
- Heated steering wheel (excluding auto models)
- Electrically folding door mirrors
- Alcantara seat trim
- Driver's seat with massage function
- Keyless entry and start

Styling

- 17-inch bi-colour alloy wheels with grey inserts
- Chrome-effect lower side window trim

Please note: Ultimate models do not feature sports-style front seats.

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

*Provisional fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

PureSense

Model specific features are outlined in the separate tabular information

1. Automatic emergency braking with pedestrian detection

Front camera system monitors the traffic situation in front of the vehicle using the front camera to detect mobile and fixed cars as well as adult pedestrians. The system first warns you through a series of visual and audible alerts and should you not react quickly enough, will automatically brake the vehicle to avoid or mitigate the impact of front-end collisions.*

*Cycles, motorcycles, animals and other objects are not detected.

2. Front camera with radar system – Standard on Ultimate models only

Adds radar-based technology to the standard front camera system features, enabling you to avoid or mitigate the impact of front-end collisions by detecting fixed and mobile objects, such as cycles and pedestrians. The system will even bring the vehicle to a complete standstill when driving under 30mph in traffic.

3. Lane departure warning with lane keep assist

If the driver has not actively steered or signalled, the lane departure warning system warns when the car moves outside of lane markings at speeds above 37mph.

4. Adaptive cruise control

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.

5. Cruise control with intelligent speed limiter

Adaptive cruise control uses the radar system to adjust the vehicle's speed to maintain a safe distance from the vehicle ahead, up to the speed limit set.

5. Cruise control with intelligent speed limiter

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

Model specific features are outlined in the separate tabular information

1. Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

2. Side blind spot alert

This system is radar-based and uses ultrasonic rear bumper sensors to detect a vehicle in your blind spot.

3. Lane positioning assist

This works as a semi-automatic system that helps you integrate into a motorway lane, follow a particular lane, or follow a vehicle ahead. Engaged at the touch of a button. Available on automatic models only.

4. Front and rear parking distance sensors

Invaluable for reversing into and leaving a tight parking spot. As well as the more usual audible warning, the distance to an obstacle is displayed within the driver information screen.

5. Panoramic rear-view camera

Provides an overhead view of the area around the vehicle and displays rear cross traffic that may be approaching.

6. Keyless entry and start

Simply get in and start the engine without having to find the keys.

Model specific features are outlined in the separate tabular information

1. IntelliLux adaptive LED® Matrix headlights

Automatically adapt the headlights according to the type of road or driving conditions. There are seven variations to ensure the correct lighting pattern for driving in a city street or country lane, parking or negotiating a tight bend.

2. Cornering and curve light

Illuminates the road in the direction of travel on slow corners to give greater visibility and illuminate obstacles and parking spaces. It's active at up to 25mph when the indicator has been activated.

3. Eco LED headlights with high beam assist

All Corsa models are fitted with the LED headlights as standard. Brighter than their halogen counterparts, and as they also consume less wattage, they are more efficient too, up to 81% per light compared to halogen headlamps in fact.

4. Town light

Whenever street lighting is recognised at speeds under 34mph, the system switches to an optimal town headlight setting that improves lateral vision without dazzling.

5. Country light

Provides a wider spread and brighter light than the normal low beam. As speeds increase, so does the lighting's performance. It automatically adjusts when oncoming traffic is detected.

6. Static curve light

Recognises when the vehicle is on a motorway and responds by adapting the headlights. Illuminating a greater distance ahead without dazzling, it decreases the right headlight beam intensity and length to minimise glare from the crash barriers while increasing both on the left.

7. Manoeuvring mode

Manoeuvring mode provides extra light around the vehicle and is designed for parking and reversing.

Motorway light

Recognises whether the vehicle is on a motorway and responds by adapting the headlights for optimum night-time motorway driving (not illustrated).

PureConnect

Model specific features are outlined in the following pages

1. Central display

The touchscreen infotainment comes as standard, with the availability of a digital instrumentation display, that puts important info directly into the driver's eyeline. It all works together to seamlessly connect driver, to car.

2. 3.5-inch information cluster

Our traditional 3.5-inch instrumentation clearly displays all the important figures; including speed, fuel levels and more.

3. 7-inch digital instrument cluster

- High-resolution colour display
- Easy to read and detailed information
- Ability to show map directions in driver's eyeline in combination with the Multimedia Navi Pro infotainment system

4. Smartphone projection*

The app wall on the 10-inch infotainment touchscreen provides direct access to the main domains. These include radio, navigation and smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback.

*Multimedia Navi Pro illustrated.

Standard Features

Multimedia

Onboard features:

- 7-inch colour touchscreen
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 25 station presets
- Six speakers
- 20 watts per channel output

Media connections:

- USB connection with iPod control
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)

Smartphone interface:

- Apple CarPlay
- Android Auto™
- Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback

Additional features:

- Steering wheel-mounted audio controls
- Flexible roof-mounted aerial

Multimedia Navi with 7-inch touchscreen

Features as Multimedia, with the addition of navigation features:

Onboard features:

- 7-inch colour touchscreen

Navigation features:

- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB

Multimedia Navi Pro with 10-inch touchscreen

Onboard features:

- 10-inch colour touchscreen

Navigation features:

- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB

Please note, Apple CarPlay screen illustrated on 10-inch colour touchscreen.

Standard Features – The following features are standard across the entire Corsa range.
 Specific features by model are outlined in the separate tabular information.

Driver Information

Instrumentation

- Speedometer and rev counter
- Fuel gauge with low fuel level warning light
- Water temperature gauge with warning light
- Shift-up indication light (manual models only)
 – indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in instrument cluster)

- Service-due indicator
- Deflation detection system

Multi-function trip computer

(displayed on driver information display)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed
- Average fuel economy
- Instantaneous fuel economy

Central facia display

(format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit (see infotainment for details)

Vauxhall Connect

Vauxhall Connect* is the new way to stay connected while on the road. Smart technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip. Activating Vauxhall Connected Services is easy, just visit Vauxhall Connect Store or download MyVauxhall app.

Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)
- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

Vauxhall SOS

In the event of a breakdown or accident, you can count on Vauxhall Connect as your car has its own SIM card installed. If something happens that means there may have been an accident – say, the airbags are inflated or the pre-tensioners on the seatbelts are activated – an automatic message will go off to the emergency services, with details of your location. Vauxhall Connect SOS can be activated manually too – just press the button and you'll be put straight through to the emergency services on the system's integrated phone. So, if you have an accident, or see one, it only takes a few seconds to call for help.

Got a problem with your car but don't need the emergency services? Just press the Vauxhall Connect Assistance button and you'll be connected to our control centre over the system's integrated phone.

Convenience

- E-remote control (Corsa Electric only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

E-remote

Check and manage your electric/hybrid vehicle range remotely and in real time using your smartphone. With MyVauxhall you can check the charge and range of your vehicle at any time, and if you're plugged into a charging point, you're even able to control charging when you're far away. To offer peace of mind, you can be alerted when the battery is full or the charging is interrupted.

The remote pre-conditioning feature allows you to warm or cool the vehicle to an optimal temperature before starting your journey. With your comfort in mind, this feature allows you to maximise range if your vehicle is on charge, by taking energy from the source, rather than the battery.

Drive Smart

- Live navigation† with on-line traffic, fuel prices and parking information, Points Of Interest (POI) search and weather
- Trip and drive management**
- Timestamping of trips, trip details, last vehicle position, guide-to-car and more

Live Navigation Plus†

Vauxhall's fully integrated navigation system helps you stay informed, providing real-time information from the leading European GPS provider, TomTom®. It can be operated using natural voice recognition, meaning your eyes need never leave the road.

Vauxhall Live Navigation Plus includes:

- TomTom® services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for addresses and points of interest
- Road safety alerts

PureEnergy

Model specific features are outlined in the following pages

1. 8-speed automatic transmission

The sophisticated 8-speed automatic transmission on petrol models has a number of features to help improve both efficiency and improve driving dynamics:

- Reduced internal friction to improve efficiency
- A torque converter design that has been specifically engineered to improve gear shift smoothness and reduce idling vibration
- Quickshift technology that offers one of the fastest shifting on the market
- Manual shifting mode available with shift paddles

Three driving modes

- Normal. For a balanced drive that offers the perfect combination of performance and fuel efficiency
- Sport. That improves steering feel, sharpens the throttle response, and raises the transmission shift points for a more dynamic driving experience
- Eco. For maximum fuel economy using shorter shifting points and a slower throttle response

2. Paddle shift

Corsa petrol automatic customers can also experience a more involving driving experience by using the paddle shift levers integrated into the steering wheel; a feature normally found on larger executive sports models.

3/4/5. Electric information displays

All electric-specific data is displayed in the infotainment system and can be accessed using the special 'EV' button on the infotainment system. The EV app includes the following submenus: • Flow • Statistics • E-save

6. Electric vehicle services

Electric vehicle services, such as thermal preconditioning and battery charging functions, are available not just with the MyVauxhall app, but also through the infotainment system in certain cases.

Corsa Electric Specifications

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

| Drivetrain | |
|---------------------------|---|
| CO ₂ emissions | 0g/km |
| Maximum power | 100kW (136PS) |
| Maximum torque | 260Nm (192lb. ft.) |
| Acceleration 0–60mph | 7.6 sec |
| Maximum speed | 93mph |
| Transmission | Automatic electric drive with fixed gear ratio |
| Kerbweight | 1530kg |
| Service interval | Initial inspection at 8,000 miles/ 1 year (whichever comes sooner). Thereafter 16,000 miles/2 years (whichever comes sooner) |

Corsa Electric Specifications

Charging

Corsa Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard as shown below. Additional charging accessories are available at extra cost, see Accessories page for more details or consult your local Retailer.

| | 11kW on-board charger |
|----------------------------------|-------------------------|
| Mode 3, 3-phase 22kW cable | Standard |
| Mode 2, emergency charging cable | Optional accessory £584 |

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Corsa Electric) or by using the Multimedia Navi Pro infotainment system (standard on Ultimate).

| Charging | | |
|---|--------|----------------------|
| Supply | Socket | Charge Time (0-100%) |
| AC current - Domestic 3 pin socket (2.3kW) | Type 2 | 21h 45m |
| AC current - Home wallbox or public charger (7kW) | Type 2 | 7h 30m |
| AC current - Public charger (11kW) | Type 2 | 5h |
| DC current - Rapid charger (100kW) | CCS | 30m (0-80%) |

| Battery | |
|--|------------------------------------|
| Battery capacity | 50kWh |
| AC on-board charger speed | 11kW |
| EV range (WLTP high)* | 222 miles |
| Energy consumption (Combined low/high) | 16.5-16.8kWh/100km |
| Battery warranty | 8 years/100,000 miles/70% capacity |

The Corsa Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*WLTP preliminary.

Comfort and Convenience

Model specific features are outlined in the separate tabular information

1. Cool and in control

Air-con is standard on Corsa's models with most featuring single zone electronic climate control too. Filters help to keep allergy-causing pollens and bad smells out. A multizone sun sensor adjusts to sunlight intensity and keeps the entire cabin at a steady temperature, whatever the weather outside. It's safer, too: controlled particle air recirculation prevents windows from fogging up for improved visibility.

2. Heated front seats

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a driving experience to look forward to.

3. Storage solutions

There's space for everything inside Corsa, with storage spots right where you need them, and a bigger boot for your luggage, shopping bags... and the rest.

4. Heated steering wheel

Within a minute, the steering wheel will warm hands, however chilly it is outside, making driving not just more comfortable but safer too, thanks to the better control it offers.

5. Massage driver's seat

A seat that keeps you cool, comfortable and massages you while you drive.

Start/Stop technology

Corsa's Start/Stop system offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification. *Correct at time of publication.

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Dimensions and Capacities All measurements in mm (inches) unless stated otherwise.

⁵Not available in Gloss Black. ⁶Not available in Carbon fibre-effect. ⁷Only available with 17-inch diamond-cut bi-colour alloy wheels. ⁸Available in red and blue only.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

ELECTRIC vehicle: 0g/km CO₂

| | |
|--|------------|
| On-the-road RRP | £27,305.00 |
| Deduct: Vehicle Excise Duty | £0.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £27,250.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £27,850.00 |
| Car benefit charge 2023–24 tax year (2%) | £557.00 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £111.40 |
| Higher Rate (40%) tax payer | £222.80 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.
 **Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 – £14,732 Starter Rate 19%
- Over £14,732 – £25,688 Basic Rate 20%
- Over £25,688 – £43,662 Intermediate Rate 21%
- Over £43,662 – £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Percentage of cars price to be taxed 2023–24 tax year |
|----------------------------------|---|
| Up to 50 | 14% |
| 51 – 54 | 15% |
| 55 – 59 | 16% |
| 60 – 64 | 17% |
| 65 – 69 | 18% |
| 70 – 74 | 19% |
| 75 – 79 | 20% |
| 80 – 84 | 21% |
| 85 – 89 | 22% |
| 90 – 94 | 23% |
| 95 – 99 | 24% |
| 100 – 104 | 25% |
| 105 – 109 | 26% |
| 110 – 114 | 27% |
| 115 – 119 | 28% |
| 120 – 124 | 29% |
| 125 – 129 | 30% |
| 130 – 134 | 31% |
| 135 – 139 | 32% |
| 140 – 144 | 33% |
| 145 – 149 | 34% |
| 150 – 154 | 35% |
| 155 – 159 | 36% |
| 160 – 164 | 37% |
| 165 – 169 | 37% |
| 170+ | 37% |

| CO ₂ emissions (g/km) | Electric range (miles) | Percentage of cars price to be taxed 2023–24 tax year |
|----------------------------------|------------------------|---|
| 0 | – | 2% |
| 1 – 50 | 130+ | 2% |
| 1 – 50 | 70 – 129 | 5% |
| 1 – 50 | 40 – 69 | 8% |
| 1 – 50 | 30 – 39 | 12% |
| 1 – 50 | <30 | 14% |

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, [Leasys](#) lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | First year rate Petrol | Standard rate Petrol | Standard rate Electric |
|------|--|------------------------|----------------------|------------------------|
| A | 0 | £0 | £0 | £0 |
| B | 1 – 50 | £10 | £180 | – |
| C | 51 – 75 | £30 | £180 | – |
| D | 76 – 90 | £130 | £180 | – |
| E | 91 – 100 | £165 | £180 | – |
| F | 101 – 110 | £185 | £180 | – |
| G | 111 – 130 | £210 | £180 | – |
| H | 131 – 150 | £255 | £180 | – |
| I | 151 – 170 | £645 | £180 | – |
| J | 171 – 190 | £1,040 | £180 | – |
| K | 191 – 225 | £1,565 | £180 | – |
| L | 226 – 255 | £2,220 | £180 | – |
| M | Over 255 | £2,605 | £180 | – |

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see vauxhall.co.uk/recycling

Vauxhall Care

This all-inclusive service package is available on Vauxhalls under 10 months old (from date of first registration).

This package offers complete peace of mind for the first 3 years of your Vauxhall's life with fixed monthly payments for the plan duration.

- **3 years' Vauxhall servicing** – covers first, second and third annual services. Including a brake-fluid change in the second service
- **2 years' Vauxhall Roadside Assistance** – first year from us
- **First years' MOT[†]** – free of charge by your local Vauxhall Retailer

For full terms and conditions and to sign up, visit: vauxhall.co.uk/vauxhallcare

Vauxhall Service Club

Vauxhall Service Club is available for all Vauxhall owners, and it's free to join. Members benefit from the following:

Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can feel the instant excitement of electric. Everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

VX_AST_33002

VX_AST_32985

VX_AST_GSe_33953

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car – we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing Pure Panel display. And, just as intelligently, it connects you to your car's onboard tech, through touchscreen and voice control.

Vauxhall PureEnergy

At Vauxhall, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative Plug-in Hybrid/Electric models available across the range, including the all-new 225PS GSe model, there's an electrified Astra that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from Vauxhall.

Choose your trim level

Design

Inject a little excitement into your commute with the Design, including plenty of 'must have' features as standard.

GS

Step up to our sporty GS. It's kitted out with a whole host of features that make it fun to drive, and great to look at.

Also available as fully Electric and Plug-in Hybrid models.

Ultimate

All you could ask for; our Ultimate model has it all.

Also available as fully Electric and Plug-in Hybrid models.*

*Hatchback model only.

GSe

The new GSe (Grand Sport electric) radically redefines pure performance. Combining bold design with exhilarating, electrified technology. This is responsible, high-energy excitement.

WLTP combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

[#]Provisional fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

PureSense

1. Intelli-Drive 2.0 (Includes following four features):

Advanced intelligent speed adaptation

When a new speed limit is detected by traffic sign recognition, the system displays the speed and 'OK?' flashes for a few seconds in the driver Information cluster. If rain is detected, the system will suggest a lower speed than the set speed to adapt to the prevailing weather conditions.

Semi-automated lane change assist

The system assists drivers with lane change manoeuvres between 45 and 70mph. If the required conditions are met, the message 'OK?'

is displayed in the driver information cluster, accompanied by an acoustic signal.

Lane positioning assist

This works as a semi-automatic system that helps you integrate into a motorway lane, follow a particular lane, or follow a vehicle ahead.

Rear cross traffic alert

Rear cross traffic alert is radar-based and uses rear bumper sensors to detect moving objects to the rear sides of the vehicle when reversing. The system is able to detect cars, trucks, motorcycles, bicycles and pedestrians.

2. Lane departure warning with lane keep assist

If the driver has not actively steered or signalled, the lane departure warning system warns when the car moves outside of lane markings at speeds above 37mph.

3. Intelli-HUD (Head-Up Display)

The innovative Intelli-HUD head-up display projects the essential driving information onto the windscreen, in the driver's field of vision. Thanks to its resolution and its wide projection size, it gives a more realistic view of the information. Popups such as media, alerts, receiving calls and phone book can be displayed independently.

4. Adaptive cruise control

Adaptive cruise control uses the radar system to adjust the vehicle's speed to maintain a safe distance from the vehicle ahead, up to the speed limit set.

5. Intelli-Vision

Intelli-Vision is a video assistance function for all low-speed manoeuvres. It uses four cameras (front/rear/lateral in door mirrors) and is activated automatically when the car is put into reverse.

PureConnect

1. Natural voice recognition*

Works with 'wake-up' command 'Hey Vauxhall' to control the following functions:

- Satellite navigation commands
- Phone connectivity functions
- Choice of music playback
- Operation of electronic climate control

Personalisation

The new Pure Panel features a smartphone-like user interface with virtual shortcuts, driver recognition via smartphone and advanced profile management.

2. Central display

The app wall on the 10-inch infotainment touchscreen provides direct access to the main domains such as electronic climate control, navigation, radio, phone, seat and mirror configuration.

2. Wireless smartphone interface

Wireless smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback with Apple CarPlay and Android Auto™ compatibility.

3. Instrument cluster

The driver can customise the content shown on the fully digital 10-inch driver information cluster by selecting via the left stalk. In addition pop-ups such as receiving calls and alerts can be displayed.

4. Inductive wireless smartphone charger – Standard on Ultimate and GSe models only

Smartphones can be charged inductively on the charging pad in the front of the centre console.

5. AGR front seats**

The AGR label confirms that the new Astra's ergonomically certified AGR seats meet even the highest levels of comfort. And included with the Leather option on Ultimate models 3-stage seat heating, massage function and seat ventilation. The option also features a driver's seat adjustment with memory function.

PureConnect

The following features are standard across the entire Astra range..

Pure Panel digital display

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With a 10-inch infotainment colour touchscreen and 10-inch digital instrument cluster right in front of you, you can stay focused on the road ahead.

- GS, Ultimate and GSe models feature the Pure Panel Pro digital display with edge-to-edge glass finish.

EV information display

- Powerflow display – Informs drivers on the current state of charge and what is being used as the power source, petrol or electric
- Charge display – displays an image of the charge port with the corresponding LED charge indication lights
- e-Save – enables the driver to determine how much battery energy needs to be conserved to ensure that the vehicle reaches its destination when in a zero emission zone
There are three options:
 - 6 mile range reserve
 - 12 mile range reserve
 - Maximum reserve
- Statistics – The Statistics display the average consumption data over a period of time using colour coded graphs
- Green: Energy recovered by braking phases and partial recharging by the petrol engine (kWh/mile)
- Blue: Energy consumed by the vehicle directly by the battery (kWh/mile)
- Orange: Fuel consumption (mpg)

Digital instrumentation

- Digital speedometer and rev counter
- Satellite Navigation display
- Digital fuel gauge with low fuel level warning light
- Digital water temperature gauge with warning light
- Shift-up/down indication light – Indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in digital instrument cluster)

- Total mileage
- Service-due indicator
- Oil life
- Tyre pressure monitoring system

Multi-function trip computer

(displayed on digital instrument cluster)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed
- Average fuel economy
- Instantaneous fuel economy
- Driving time

Digital central fascia display

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function

Infotainment

Onboard features

- Satellite navigation system with natural voice recognition
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 36 station presets
- Six speakers (Ultimate models – eight)
- Customizable screen adaption with enhanced profile management and driver recognition
- Heating, Ventilation and Air Conditioning (HVAC) user interface
- Over-the-air updates (e.g. for software)
- WiFi updates (e.g. content download)

Media connections

- USB connection with iPod control
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- SMS read out and reply

Additional features

- Steering wheel mounted audio controls
- Shark fin aerial

Drive Smart

- Live navigation provided by TomTom®
- Real time traffic news
- Parking prices and availability
- Weather information
- Natural voice recognition
- Fuel prices
- Charging station search
- Quick search for addresses and points of interest
- Road safety alerts

Vauxhall Connect

Vauxhall Connect* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

Safety

The more you know, the safer your journey – that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

Convenience

- E-remote control (Plug-in Hybrid/Electric only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

Live navigation plus[†]

With real-time directions and traffic information from the leading European GPS provider, TomTom®, every journey will be a breeze.

- TomTom® services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle – and notifies you as soon as something needs attention.

- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

VX_AST_PHEV_32846

The colours reproduced may vary slightly from the actual paint colour. As a result they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint samples.

Please note, vehicles illustrated are not model specific and are for illustrative purposes only.

*Standard exterior paint. **Optional at extra cost including VAT. †Optional at extra cost including VAT. Not available on GSe or Sports Tourer models. ††Optional at extra cost including VAT. Not available on GSe models.

PureEnergy

Model specific features are outlined in the following pages.

1. Electrified transmission

The e-EAT8 electrified 8-speed automatic transmission system is standard on the Astra Plug-in Hybrid and offers smooth transition between gears. It features:

- A multi-disc wet clutch, replacing the torque convertor
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Electric motor adds an additional electric power of 81.2kW (110PS) and makes a torque of 320Nm for 10 seconds

2. Paddle shift

Astra automatic Petrol and Plug-in Hybrid customers can also experience a more involving driving experience by using the paddle shift levers integrated into the steering wheel; a feature normally found on larger executive sports models.

3/4. EV information displays

All Electric/Plug-in-Hybrid-specific data is displayed in the infotainment system and can be accessed using the special 'EV' button on the infotainment system. The EV app includes the following submenus:

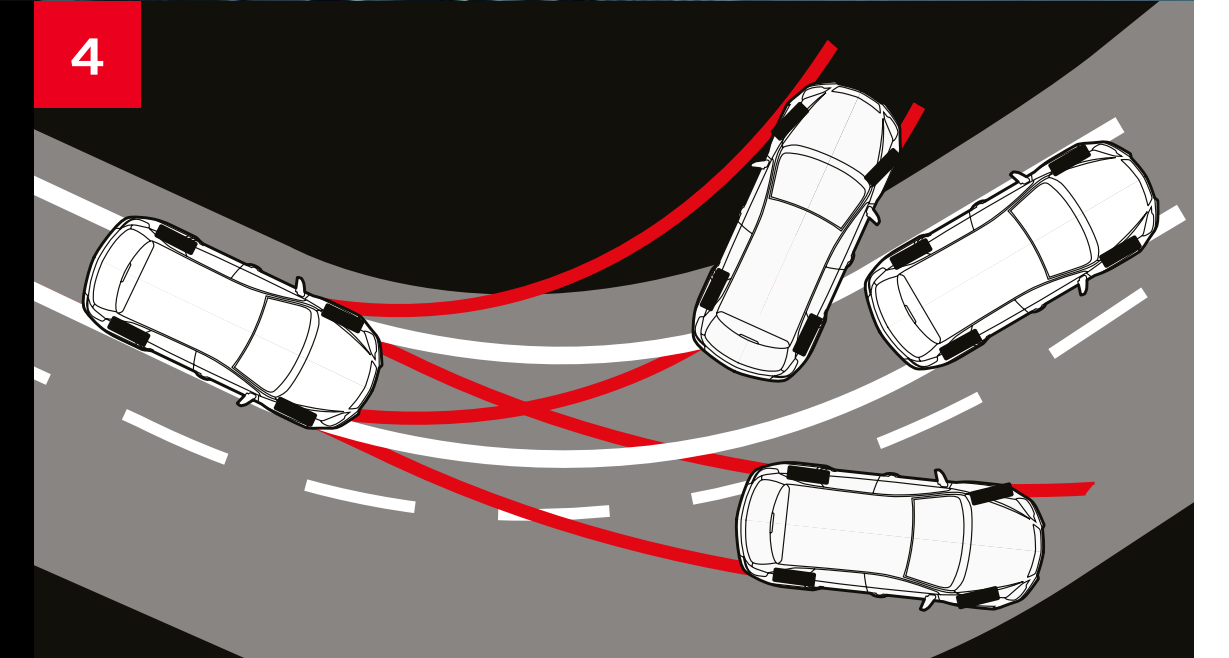

- Flow
- Statistics
- E-save

5. Electric vehicle services

Electric vehicle services, such as thermal preconditioning and battery charging functions, are available not just with the MyVauxhall app, but also through the infotainment system in certain cases.

PureEnergy – GSe

Model specific features are outlined in the following pages.

1. Astra GSe

GSe stands for Grand Sport Electric. Athletic good looks build on Vauxhall's bold and pure design while a driver-focused, bespoke chassis set-up complements the dynamic performance of an electrified 225PS powertrain.

2. Re-calibrated sports steering

Revised steering geometry on Astra GSe models provides increased feedback and allows the driver to more accurately judge grip levels.

3. Unique GSe chassis set-up

The Astra GSe features a bespoke chassis set up. The ride height has been lowered by 10mm with unique springs and Koni Frequency Selective Damping (FSD) dampers that adapt almost instantly to changes in road conditions and vehicle behaviour. This delivers a more agile and precise handling experience without sacrificing ride quality.

4. Unique ESP settings

Adjustments have also been made to the electronic stability program which monitors the traction control. This enables the system to respond more effectively to cope with the increase in engine power and greater dynamic driving behaviour made possible by the chassis improvements.

PureEnergy – Electric

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park • Reverse • Neutral • Drive
- Braking (for increased regenerative braking)

Drive mode selector

The driver can determine the driving style by selecting one of the following modes:

- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

Charging

Astra Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard. Additional charging accessories are available at extra cost. For more details please consult your local Retailer.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App or by using the Multimedia Navi Pro infotainment system.

| Drivetrain – Electric | | |
|---|---|-----------------------|
| CO ₂ emissions | 0g/km | |
| Maximum power (Sport mode) | 115kW (156PS) | |
| Maximum torque (Sport mode) | 270Nm (199lb.ft.) | |
| Acceleration 0–62mph | 9.2 secs | |
| Maximum speed | 105mph | |
| Transmission | All-electric single-speed drive unit | |
| Service interval | Initial inspection at 8,000 miles/1 year (whichever comes sooner). Thereafter 16,000 miles/2 years (whichever comes sooner) | |
| Battery | | |
| Battery capacity | 54kWh | |
| AC on-board charger speed | 11kW | |
| EAER (WLTP high)* | 254–258 miles | |
| Energy consumption (WLTP)* | 14.9kWh/100km | |
| Battery warranty | 8 years/100,000 miles/70% capacity | |
| Charging (Supply) | Socket | Charge Time (0–100%) |
| AC current – Domestic 3 pin socket (2.3kW) | Type 2 | 19h |
| AC current – Home wallbox or public charger (7kW) | Type 2 | 8h |
| AC current – Public charger (11kW) | Type 2 | 5h 45m |
| DC current – Rapid charger (100kW) | CCS | 26m (20–80%) |
| Charging cables | | 11kW on-board charger |
| Mode 3, 3-phase 22kW cable | | Standard |

The Astra Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

EAER = Equivalent All Electric Range. *WLTP preliminary.

PureEnergy – Plug-in Hybrid

Electrified transmission

The 8-speed electrified transmission system is standard and offers both smooth transition between gears. The 8-speed electrified gearbox includes the following content:

- Multi-disc wet clutch replaces removed torque converter
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Comes with intuitive and stylish automatic gearbox with electric shifter with shift paddles

The current driving position is indicated to the driver with a LED between:

- **R:** used for reverse driving
- **N:** used for neutral, allowing the vehicle to be moved with ignition off
- **D:** used for automatic drive, the gearbox change gears without any action from the driver
- **B button:** to switch to regenerative braking

Drive mode selector

The Drive Mode selector is positioned next to the automatic gearbox with electric shifter and enables drivers to select one of the following:

- Normal is the default Hybrid mode and offers the best of both worlds between controlled fuel consumption and on-road performance

- Sport mode, draws on the combined power of the engine and motor for a more dynamic drive
- Electric mode activates the electric motor only, for zero CO₂ emissions and complete silence
- **Engine sound enhancement:** In the Sport mode, the engine sound is amplified via the radio speakers depending on input factors such as vehicle speed, engine speed, acceleration, gear and pedal position.

Charging

- Astra Plug-in Hybrid range comes with a Mode 2 cable and a 3.7kW on-board charger as standard. Includes cable bag at no extra cost

Please note: A Mode 2 cable (standard UK socket*) would charge the vehicle in less than 8 hours.

Astra Plug-in Hybrid range charging time examples are listed showing times dependant on the various powers of charge point which the vehicle is plugged into.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed via MyVauxhall App or Infotainment system.

Preliminary data determined according to WLTP test procedure methodology. EU type approval and Certificate of Conformity are not yet available. Preliminary values may differ from official final type approval data. Charging rate depends on power source and charging cable used.

These figures were obtained using a combination of battery power and fuel. The Astra Plug-in Hybrid requires mains electricity for charging.

*WLTP Figures shown are for comparison purposes and should only be compared to the fuel consumption, CO₂ values and electric range of other cars tested to the same technical standard. The fuel consumption and electric range achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); charging frequency; battery condition; variations in weather; driving styles and vehicle load. For more information contact your local Vauxhall Retailer.

EAER = Equivalent All Electric Range. *Only use a domestic electrical socket that has been checked by a qualified electrician and is protected by a circuit breaker adapted to the amperage of the electrical circuit. **Requires optional 7kW on board charger. †Hatchback. ††Sports Tourer.

| Petrol engine | 1.6 (180PS) | 1.6 (225PS) |
|--|---|----------------------------------|
| Maximum power | 150PS (110kW) @ 6000rpm | 180PS (133kW) @ 6000rpm |

| 1.2 (130PS) Turbo auto | 130 | 9.9 | 47.9 (5.9) | 49.6 (5.7) | 128 | 134 | £255 | £180 | 30% |

*Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

*Correct at time of publication.

Specifications

Transmission

Six-speed manual gearbox

Petrol engines: 1.2 (110/130PS) Turbo models

8-speed automatic transmission

Available on the 1.2 (130PS) Turbo, the 8-speed automatic transmission enables increased drive comfort and improved fuel economy. The automatic gear lever has been replaced by an ergonomic e-toggle in harmony with the interior design. The new e-toggle is standard for combustion engine and Plug-in Hybrid.

The current driving position is indicated to the driver with a LED between:

- **R:** used for reverse driving
- **N:** used for neutral, allowing the vehicle to be moved with ignition off
- **D:** used for automatic drive, the gearbox change gears without any action from the driver
- **M button:** Manual shifting mode for combustion engines. The driver changes gears with the shift paddles on steering wheel

The driver can also select between three different driving modes, Sport, Normal and Eco, which offer several enhancements to the driving experience.

Steering

- Power-assisted steering
- Turning circle (wall-to-wall):
 - 10.51m (34.5ft.) Hatchback
 - 10.71m (35.1ft.) Sports Tourer

Tank Capacities

- 52 litres (11.4 gallons) – Petrol
- 42 litres (9.2 gallons) – Plug-in Hybrid

Braking and stability

- Electronic Stability Programme (ESP) – ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability
- Cornering brake control
- Straight line stability control
- Rollover mitigation
- Drag torque control – Maintain stability on slippery roads when lifting off the accelerator or changing gear
- Hill start assist
- Anti-lock Braking System (ABS)
- Emergency brake assist
- Fading brake support
- Electronic brakeforce distribution
- Adaptive brake lights

Suspension

Front: Independent. Decoupled MacPherson struts with gas-pressure dampers and coil springs. Anti-roll bar.

Rear: Compound crank with coil springs and gas-pressure dampers.

GSe models

Ride height lowered by 10mm.

Front: Independent Decoupled MacPherson struts with Koni FSD (Frequency Selective Damping) oil-filled dampers and revised springs. Anti-roll bar.

Rear: Compound crank with coil springs and Koni FSD (Frequency Selective Damping) oil-filled dampers and revised rear springs.

Start/Stop technology

Astra's feature Start/Stop technology offering real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

Dimensions and capacities

All measurements in mm (inches) unless stated otherwise.

| Loadspace dimensions | Hatchback | Sports Tourer |
|---------------------------------------|----------------------------|------------------------------|
| Load floor length (rear seats folded) | 1589 (62.5) | 1850 (72.8) |
| Load floor length (behind rear seats) | 795 (31.3) 770 (30.3)** | 1026 (40.3) 1018 (40.0)** |
| Load area width | 1020 (40.2) | 1032 (40.6) |
| Load area height | 599 (23.5) 601 (23.6)** | 599 (23.5) 601 (23.6)** |

| Electric Propulsion (156PS) auto | 2100 | - | - | - |

Hatchback

Sports Tourer

Please note, vehicles illustrated are not model specific and are for illustrative purposes only.

Please note: **Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 75kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. *Measured using the ECIE method. When a spare wheel is specified loadspace capacity is reduced due to a raised luggage compartment floor.

**Plug-in Hybrid. [†]Factory-fit. ^{††}Retailer-fit.

Company car driver and fleet information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

ELECTRIC vehicle: 0g/km CO₂

| | |
|--|------------|
| On-the-road RRP | £27,305.00 |
| Deduct: Vehicle Excise Duty | £0.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £27,250.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £27,850.00 |
| Car benefit charge 2023-24 tax year (2%) | £557.00 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £111.40 |
| Higher Rate (40%) tax payer | £222.80 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.
 **Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 - £14,732 Starter Rate 19%
- Over £14,732 - £25,688 Basic Rate 20%
- Over £25,688 - £43,662 Intermediate Rate 21%
- Over £43,662 - £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|---|
| Up to 50 | 14% |
| 51 - 54 | 15% |
| 55 - 59 | 16% |
| 60 - 64 | 17% |
| 65 - 69 | 18% |
| 70 - 74 | 19% |
| 75 - 79 | 20% |
| 80 - 84 | 21% |
| 85 - 89 | 22% |
| 90 - 94 | 23% |
| 95 - 99 | 24% |
| 100 - 104 | 25% |
| 105 - 109 | 26% |
| 110 - 114 | 27% |
| 115 - 119 | 28% |
| 120 - 124 | 29% |
| 125 - 129 | 30% |
| 130 - 134 | 31% |
| 135 - 139 | 32% |
| 140 - 144 | 33% |
| 145 - 149 | 34% |
| 150 - 154 | 35% |
| 155 - 159 | 36% |
| 160 - 164 | 37% |
| 165 - 169 | 37% |
| 170+ | 37% |

| CO ₂ emissions (g/km) | Electric range (miles) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|------------------------|---|
| 0 | - | 2% |
| 1 - 50 | 130+ | 2% |
| 1 - 50 | 70 - 129 | 5% |
| 1 - 50 | 40 - 69 | 8% |
| 1 - 50 | 30 - 39 | 12% |
| 1 - 50 | <30 | 14% |

Further information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | First year rate Petrol | Standard rate Petrol | Standard rate Hybrid | Standard rate Electric |
|------|--|------------------------|----------------------|----------------------|------------------------|
| A | 0 | £0 | £0 | £0 | £0 |
| B | 1 – 50 | £10 | £180 | £0 | – |
| C | 51 – 75 | £30 | £180 | £20 | – |
| D | 76 – 90 | £130 | £180 | £120 | – |
| E | 91 – 100 | £165 | £180 | £155 | – |
| F | 101 – 110 | £185 | £180 | £175 | – |
| G | 111 – 130 | £210 | £180 | £200 | – |
| H | 131 – 150 | £255 | £180 | £245 | – |
| I | 151 – 170 | £645 | £180 | £635 | – |
| J | 171 – 190 | £1,040 | £180 | £1,030 | – |
| K | 191 – 225 | £1,565 | £180 | £1,555 | – |
| L | 226 – 255 | £2,220 | £180 | £2,010 | – |
| M | Over 255 | £2,605 | £180 | £2,595 | – |

*Correct at time of issue.

Owners information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see [vauxhall.co.uk/recycling](https://www.vauxhall.co.uk/recycling)

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit [vauxhall.co.uk/AccidentManagement](https://www.vauxhall.co.uk/AccidentManagement)

Vauxhall Flexcare – Service Plans and Extended Warranty

Designed for your peace of mind. A collection of extended warranty and service plans to match the way you drive.

Extended Warranty

An extended warranty for your Vauxhall offers you similar cover for material or manufacturing defects beyond the original warranty period on the vehicle. By choosing an official Vauxhall Extended Warranty, we guarantee that any repairs you need are carried out by Vauxhall trained technicians – using genuine Vauxhall parts.

Service Plans

There's no need to worry about budgeting for your next service. Simply take out a Vauxhall Fixed Price Service Care Plan. You can then focus on the more important things in life, knowing your servicing costs are taken care of. Why choose a Vauxhall Fixed Price Service Care Plan?

- Flexible to suit your needs
- Locked-in price for the duration of your plan
- Make budgeting easier with affordable monthly payments
- Brake fluid change and MOTs are available as an additional cost

Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can feel the instant excitement of electric. Everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car - we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing Pure Panel display. And, just as intelligently, it connects you to your car's onboard tech, through touchscreen and voice control.

Vauxhall PureEnergy

At Vauxhall, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative Plug-in Hybrid/Electric models available across the Vauxhall range, there's an all-electric Mokka that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from Vauxhall.

Choose Your Trim Level

Design

First in the line-up is the wonderfully well-equipped Design.

GS

This sporty number in the range comes with stylish red accents and is loaded with even more tech.

Also available as a 100% electric model.

Black

This first Special Edition Mokka has the looks and features to stand out from the crowd... also available in Black.

Ultimate

All you could ask for; our Ultimate model has it all.

Also available as a 100% electric model.

Mokka Electric Prices

| | LCDV Code | Price (£) | VAT (£) | Total (£) | On-the-road RRP (£) | Financial Year 2023/24 BiK 20% (£) | WLTP Combined CO ₂ (g/km) - LCDV Code | Insurance Groups |
|----------------------------------|------------------|-----------|----------|-----------|---------------------|------------------------------------|--|------------------|
| GS | | | | | | | | |
| Electric Propulsion (136PS) auto | 1GQOSYHESFT0A032 | 31,691.67 | 6,338.33 | 38,030.00 | 38,835.00 | 12.93 | 0 | 21E |
| Ultimate | | | | | | | | |
| Electric Propulsion (136PS) auto | 1GQOSYRESFT0A032 | 33,616.67 | 6,723.33 | 40,340.00 | 41,145.00 | 13.70 | 0 | 22E |

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price. Price has been calculated using manufacturer estimates. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

*Fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

PureSense

Model specific features are outlined in the separate tabular information

1. Automatic emergency braking with pedestrian detection

Front camera system monitors the traffic situation in front of the vehicle using the front camera to detect mobile and fixed cars as well as adult pedestrians. The system first warns you through a series of visual and audible alerts and should you not react quickly enough, will automatically brake the vehicle to avoid or mitigate the impact of front-end collisions.*

*Cycles, motorcycles, animals and other objects are not detected.

2. Front camera and radar system

Adds radar-based technology to the standard front camera system features, enabling you to avoid or mitigate the impact of front-end collisions by detecting fixed and mobile objects, such as cycles and pedestrians. The system will even bring the vehicle to a complete standstill when driving under 30mph in traffic.

3. Lane departure warning with lane keep assist

If the driver has not actively steered or signalled, the lane departure warning system warns when the car moves outside of lane markings at speeds above 37mph.

4. Adaptive cruise control

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.

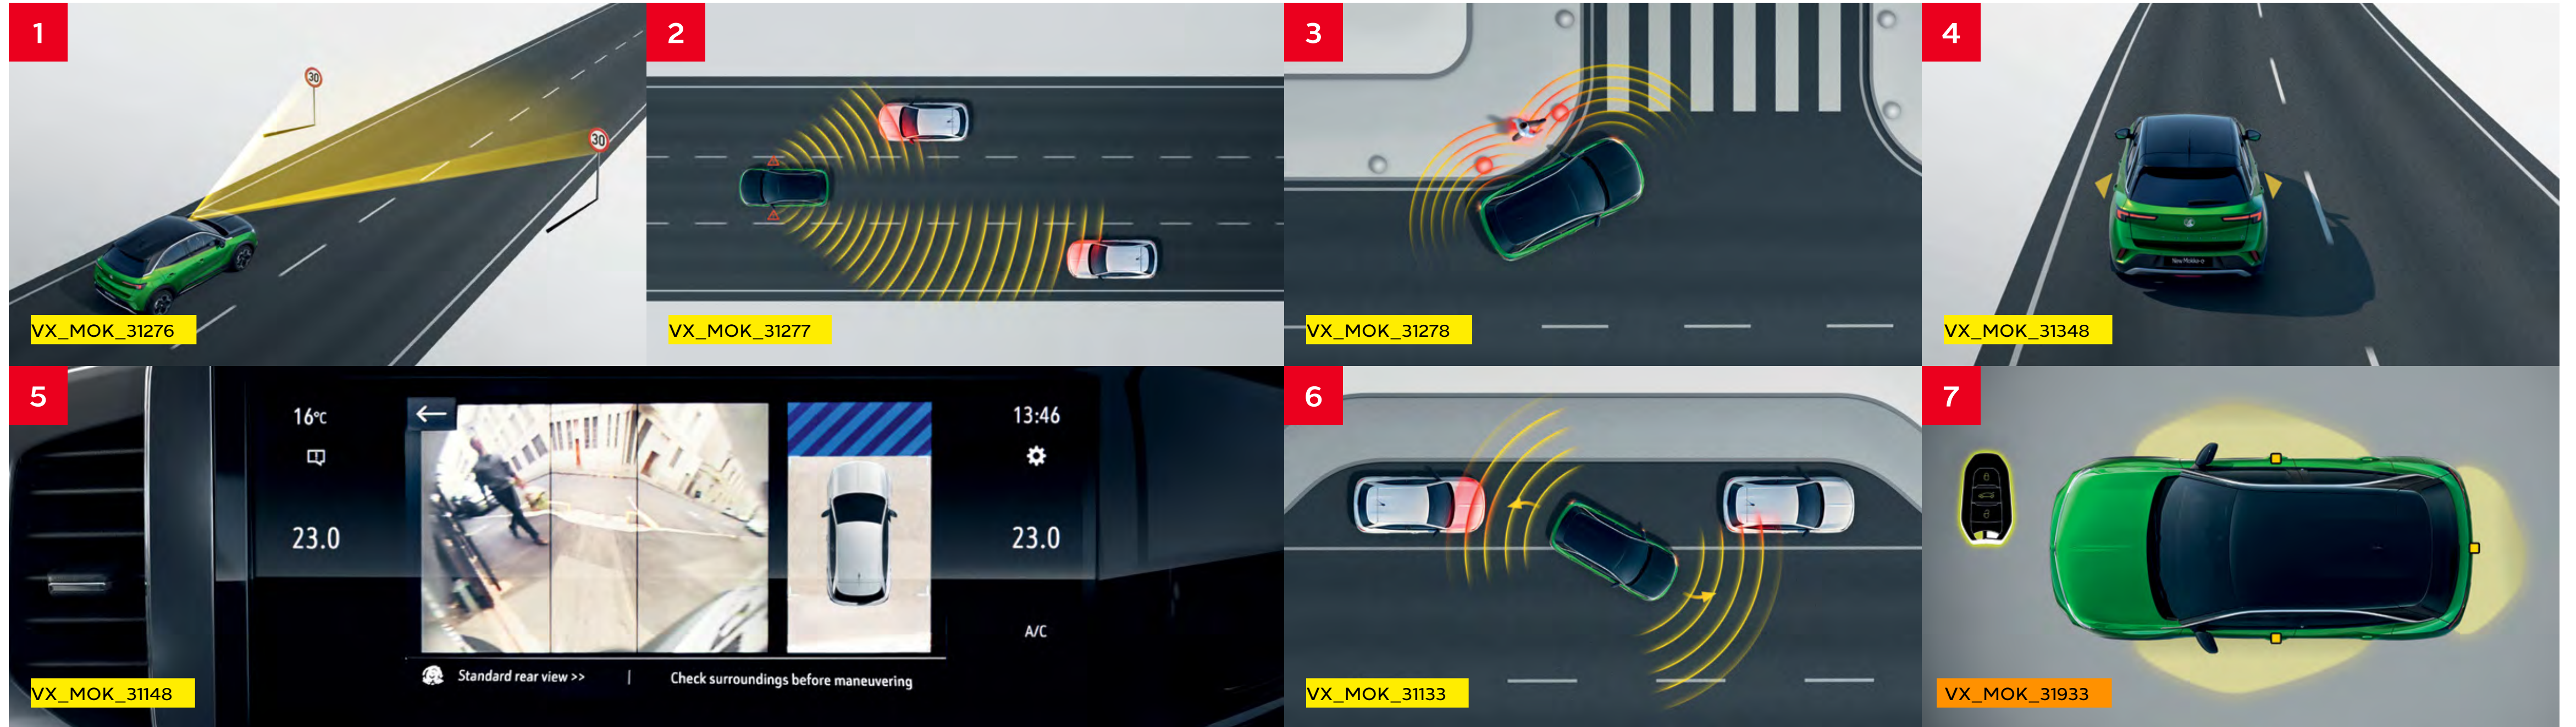

5. Cruise control with intelligent speed adaptation

Adaptive cruise control uses the radar system to adjust the vehicle's speed to maintain a safe distance from the vehicle ahead, up to the speed limit set.

4. Adaptive cruise control

Adaptive cruise control uses the radar system to adjust the vehicle's speed to maintain a safe distance from the vehicle ahead, up to the speed limit set.

Model specific features are outlined in the separate tabular information

1. Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

2. Side blind spot alert

Drivers can change lanes with more confidence. It alerts the driver to vehicles in the blind spot within 3m in parallel lanes via the flashing icon in the side mirror.

3. Flank guard

Using ultrasonic side sensors, flank guard helps with manoeuvring into tight spaces, and works in conjunction with the door mirrors to help drivers avoid any side scrapes while parking.

4. Lane positioning assist

This works as a semi-automatic system that helps you integrate into a motorway lane, follow a particular lane, or follow a vehicle ahead. Engaged at the touch of a button.

5. Panoramic rear-view camera

Provides an overhead view of the area around the vehicle and displays rear cross traffic that may be approaching.

6. Front and rear parking distance sensors

Invaluable for reversing into and leaving a tight parking spot. As well as the more usual audible warning, the distance to an obstacle is displayed within the driver information screen

7. Keyless entry and start

Simply get in and start the engine without having to find the keys.

Driver drowsiness alert

Our seriously smart driver drowsiness system uses sensors to keep an eye out and warn you if you show signs of tiredness. So you'll know when it's time to stop for that all-important break. (Not illustrated).

Model specific features are outlined in the separate tabular information

1. IntelliLux adaptive LED® Matrix headlights

Automatically adapt the headlights according to the type of road or driving conditions. There are seven variations to ensure the correct lighting pattern for driving in a city street or country lane, parking or negotiating a tight bend.

2. Anti-glare beam

Anti-glare beam is an advanced full beam that controls independent units of the IntelliLux adaptive LED® Matrix headlights.

3. Eco LED headlights with high beam assist

ECO LED headlights with high beam assist are standard on all Mokkas. The system will detect both ambient light and vehicle specific light for oncoming and leading traffic. Depending on the lighting level, the system automatically switches between high and low beam.

4. Town light

Whenever street lighting is recognised at speeds under 34mph, the system switches to an optimal town headlight setting that improves lateral vision without dazzling.

5. Country light

Country roads are illuminated, providing a wider spread and brighter light than the normal low beam. As speeds increase, so does the lighting's performance. It automatically adjusts when oncoming traffic is detected.

6. Static curve light

Provides increased light intensity light for greater visibility when negotiating high-speed bends and automatically switches beam intensity in order to avoid glaring other road users.

7. Manoeuvring mode

Manoeuvring mode provides extra light around the vehicle and is designed for parking and reversing.

Adaptive Motorway mode

Motorway mode recognizes whether the vehicle is on a motorway and responds by adapting the headlights for optimum night-time motorway driving (not illustrated).

Please note, Vauxhall driver assistance systems are intended to support the driver within the system-imminent limitations. The driver remains responsible for the driving task at all times.

PureConnect

Model specific features are outlined in the following pages

1. Central display

Has a multimedia system as standard with a 7-inch colour touchscreen on Design models and 10-inch on all others, both integrated seamlessly into the new Pure Panel.

2. Wireless smartphone interface

Wireless smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback with Apple CarPlay and Android Auto™ compatibility.

3. Instrument cluster

The driver can customise the content shown on the fully digital up to 12-inch driver information cluster by selecting via the left stalk. In addition pop-ups such as receiving calls and alerts can be displayed.

4. AGR front seats*

The AGR label confirms that the Mokka's ergonomically certified AGR seats meet even the highest levels of comfort.

5. Inductive wireless smartphone charger**

Smartphones can be charged inductively on the charging pad in the front of the centre console.

Standard Pure Panel Features – The following features are standard across the entire Mokka range. Specific features by model are outlined in the separate tabular information.

Pure Panel Digital Display

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With up to a 10-inch infotainment touchscreen and 12-inch digital instrument cluster right in front of you, you can stay focused on the road ahead.

EV information display

- Powerflow display – Informs drivers on the current state of charge
- Charge display – displays an image of the charge port with the corresponding LED charge indication lights
- e-Save – enables the driver to determine how much battery energy needs to be conserved to ensure that the vehicle reaches its destination when in a zero emission zone
 There are three options:
 – 6 mile/12 mile range reserve/Maximum reserve
- Statistics – The Statistics display the average consumption data over a period of time using colour coded graphs
- **Green:** Energy recovered by braking phases and partial recharging by the petrol engine (kWh/mile)
- **Blue:** Energy consumed by the vehicle directly by the battery (kWh/mile)
- **Orange:** Fuel consumption (mpg)

Digital instrumentation

- Digital speedometer and rev counter
- Satellite Navigation display

- Digital fuel gauge with low fuel level warning light
- Digital water temperature gauge with warning light
- Shift-up/down indication light – Indicates when to change gear for optimum fuel economy

Driver information display (centrally located in digital instrument cluster)

- Total mileage • Service-due indicator
- Oil life • Tyre pressure monitoring system

Multi-function trip computer (displayed on digital instrument cluster)

- Trip mileage • Vehicle range based on remaining fuel
- Average speed • Average fuel economy
- Instantaneous fuel economy • Driving time

Digital central facia display (format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit

Model Specific Features

| 12-inch digital instrument cluster (centrally located in instrument panel) | ● | ● | | ● | ● | ● |

Standard Features

Multimedia with 7-inch touchscreen

Standard on Design models

Onboard features:

- 7-inch colour touchscreen
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 36 station presets
- Six speakers

Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone).
- SMS read out and reply

Smartphone interface:

- Apple CarPlay
- Android Auto™
- Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback

Additional features:

- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

Multimedia Navi Pro with 10-inch touchscreen

Standard on GS and Ultimate models

Standard on Mokka Electric models

Features as Multimedia, with the addition of:

- 10-inch colour touchscreen
- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB

Please note, Apple CarPlay screen illustrated on 10-inch colour touchscreen on multimedia Navi Pro audio unit.

Vauxhall Connect

Vauxhall Connect* is the new way to stay connected while on the road. Smart technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip. Activating Vauxhall Connected Services is easy, just visit Vauxhall Connect Store or download MyVauxhall app.

Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)
- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

Vauxhall SOS

In the event of a breakdown or accident, you can count on Vauxhall Connect as your car has its own SIM card installed. If something happens that means there may have been an accident – say, the airbags are inflated or the pre-tensioners on the seatbelts are activated – an automatic message will go off to the emergency services, with details of your location. Vauxhall Connect SOS can be activated manually too – just press the button and you'll be put straight through to the emergency services on the system's integrated phone. So, if you have an accident, or see one, it only takes a few seconds to call for help.

Got a problem with your car but don't need the emergency services? Just press the Vauxhall Connect Assistance button and you'll be connected to our control centre over the system's integrated phone.

Convenience

- E-remote control (Mokka Electric only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

E-remote

Check and manage your electric/hybrid vehicle range remotely and in real time using your smartphone. With MyVauxhall you can check the charge and range of your vehicle at any time, and if you're plugged into a charging point, you're even able to control charging when you're far away. To offer peace of mind, you can be alerted when the battery is full or the charging is interrupted.

The remote pre-conditioning feature allows you to warm or cool the vehicle to an optimal temperature before starting your journey. With your comfort in mind, this feature allows you to maximise range if your vehicle is on charge, by taking energy from the source, rather than the battery.

Drive Smart

- Live navigation[†] with on-line traffic, fuel prices and parking information, Points Of Interest (POI) search and weather
- Trip and drive management**
- Timestamping of trips, trip details, last vehicle position, guide-to-car and more

Live Navigation Plus[†]

Vauxhall's fully integrated navigation system helps you stay informed, providing real-time information from the leading European GPS provider, TomTom[®]. It can be operated using natural voice recognition, meaning your eyes need never leave the road.

Vauxhall Live Navigation Plus includes:

- TomTom[®] services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for addresses and points of interest
- Road safety alerts

PureEnergy

Model specific features are outlined in the following pages

1. 8-speed automatic transmission

The sophisticated 8-speed automatic transmission on petrol models has a number of features to help improve both efficiency and improve driving dynamics:

- Reduced internal friction to improve efficiency
- A torque converter design that has been specifically engineered to improve gear shift smoothness and reduce idling vibration
- Quickshift technology that offers one of the fastest shifting on the market
- Manual shifting mode available with shift paddles

2. Three driving modes

- Normal. For a balanced drive that offers the perfect combination of performance and fuel efficiency
- Sport. That improves steering feel, sharpens the throttle response, and raises the transmission shift points for a more dynamic driving experience
- Eco. For maximum fuel economy using shorter shifting points and a slower throttle response

2. Paddle shift

Mokka petrol automatic customers can also experience a more involving driving experience by using the paddle shift levers integrated into the steering wheel; a feature normally found on larger executive sports models.

3/4/5. Electric information displays

All electric-specific data on Mokka Electric models is displayed in the infotainment system and can be accessed using the special 'EV' button on the infotainment system. The EV app includes the following submenus:

- Flow
- Statistics
- E-save

Electric vehicle services

Electric vehicle services, such as thermal preconditioning and battery charging functions, are available not just with the MyVauxhall app, but also through the infotainment system in certain cases (Not illustrated).

Mokka Electric Specifications

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

| Drivetrain | Mokka Electric |
|---------------------------|---|
| CO ₂ emissions | 0g/km |
| Maximum power | 100kW (136PS) |
| Maximum torque | 260Nm (192lb. ft.) |
| Acceleration 0–60mph | 9.2 sec |
| Maximum speed | 93mph |
| Transmission | Automatic electric drive with fixed gear ratio |
| Service interval | Initial inspection at 8,000 miles/1 year (whichever comes sooner). Thereafter 16,000 miles/2 years (whichever comes sooner) |

VX_MOK_e_34017

VX_MOK_e_33783

Mokka Electric Specifications

Charging

Mokka Electric comes fitted with an 11kW on-board charger and mode 3 cable.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Mokka Electric) or by using the Multimedia Navi Pro infotainment system.

| Charging | | |
|---|--------|----------------------|
| Supply | Socket | Charge Time (0-100%) |
| AC current – Domestic 3 pin socket (2.3kW) | Type 2 | 21h 45m |
| AC current – Home wallbox or public charger (7kW) | Type 2 | 7h 30m |
| AC current – Public charger (11kW) | Type 2 | 5h |
| DC current – Rapid charger (100kW) | CCS | 30m (0-80%) |

| Battery | |
|--|------------------------------------|
| Battery capacity | 50kWh |
| AC on-board charger speed | 11kW |
| EV range (WLTP high) | 209 miles |
| Energy consumption (Combined low/high) | 15.8-16.2kWh/100km |
| Battery warranty | 8 years/100,000 miles/70% capacity |

Comfort and Convenience

Model specific features are outlined in the separate tabular information

1. Cool and in control

Air-con is standard on all Mokka's models with most featuring electronic climate control too. Filters help to keep allergy-causing pollens and bad smells out. A multizone sun sensor adjusts to sunlight intensity and keeps the entire cabin at a steady temperature, whatever the weather outside. It's safer, too: controlled particle air recirculation prevents windows from fogging up for improved visibility.

2. Storage solutions

There's space for everything inside Mokka, with storage spots in all the right places, and a 60/40 fully folding rear seat.

3. Heated front seats

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a driving experience to look forward to.

4. Heated steering wheel

Within a minute, the steering wheel will warm hands, however chilly it is outside, making driving not just more comfortable but safer too, thanks to the better control it offers.

5. Puddle lights

When exiting the car, an LED light under the door mirror lights up the pathway. The mirrors fold in electrically when parking and the headlights and tail lights illuminate the way to the front door.

Specifications

Transmission

- Front-wheel drive
- Six-speed manual gearbox
 - Available on 1.2 (100PS) Turbo/1.2 (136PS) Turbo models.
- Eight-speed automatic transmission
 - Available on 1.2 (130PS) Turbo models.

Steering

- Single pinion electrical power steering

Brakes

- Anti-lock Braking System (ABS)
- Electronic brakeforce distribution
- Emergency brake assist
- Cornering brake control
- Straight line stability control

Petrol engines

Front ventilated discs: 283mm diameter
Rear drums: 249mm diameter

Electric engine

Front ventilated discs: 302mm diameter
Rear discs: 268mm diameter

Fuel tank capacity

- 1.2 (100PS) Turbo/1.2 (130PS) Turbo/1.2 (136PS) Turbo
44 litres (9.7 gallons)

Start/Stop technology

Mokka's Start/Stop system offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

Effective 5 May 2023

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

*Correct at time of publication.

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Dimensions and Capacities All measurements in mm (inches) unless stated otherwise.

| Loadspace Dimensions | Mokka | Mokka Electric |
|----------------------------------|-------------|----------------|
| Maximum length behind rear seats | 667 (26.3) | 667 (26.3) |

¹Vehicle must be ordered with spare wheel fixing option (T7Y) in order to accommodate the spare wheel. ²Restrictions apply to the use of child seats, please consult your vehicle user manual or Vauxhall Retailer. ³Side steps and splash guards are not available together.

⁴Only available with anti-dazzle rear-view mirror. ⁵Only for use with 18-inch diamond-cut alloy wheels. ⁶Available on petrol models only.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

ELECTRIC vehicle: 0g/km CO₂

| | |
|--|------------|
| On-the-road RRP | £27,305.00 |
| Deduct: Vehicle Excise Duty | £0.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £27,250.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £27,850.00 |
| Car benefit charge 2023-24 tax year (2%) | £557.00 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £111.40 |
| Higher Rate (40%) tax payer | £222.80 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.

**Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 - £14,732 Starter Rate 19%
- Over £14,732 - £25,688 Basic Rate 20%
- Over £25,688 - £43,662 Intermediate Rate 21%
- Over £43,662 - £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|---|
| Up to 50 | 14% |
| 51 - 54 | 15% |
| 55 - 59 | 16% |
| 60 - 64 | 17% |
| 65 - 69 | 18% |
| 70 - 74 | 19% |
| 75 - 79 | 20% |
| 80 - 84 | 21% |
| 85 - 89 | 22% |
| 90 - 94 | 23% |
| 95 - 99 | 24% |
| 100 - 104 | 25% |
| 105 - 109 | 26% |
| 110 - 114 | 27% |
| 115 - 119 | 28% |
| 120 - 124 | 29% |
| 125 - 129 | 30% |
| 130 - 134 | 31% |
| 135 - 139 | 32% |
| 140 - 144 | 33% |
| 145 - 149 | 34% |
| 150 - 154 | 35% |
| 155 - 159 | 36% |
| 160 - 164 | 37% |
| 165 - 169 | 37% |
| 170+ | 37% |

| CO ₂ emissions (g/km) | Electric range (miles) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|------------------------|---|
| 0 | - | 2% |
| 1 - 50 | 130+ | 2% |
| 1 - 50 | 70 - 129 | 5% |
| 1 - 50 | 40 - 69 | 8% |
| 1 - 50 | 30 - 39 | 12% |
| 1 - 50 | <30 | 14% |

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, [Leasys](#) lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | First year rate Petrol | Standard rate Petrol | Standard rate Electric |
|------|--|------------------------|----------------------|------------------------|
| A | 0 | £0 | £0 | £0 |
| B | 1 – 50 | £10 | £180 | – |
| C | 51 – 75 | £30 | £180 | – |
| D | 76 – 90 | £130 | £180 | – |
| E | 91 – 100 | £165 | £180 | – |
| F | 101 – 110 | £185 | £180 | – |
| G | 111 – 130 | £210 | £180 | – |
| H | 131 – 150 | £255 | £180 | – |
| I | 151 – 170 | £645 | £180 | – |
| J | 171 – 190 | £1,040 | £180 | – |
| K | 191 – 225 | £1,565 | £180 | – |
| L | 226 – 255 | £2,220 | £180 | – |
| M | Over 255 | £2,605 | £180 | – |

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see vauxhall.co.uk/recycling

Vauxhall Care

This all-inclusive service package is available on Vauxhalls under 10 months old (from date of first registration).

This package offers complete peace of mind for the first 3 years of your Vauxhall's life with fixed monthly payments for the plan duration.

- **3 years' Vauxhall servicing** – covers first, second and third annual services. Including a brake-fluid change in the second service
- **2 years' Vauxhall Roadside Assistance** – first year from us
- **First years' MOT[†]** – free of charge by your local Vauxhall Retailer

For full terms and conditions and to sign up, visit: vauxhall.co.uk/vauxhallcare

Vauxhall Service Club

Vauxhall Service Club is available for all Vauxhall owners, and it's free to join. Members benefit from the following:

- 15% off Vauxhall Approved Accessories
- Vauxhall's aged 2-3 Years = 15% off parts and labour
- Vauxhall's aged over 3 Years = 25% off parts and labour
- Half price MOT's (NI excluded)
- Free pre-MOT test inspection (NI only)
- Fixed price AdBlue[®] Refills
 - Car = £14.99
 - Van = £24.99
- Access to the Vauxhall Accident Management Programme
- Online service booking available 24/7 with servicing appointments available within 3 days – [Book Online](#)
- Collection and delivery/onward mobility options
- Complimentary 'Wash and Vac' with all routine services^{††}
- Vauxhall trained technicians
- Genuine Vauxhall parts
- Minimum 12 months warranty on parts and labour
- Regular newsletters with exclusive offers, discounts and competitions

Terms and conditions apply. To join visit: vauxhall.co.uk/serviceclub

Vauxhall Insurance with added reassurance

Comprehensive cover – Summary of benefits

- Competitive premiums
- Repairs by a Vauxhall-trained technician
- Genuine Vauxhall parts, guaranteed for five years when we repair your car within our Approved Repairer Network
- Free courtesy car as standard when using an Approved Repairer[‡]
- 24 hour claims helpline
- Personal Accident benefit
- Cover for audio equipment
- Windscreen cover

Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car – we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing 7- or 8-inch display.

Choose Your Trim Level

Design

Design is Crossland's entry level trim which has a high level of specification as standard including the 7-inch colour touchscreen with smartphone projection, air-con and cruise control.

GS

Opt for GS for a touch of sportiness in your Crossland. Offering the visual appeal with a black roof, dark-tinted rear windows, 17-inch black alloy wheels and an interior that's unique to the GS.

It's sporty from the inside out but still offering the practicality and versatility needed for every day family life.

Ultimate

The top of the range Crossland – Ultimate has everything from Alcantara interior trim to satellite navigation.

Crossland Range Highlights

Design

Standard features include:

PureSense

- LED headlights
- Automatic lighting control
- Lane departure warning
- Speed sign recognition
- Driver drowsiness alert
- Forward collision alert (all speed)
- Automatic emergency braking with pedestrian detection
- Cruise control with speed limiter
- Hill start assist

PureConnect

- Multimedia infotainment system
 - 7-inch colour touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - Apple CarPlay/Android Auto™
 - USB connection
- Six speakers

Comfort and Convenience

- Air conditioning
- Leather-covered steering wheel
- Steering column adjustable for reach/rake
- 60/40 split-folding rear seat back
- Rain-sensitive windscreen wipers
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors
- Automatic anti-dazzle rear-view mirror

Styling

- 16-inch diamond-cut bi-colour five twin-spoke alloy wheels
- Black upper window moulding

GS

Features over Design models:

PureSense

- LED tail lights
- LED daytime running lights
- LED front fog lights
- Automatic high beam control and headlight levelling system
- Rear parking distance sensors

PureConnect

- Multimedia Navi Pro infotainment system
 - 8-inch colour touchscreen
 - Satellite navigation
 - 2 x USB connections
- 3.5-inch colour instrument display

Comfort and Convenience

- Dual-zone electronic climate control
- Front centre armrest with storage
- Ergonomic active driver's seat (AGR-approved*)
- Remote control security alarm system
- 12v rear seat power outlet

Styling

- 17-inch black five twin-spoke alloy wheels
- Black Griffin logo, vizer frame, rear lettering and skid plates
- Red upper window moulding
- Dark-tinted rear windows
- Black roof
- Chrome-effect digital instrument cluster surround

Ultimate

Features over GS models:

PureSense

- Panoramic rear-view camera
- Front and rear parking distance sensors
- Side blind spot alert
- Advanced park assist

Comfort and Convenience

- Heated front seats
- Heated steering wheel
- Alcantara interior seat trim
- Sliding 60/40 rear seat with centre rear seat armrest
- Load floor compartment FlexFloor with cargo under floor divider
- Keyless entry and start
- Electrically adjustable/heated power folding door mirrors

Styling

- 17-inch diamond-cut bi-colour five twin-spoke alloy wheels
- Silver-effect roof rails
- Chrome-effect upper window moulding

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

*Provisional fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price. On-the-road prices feature a VED based on preliminary CO₂ information.

PureSense

Model specific features are outlined in the separate tabular information

1. Automatic emergency braking with pedestrian detection

Front camera system monitors the traffic situation in front of the vehicle using the front camera to detect mobile and fixed cars as well as adult pedestrians. The system first warns you through a series of visual and audible alerts and should you not react quickly enough, will automatically brake the vehicle to avoid or mitigate the impact of front-end collisions.*

*Cycles, motorcycles, animals and other objects are not detected.

2. Lane departure warning with lane keep assist

If the driver has not actively steered or signalled, the lane departure warning system warns when the car moves outside of lane markings at speeds above 37mph.

3. Driver drowsiness alert

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.

4. Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

5. Cruise control with speed limiter

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

6. Forward collision alert

The system operates automatically and gives an audible warning as well as a visual warning when approaching another vehicle too quickly.

PureConnect

Model specific features are outlined in the following pages

1. Central display

The touchscreen infotainment comes as standard, with the availability of a digital instrumentation display, that puts important info directly into the driver's eyeline. It all works together to seamlessly connect driver, to car.

2. 3.5-inch colour instrument display

3.5-inch instrumentation clearly displays all the important figures; including speed, fuel levels and more.

3. Multimedia Navi Pro with 8-inch touchscreen

The app wall on the 8-inch infotainment touchscreen provides direct access to the main domains. These include radio, navigation and smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback.

4. AGR front seats*

The AGR label confirms that the Crossland's ergonomically certified AGR seats meet even the highest levels of comfort.

*AGR (The Campaign for Healthier Backs) is an independent centre of excellence for ergonomics, based in Germany.

Standard Infotainment Features

Multimedia with 7-inch touchscreen

Standard on Design

Onboard features:

- 7-inch colour touchscreen
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 36 station presets
- Six speakers

Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone).
- SMS read out and reply

Smartphone interface:

- Apple CarPlay
- Android Auto™
- Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback

Additional features:

- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

Multimedia Navi Pro with 8-inch Touchscreen

Standard on GS and Ultimate

Features as Multimedia, with the addition of:

- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB
- 1 extra USB connection

Standard Driver Information Features

Instrumentation

- Speedometer and rev counter
- Fuel gauge with low fuel level warning light
- Water temperature gauge with warning light
- Shift-up/down indication light – Indicates when to change gear for optimum fuel economy

Driver information display (centrally located in instrument cluster)

- Trip computer data
- Total mileage
- Service-due indicator
- Oil life
- Tyre pressure monitoring system

Multi-function trip computer (displayed on driver information display)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed
- Average fuel economy
- Instantaneous fuel economy

Central facia display (format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit

Comfort and Convenience

Model specific features are outlined in the separate tabular information

1. Cool and in control

Air conditioning is standard on all Crossland's with most featuring dual-zone electronic climate control too. Filters help to keep allergy-causing pollens and bad smells out. A multizone sun sensor adjusts to sunlight intensity and keeps the entire cabin at a steady temperature, whatever the weather outside. It's safer, too: controlled particle air recirculation prevents windows from fogging up for improved visibility.

2. Heated front seats

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a driving experience to look forward to.

3. Storage solutions

You can split the rear seats 60/40 and slide them forward or back to expand the boot space up to 520 litres. Or, if you flip the back row of seats flat, you've got a whopping 1,255 litres.

4. Heated steering wheel

Within a minute, the steering wheel will warm hands, however chilly it is outside, making driving not just more comfortable but safer too, thanks to the better control it offers.

Rear discs: 249mm diameter

Fuel tank capacity

- 45 litres (9.9 gallons)

Body

- Aerodynamic drag co-efficient: Cd 0.31

Start/Stop technology

Crossland's Start/Stop system, fitted as standard to all models, offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal. System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored.

If necessary, the engine will automatically be restarted.

Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

| 1.2 (130PS) Turbo auto | 1835 | 840 (600) |

#Provisional figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification. *Correct at time of publication.

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Dimensions and Capacities All measurements in mm (inches) unless stated otherwise.

| Loadspace Dimensions | |
|----------------------------------|-------------|
| Maximum length behind rear seats | 793 (31.2) |
| Maximum length rear seats folded | 1483 (58.4) |
| Maximum width | 1000 (39.4) |
| Maximum height | 894 (35.2) |

| Luggage Capacities – Litres (cu.ft.) | |
|---|-------------|
| Rear seats up (under luggage compartment cover) | 410 (14.5) |
| Rear seats up with optional sliding rear seats in forward-most position | 520 (18.4) |
| Rear seats folded (to roof) | 1255 (44.3) |

Please note, vehicles illustrated are not model specific and are for illustrative purposes only.

| Stretch tow rope | £20 | | | | | – Detachable | from £502 |

Please note: Prices shown are fully fitted and painted, where applicable and include VAT. Please check with your local Vauxhall Retailer for details. It is advisable to ensure your insurance policy is adequate to cover additional fitted accessories. Prices correct at time of publication.

¹Vehicle must be ordered with spare wheel fixing option (T7Y) in order to accommodate the spare wheel. ²Can only be fitted with rear parking sensors. ³Only compatible with IOA radio (BYOM2). ⁴Restrictions apply to the use of child seats, please consult your vehicle user manual or Vauxhall Retailer. ⁵Not compatible with spare wheel. ⁶A dedicated T-Track adapter (Thule 697-4 or Thule 697-6) is required for the installation of specific roof boxes, contact your local Vauxhall Retailer for details.

Company Car Driver and Fleet Information

High spec, low P11D

As a business and company car driver, you'll find all of our models are seriously fit for fleet; we're talking very low P11D values, generous standard specification and high-tech engines designed for great fuel economy and low emissions – and that's just to get you started.

To get access to even more spec as standard, simply take a step up in the range – low P11D values will continue to apply.

Drivers and businesses all have unique requirements and by taking advantage of low whole-life costs and low company car driver taxation you can get in the driving seat with the spec to suit.

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

| PETROL vehicle: 129g/km CO ₂ | |
|---|------------|
| On-the-road RRP | £20,260.00 |
| Deduct: Vehicle Excise Duty | -£190.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £20,015.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £20,615.00 |
| Car benefit charge 2023-24 tax year (30%) | £6,184.50 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £1,237.00 |
| Higher Rate (40%) tax payer | £2,474.00 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.

**Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 – £14,732 Starter Rate 19%
- Over £14,732 – £25,688 Basic Rate 20%
- Over £25,688 – £43,662 Intermediate Rate 21%
- Over £43,662 – £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|---|
| Up to 50 | 14% |
| 51 – 54 | 15% |
| 55 – 59 | 16% |
| 60 – 64 | 17% |
| 65 – 69 | 18% |
| 70 – 74 | 19% |
| 75 – 79 | 20% |
| 80 – 84 | 21% |
| 85 – 89 | 22% |
| 90 – 94 | 23% |
| 95 – 99 | 24% |
| 100 – 104 | 25% |
| 105 – 109 | 26% |
| 110 – 114 | 27% |
| 115 – 119 | 28% |
| 120 – 124 | 29% |
| 125 – 129 | 30% |
| 130 – 134 | 31% |
| 135 – 139 | 32% |
| 140 – 144 | 33% |
| 145 – 149 | 34% |
| 150 – 154 | 35% |
| 155 – 159 | 36% |
| 160 – 164 | 37% |
| 165 – 169 | 37% |
| 170+ | 37% |

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, [Leasys](#) lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | First year rate Petrol | Standard rate Petrol |
|------|--|------------------------|----------------------|
| A | 0 | £0 | £0 |
| B | 1 – 50 | £10 | £180 |
| C | 51 – 75 | £30 | £180 |
| D | 76 – 90 | £130 | £180 |
| E | 91 – 100 | £165 | £180 |
| F | 101 – 110 | £185 | £180 |
| G | 111 – 130 | £210 | £180 |
| H | 131 – 150 | £255 | £180 |
| I | 151 – 170 | £645 | £180 |
| J | 171 – 190 | £1,040 | £180 |
| K | 191 – 225 | £1,565 | £180 |
| L | 226 – 255 | £2,220 | £180 |
| M | Over 255 | £2,605 | £180 |

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free* phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see vauxhall.co.uk/recycling

Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can feel the instant excitement of electric. Everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car - we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing Pure Panel display. And, just as intelligently, it connects you to your car's onboard tech, through touchscreen and voice control.

Vauxhall PureEnergy

At Vauxhall, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative Plug-in Hybrid models available across the range, including the all-new 300PS 4WD GSe model, there's an electrified Grandland that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from Vauxhall.

Choose Your Trim Level

Design

Design is Grandland's entry level trim which has a high level of specification as standard including the 7-inch colour touchscreen with smartphone projection, 17-inch alloy wheels, dual-zone climate control and more.

GS

The sporty GS provides an aggressive look with a black roof and door mirrors combined with 18-inch high gloss black alloy wheels, dark tinted rear windows and high gloss black exterior detailing.

Also available as a Plug-in Hybrid model.

Ultimate

Ultimate builds on the already impressive GS spec adding a 360° panoramic parking camera, Alcantara seats, high gloss black badging and more.

Also available as a Plug-in Hybrid model.

GSe

The new GSe (Grand Sport electric) radically redefines pure performance combining bold SUV design with exhilarating, electrified technology. This is responsible high energy excitement.

Grandland Plug-in Hybrid Range Highlights

GS

Standard features include:

- Remote control security alarm system

Styling

- 18-inch 5-twin spoke high gloss black alloy wheels
- High gloss black front and rear badging
- High gloss black protective front and rear skid plates
- Carbon Black protective wheel arches and lower door cladding
- Black roof with high gloss black roof rails
- High gloss black exterior detailing
- Dark-tinted rear windows
- Alloy-effect sports pedals

Grandland Plug-in Hybrid Ultimate

VX_GRA_PHEV_33860

Ultimate OTR from £44,360

PureSense

- IntelliLux adaptive LED® pixel headlights
- LED front fog lights, tail lights and daytime running lights
- High beam assist
- Automatic lighting control
- Electronic parking brake
- Front and rear parking distance sensors
- Lane departure warning with lane keep assist
- Speed sign recognition
- Driver drowsiness alert
- Forward collision alert
- Automatic emergency braking
- Highway integration assist
 - Lane positioning assist
 - Adaptive cruise control
- Six airbags
- Hill start assist
- ISOFIX child seat fixings on front passenger seat and outer rear seats
- 360° panoramic parking camera
- Side blind spot alert
- Advanced park assist

PureConnect

- Multimedia Pure Panel Navigation system
 - 10-inch colour touchscreen
 - 12-inch digital instrument cluster
 - Satellite navigation
 - AM/FM/DAB digital radio – Bluetooth®
 - Apple CarPlay/Android Auto™
 - Front USB connection
- Six speakers
- Vauxhall Connect
- Wireless charger for mobile devices

Comfort and Convenience

- Dual-zone electronic climate control with pre-conditioning
- Heated flat-bottomed leather-covered steering wheel
- Steering wheel audio/phone/cruise controls
- 60/40 split-folding rear seat backs
- Rain-sensitive windscreen wipers
- Electrically operated front and rear windows
- Electrically adjustable/heated power folding door mirrors
- Soundproofed insulated windscreen
- Ergonomic active heated sports-style front seats (AGR approved*)
- Driver's armrest
- Centre rear seat armrest with load through facility
- Frameless automatic anti-dazzle rear-view mirror with LED spotlight
- Remote control security alarm system
- Storage pocket on front seat backs
- Power operated tailgate with foot sensor
- Alcantara interior seat trim
- Partial heated windscreen
- Keyless entry and start

Styling

- 19-inch bi-colour diamond-cut alloy wheels
- Black roof with high gloss black roof rails
- High gloss black exterior detailing
- High gloss black front and rear badging
- Body colour protective wheel arches and lower door cladding
- Dark-tinted rear windows
- Alloy-effect sports pedals
- Alloy-effect protective front/rear skid plates

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

*Provisional fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

PureSense

Model specific features are outlined in the separate tabular information

1. Automatic emergency braking with pedestrian detection

Front camera system monitors the traffic situation in front of the vehicle using the front camera to detect mobile and fixed cars as well as adult pedestrians. The system first warns you through a series of visual and audible alerts and should you not react quickly enough, will automatically brake the vehicle to avoid or mitigate the impact of front-end collisions.*

*Cycles, motorcycles, animals and other objects are not detected.

2. Lane departure warning with lane keep assist

Front camera and radar system Adds radar-based technology, enabling you to detect fixed and mobile objects, such as cycles and pedestrians. The system will even bring the vehicle to a complete standstill when driving under 30mph in traffic.

3. Driver drowsiness alert

If you do not actively steer or signal, the system warns when the car moves outside of lane markings at speeds above 37mph. If evasive action is not taken, it will provide a gentle nudge of steering correction.

4. Cruise control with intelligent speed limiter

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.

5. Highway integration assist

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving and to keep within ever changing speed limits during roadworks.

6. Highway integration assist

Highway integration assist is an innovative combination of advanced cruise control and lane positioning assist. Working as a semi-automatic system, it uses radar to help the driver safely integrate into a motorway lane, follow a particular lane, or follow a vehicle ahead. Engaged at the touch of a button you can take control from the system anytime by simply moving the steering wheel.

Model specific features are outlined in the separate tabular information

1. Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

2. Side blind spot alert

Drivers can change lanes with more confidence. It alerts the driver to vehicles in the blind spot within 3m in parallel lanes via the flashing icon in the side mirror.

3. Hill start assist

Working together with the electric handbrake, the system briefly maintains rear brake pressure to stop the vehicle rolling back on an incline when pulling away.

4. Advanced park assist

Finds the appropriate parking spaces and actively parks the car. It controls the steering, while the driver takes care of acceleration, braking and gear changes.

5. 360° panoramic parking camera

This super smart camera gives you a pin-sharp, extra-wide view of the blind spots at the front and back of your car.

6. Keyless entry and start

Simply get in and start the engine without having to find the keys.

Model specific features are outlined in the separate tabular information

1. IntelliLux adaptive LED® pixel headlights

With 84 segments per headlight, the latest IntelliLux adaptive LED® pixel system offers improved visibility that helps make night time driving significantly safer.

2. Anti-glare beam

Anti-glare beam is an advanced full beam that controls independent units of the IntelliLux adaptive LED® pixel headlights.

3. High beam assist

High beam assist switches automatically between full and dipped beam to reduce the risk of blinding other road users.

4. Energy saving mode

Energy saving mode switches the cornering lights on and off in conjunction with the Start/Stop System.

5. Tourist mode

Tourist mode decreases the beam intensity and is designed for driving in countries where traffic drives on the other side the road.

6. Manoeuvring mode

Manoeuvring mode provides extra light around the vehicle and is designed for parking and reversing.

7. Cornering lights

Cornering light illuminates the road in the direction of travel on slow corners. Becomes active when the indicator has been activated (only up to 25 mph) or a certain steering angle threshold is breached.

Motorway mode

Motorway mode recognizes whether the vehicle is on a motorway and responds by adapting the headlights for optimum night-time motorway driving (not illustrated).

PureConnect

Model specific features are outlined in the following pages

1. Central display

Has a multimedia system as standard with a 7-inch colour touchscreen on Design models and 10-inch on all others, both integrated seamlessly into the new Pure Panel.

2. Smartphone projection

Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback with Apple CarPlay and Android Auto™ compatibility.*

3. Instrument cluster

The driver can customise the content shown on the up to fully digital 12-inch driver information cluster. In addition pop-ups such as receiving calls and alerts can be displayed.

4. Inductive wireless smartphone charger

Smartphones can be charged inductively on the charging pad in the front of the centre console.

5. AGR front seats**

The AGR label confirms that the new Grandland's ergonomically certified AGR front seats meet even the highest levels of comfort. Also included on Ultimate models, 3-stage seat heating.

*Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries.

**AGR (The Campaign for Healthier Backs) is an independent centre of excellence for ergonomics, based in Germany.

Standard Pure Panel Features – The following features are standard across the entire Grandland range.

Pure Panel Digital Display

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With up to 10-inch infotainment touchscreen and 12-inch digital instrument cluster right in front of you, you can stay focused on the road ahead.

EV information display

- Powerflow display – Informs drivers on the current state of charge and what is being used as the power source, petrol or electric
- Charge display – displays an image of the charge port with the corresponding LED charge indication lights
- e-Save – enables the driver to determine how much battery energy needs to be conserved to ensure that the vehicle reaches its destination when in a zero emission zone
There are three options:
– 6 mile/12 mile range reserve/Maximum reserve
- Statistics – The Statistics display the average consumption data over a period of time using colour coded graphs
- **Green:** Energy recovered by braking phases and partial recharging by the petrol engine (kWh/mile)
- **Blue:** Energy consumed by the vehicle directly by the battery (kWh/mile)
- **Orange:** Fuel consumption (mpg)

Digital instrumentation

- Digital speedometer and rev counter
- Satellite Navigation display
- Digital fuel gauge with low fuel level warning light
- Digital water temperature gauge with warning light
- Shift-up/down indication light – Indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in digital instrument cluster)

- Total mileage • Service-due indicator
- Oil life • Tyre pressure monitoring system

Multi-function trip computer

(displayed on digital instrument cluster)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed • Average fuel economy
- Instantaneous fuel economy • Driving time

Digital central facia display

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function

Standard Infotainment Features

Multimedia with 7-inch touchscreen

Onboard features:

- 7-inch colour touchscreen
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 25 station presets

Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)
- Six speakers

Mobile phone portal:

- Bluetooth® connectivity
- Handsfree calls via steering wheel controls
- Vehicle microphone
- Phone book access – contacts/last calls/missed calls etc. are mirrored on IntelliLink's display and are easily navigated using the touchscreen (features dependent on mobile phone)

Smartphone interface:

- Apple CarPlay • Android Auto™
- Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback

Additional features:

- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

Multimedia Navi Pro with 10-inch touchscreen

Features as Multimedia, with the addition of:

Onboard features:

- 10-inch colour touchscreen

Navigation features:

- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB

Additional features:

- Shark fin aerial

Vauxhall Connect

Vauxhall Connect* is the new way to stay connected while on the road. Smart technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip. Activating Vauxhall Connected Services is easy, just visit Vauxhall Connect Store or download MyVauxhall app.

Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)
- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

Vauxhall SOS

In the event of a breakdown or accident, you can count on Vauxhall Connect as your car has its own SIM card installed. If something happens that means there may have been an accident – say, the airbags are inflated or the pre-tensioners on the seatbelts are activated – an automatic message will go off to the emergency services, with details of your location.

Vauxhall Connect SOS can be activated manually too – just press the button and you'll be put straight through to the emergency services on the system's integrated phone. So, if you have an accident, or see one, it only takes a few seconds to call for help.

Got a problem with your car but don't need the emergency services? Just press the Vauxhall Connect Assistance button and you'll be connected to our control centre over the system's integrated phone.

Convenience

- E-remote control (Plug-in Hybrid only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

E-remote

Check and manage your electric/hybrid vehicle range remotely and in real time using your smartphone. With MyVauxhall you can check the charge and range of your vehicle at any time, and if you're plugged into a charging point, you're even able to control charging when you're far away. To offer peace of mind, you can be alerted when the battery is full or the charging is interrupted.

The remote pre-conditioning feature allows you to warm or cool the vehicle to an optimal temperature before starting your journey. With your comfort in mind, this feature allows you to maximise range if your vehicle is on charge, by taking energy from the source, rather than the battery.

Drive Smart

- Live navigation[†] with on-line traffic, fuel prices and parking information, Points Of Interest (POI) search and weather
- Trip and drive management**
- Timestamping of trips, trip details, last vehicle position, guide-to-car and more

Live Navigation Plus[†]

Vauxhall's fully integrated navigation system helps you stay informed, providing real-time information from the leading European GPS provider, TomTom[®]. It can be operated using natural voice recognition, meaning your eyes need never leave the road.

Vauxhall Live Navigation Plus includes:

- TomTom[®] services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for addresses and points of interest
- Road safety alerts

PureEnergy

Model specific features are outlined in the following pages

1. Electrified transmission

The e-EAT8 electrified 8-speed automatic transmission system is standard on the Grandland Plug-in Hybrid and offers smooth transition between gears. It features:

- A multi-disc wet clutch, replacing the torque convertor
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Electric motor adds an additional electric power of 81.2kW (110PS) and makes a torque of 320Nm for 10 seconds

2. Paddle shift

Grandland automatic customers can also experience a more involving driving experience by using the paddle shift levers integrated into the steering wheel; a feature normally found on larger executive sports models.

3/4/5. Hybrid information displays

All Plug-in Hybrid-specific data is displayed in the infotainment system and can be accessed using the special 'EV' button on the infotainment system. The EV app includes the following submenus:

- Flow
- Statistics
- E-save

6. Electric vehicle services

Electric vehicle services, such as thermal preconditioning and battery charging functions, are available not just with the MyVauxhall app, but also through the infotainment system in certain cases.

PureEnergy – GSe

Model specific features are outlined in the following pages

1. New Grandland GSe

GSe stands for Grand Sport Electric. This performance SUV builds on Vauxhall's bold and pure design while a driver-focused, bespoke chassis set-up, with all-wheel drive traction, complements the dynamic performance of an electrified 300PS powertrain.

2. Four-wheel drive electrified rear axle

The electrified rear axle is exclusive for the GSe 4WD drivetrain and includes the following:

- Additional power of 83kW and 166Nm of torque for 10 seconds
- An electric motor, inverter and reducer
- Rear-axle cross member modified by an electrified multi-arm axle

3. Drive mode selector

The drive mode selector is positioned next to the automatic gearbox with electric shifter this enables GSe drivers to select the additional AWD mode:

- AWD activates the engine and electric motor to provide all-wheel drive with improved grip on tough surfaces

4. Unique chassis set-up

GSe features a unique suspension set-up and steering calibration. With decoupled MacPherson struts at the front and a multi-link rear axle, GSe is fitted with firmer front and rear springs and Koni FSD (Frequency Selective Damping) technology, which enables different damping characteristics for the optimum balance between handling and ride comfort.

Plug-in Hybrid Specifications

Electrified Transmission

The 8-speed electrified transmission system is standard and offers both smooth transition between gears. The 8-speed electrified gearbox includes the following content:

- Multi-disc wet clutch replaces removed torque converter
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Comes with intuitive and stylish Automatic gearbox with electric shifter with shift paddles

Drive Mode Selector

The Drive Mode selector is positioned next to the Automatic gearbox with electric shifter and enables drivers to select one of the following:

- Hybrid is the default mode and offers the best of both worlds between controlled fuel consumption and on-road performance
- Sport mode, draws on the combined power of the engine and motor for a more dynamic drive
- Electric activates the electric engine only, for zero CO₂ emissions and complete silence
- On Hybrid4 models AWD activates the engine and electric engine to provide AWD and improve grip on rough surfaces

iBooster

The iBooster energy-recovery system enables the passive recovery of energy when in motion. The energy produced by the resistance of the brakes against the drivetrain is used through the iBooster and converted to partially recharge the battery.

Fuel tank capacity

- 43 litres (9.4 gallons)

Weights

- Kerbweight FWD: 1735kg
- Kerbweight AWD: 1805kg
- Maximum towing weight FWD:
Braked trailer 1250kg (without brakes 600kg)

Charging

- Grandland Plug-in Hybrid range comes fitted with a type 2 charging cable and a 3.7kW on-board charger as standard. Includes cable bag at no extra cost
- A 7.4kW on-board charger can be purchased as an option for £500 inc VAT

This option halves the vehicle charging time when charging with a 7kW wallbox.

Please note: A type 2 cable (standard UK socket*) would charge the vehicle in less than 8 hours.

Grandland Plug-in Hybrid range charging time examples are listed showing times dependant on the various powers of charge point which the vehicle is plugged into.

| Charging | | |
|--|--------|----------------------|
| Supply | Socket | Charge Time (0-100%) |
| AC current - Domestic 3 pin socket (2.3kW) | Type 2 | 6 hours |
| AC current - Home wallbox or public charger (3.6kW) | Type 2 | 4 hours |
| AC current - Home wallbox or public charger (7kW)** | Type 2 | 2 hours |

Plug-in Hybrid Specifications

| Petrol Engine | 1.6 (225PS) | 1.6 (300PS) |
|--|---|-----------------------------|
| Maximum power | 180PS (133kW) @ 6000rpm | 200PS (147kW) @ 6000rpm |
| Combined power output | 225PS (165kW) | 300PS (221kW) |
| Maximum torque | 300Nm (221lb.ft.) @ 3000rpm | 300Nm (265lb.ft.) @ 3000rpm |
| Combined torque | 360Nm (265lb.ft.) | 520Nm (383lb.ft.) |
| Combined CO ₂ emissions (WLTP)# | 28g/km | 27g/km |
| Combined fuel economy (WLTP)# | 235.4mpg (1.2l/100km) | 235.4mpg (1.2l/100km) |
| Maximum speed/electric only | 140/84mph | 146/84mph |
| 0-60mph | 8.9 secs | 6.1 secs |
| Configuration | 4 cylinders, 4 valves per cylinder, double overhead camshafts | |
| Fuel/induction system | Turbocharger. Variable Valve Timing. Common rail direct injection | |
| Emission compliance | Euro 6d | |
| Service interval | 20,000 miles or 1 year (whichever occurs sooner) | |

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed via MyVauxhall App or Infotainment system.

All-wheel Drive Electrified Rear Axle

The Electrified Rear Axle is exclusive on the Hybrid4 AWD drivetrain and includes the following:

- Additional power of 80kW and torque boost of 166Nm for 10 seconds
- Contains an electric motor, inverter and reducer
- Rear axle cross member modified by an electrified multi-arm axle

| Electric Motor | 1.6 (225PS) | 1.6 (300PS) |
|----------------|---------------------------------|---------------------------------|
| Maximum power | 110PS (81.2kW) @ 2500rpm | 223PS (164.2kW) @ 2500rpm |
| Maximum torque | 320Nm (236lb.ft.) @ 500-2500rpm | 486Nm (358lb.ft.) @ 500-2500rpm |

| Battery | 1.6 (225PS) | 1.6 (300PS) |
|--|------------------------------------|---------------|
| Battery capacity | 14.2kWh | 14.2kWh |
| AC on-board charger speed (standard) | 3.7kW | 3.7kW |
| Equivalent Electric-only Range - EAER (WLTP high)# | 41 miles | 41 miles |
| Energy consumption (WLTP Combined) | 16.4kWh/100km | 16.4kWh/100km |
| Battery warranty | 8 years/100,000 miles/70% capacity | |

VX_GRA_PHEV_33863

These figures were obtained using a combination of battery power and fuel. The Grandland Plug-in Hybrid requires mains electricity for charging.

#WLTP Figures shown are for comparison purposes and should only be compared to the fuel consumption, CO₂ values and electric range of other cars tested to the same technical standard. The fuel consumption and electric range achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); charging frequency; battery condition; variations in weather; driving styles and vehicle load. For more information contact your local Vauxhall Retailer.

Comfort and Convenience

Model specific features are outlined in the separate tabular information

1. Cool and in control

Electronic climate control is standard on Grandland's with dual-zone features available. Filters help to keep allergy-causing pollens and bad smells out. A multizone sun sensor adjusts to sunlight intensity and keeps the entire cabin at a steady temperature, whatever the weather outside. It's safer, too: controlled particle air recirculation prevents windows from fogging up for improved visibility.

2. Power operated tailgate with foot sensor

A sensor-operated power tailgate gives you hands-free access when carrying and loading luggage. You just need to swipe your foot under the rear bumper of the car to spring open the tailgate. Simply press the button on the inside of the tailgate to automatically close the tailgate.

3. Heated front seats

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a driving experience to look forward to.

4. Heated steering wheel

Within a minute, the steering wheel will warm hands, however chilly it is outside, making driving not just more comfortable but safer too, thanks to the better control it offers.

5. Heated windscreen*

Kiss goodbye to early morning ice scraping with a handy heated windscreen. Pair it with heated front seats and steering wheel, and it's smiles all round.

Storage solutions

There's space for everything inside Grandland, with storage in all the right places, featuring 60/40 split folding rear seat backs (not illustrated).

*Only available on petrol and diesel models. Plug-in Hybrid models feature a partial heated windscreen.

Specifications

Transmissions

Six-speed manual gearbox

Standard on all models.

Eight-speed automatic transmission

Available at extra cost on all models.

The 8-speed automatic gearbox available for the Grandland offers smooth transitions between gears. The 8-speed automatic gearbox with the cobra-style shifter, which is standard for combustion engine and Plug-in Hybrid, includes the following features:

- Optimised internal frictions to improve efficiency
- Optimised torque convertor to improve gear shift smoothness and reduce idling vibrations
- Quickshift technology that offers one of the fastest shifting on the market
- Manual shifting mode available with shift paddles

Steering

- Speed-sensitive electric power-assisted steering

Fuel tank capacity

- 53 litres (11.6 gallons)

AdBlue® tank capacity

- 17 litres (3.7 gallons)

Braking and stability

- Switchable Electronic Stability Programme (ESP)
- Anti-lock Braking System (ABS)
- Corner stability control
- Traction control
- Hill start assist
- Hydraulic brake assist
- Electronic brakeforce distribution

All models

Front ventilated discs: 304mm diameter

Rear discs: 268mm diameter

Suspension

Front: Independent. Decoupled MacPherson struts with gas-pressure dampers and coil springs.

Anti-roll bar.

Rear: Compound crank with coil springs and gas-pressure dampers.

GSe models

Front: Independent Decoupled MacPherson struts with Koni FSD (Frequency Selective Damping) oil-filled dampers and revised front springs. Anti-roll bar.

Rear: Compound crank with coil springs and Koni FSD (Frequency Selective Damping) oil-filled dampers and revised rear springs.

Start/Stop technology

Grandland's Start/Stop system, fitted as standard to all models, offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal. System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode
- Self-cleaning function of the diesel particulate filter is not active

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

| Petrol Engine | 1.2 (130PS) Turbo |

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

*Correct at time of publication.

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Dimensions and Capacities All measurements in mm (inches) unless stated otherwise.

VX_GRA_33127

VX_GRA_33126

| Loadspace Dimensions | Petrol/Diesel | Plug-in Hybrid range |
|------------------------------------|---------------|----------------------|
| Maximum length (behind rear seats) | 873 (34.4) | 873 (34.4) |

¹Vehicle must be ordered with spare wheel fixing option (T7Y) in order to accommodate the spare wheel. ²Petrol and diesel models only. ³For manual transmission only. ⁴Restrictions apply to the use of child seats, please consult your vehicle user manual or Vauxhall Retailer.

⁵A dedicated T-Track adapter (Thule 697-4 or Thule 697-6) is required for the installation of specific roof boxes, contact your local Vauxhall Retailer for details.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

Hybrid vehicle: 24g/km CO₂, up to 43 miles (electric-only range)

| | |
|---|------------|
| On-the-road RRP | £32,200.00 |
| Deduct: Vehicle Excise Duty | -£10.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £32,135.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £32,735.00 |
| Car benefit charge 2023-24 tax year (28%) | £2,619.00 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £523.80 |
| Higher Rate (40%) tax payer | £1,047.60 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.
**Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 - £14,732 Starter Rate 19%
- Over £14,732 - £25,688 Basic Rate 20%
- Over £25,688 - £43,662 Intermediate Rate 21%
- Over £43,662 - £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|---|
| Up to 50 | 14% |
| 51 - 54 | 15% |
| 55 - 59 | 16% |
| 60 - 64 | 17% |
| 65 - 69 | 18% |
| 70 - 74 | 19% |
| 75 - 79 | 20% |
| 80 - 84 | 21% |
| 85 - 89 | 22% |
| 90 - 94 | 23% |
| 95 - 99 | 24% |
| 100 - 104 | 25% |
| 105 - 109 | 26% |
| 110 - 114 | 27% |
| 115 - 119 | 28% |
| 120 - 124 | 29% |
| 125 - 129 | 30% |
| 130 - 134 | 31% |
| 135 - 139 | 32% |
| 140 - 144 | 33% |
| 145 - 149 | 34% |
| 150 - 154 | 35% |
| 155 - 159 | 36% |
| 160 - 164 | 37% |
| 165 - 169 | 37% |
| 170+ | 37% |

| CO ₂ emissions (g/km) | Electric range (miles) | Percentage of cars price to be taxed 2023-24 tax year |
|----------------------------------|------------------------|---|
| 0 | - | 2% |
| 1 - 50 | 130+ | 2% |
| 1 - 50 | 70 - 129 | 5% |
| 1 - 50 | 40 - 69 | 8% |
| 1 - 50 | 30 - 39 | 12% |
| 1 - 50 | <30 | 14% |

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, [Leasys](#) lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | First year rate Petrol/Diesel | Standard rate Petrol/Diesel | Standard rate Hybrid |
|------|--|-------------------------------|-----------------------------|----------------------|
| A | 0 | £0 | £0 | £0 |
| B | 1 – 50 | £10 | £180 | £0 |
| C | 51 – 75 | £30 | £180 | £20 |
| D | 76 – 90 | £130 | £180 | £120 |
| E | 91 – 100 | £165 | £180 | £155 |
| F | 101 – 110 | £185 | £180 | £175 |
| G | 111 – 130 | £210 | £180 | £200 |
| H | 131 – 150 | £255 | £180 | £245 |
| I | 151 – 170 | £645 | £180 | £635 |
| J | 171 – 190 | £1,040 | £180 | £1,030 |
| K | 191 – 225 | £1,565 | £180 | £1,555 |
| L | 226 – 255 | £2,220 | £180 | £2,010 |
| M | Over 255 | £2,605 | £180 | £2,595 |

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see [vauxhall.co.uk/recycling](https://www.vauxhall.co.uk/recycling)

Vauxhall Care

This all-inclusive service package is available on Vauxhalls under 10 months old (from date of first registration).

This package offers complete peace of mind for the first 3 years of your Vauxhall's life with fixed monthly payments for the plan duration.

- **3 years' Vauxhall servicing** – covers first, second and third annual services. Including a brake-fluid change in the second service
- **2 years' Vauxhall Roadside Assistance** – first year from us
- **First years' MOT[†]** – free of charge by your local Vauxhall Retailer

For full terms and conditions and to sign up, visit: [vauxhall.co.uk/vauxhallcare](https://www.vauxhall.co.uk/vauxhallcare)

- Two foldable tables with cupholders

Exterior convenience/styling:

- Nearside and offside sliding side-access door with opening windows
- Tailgate with opening heated window and wiper
- Body-colour front and rear bumpers
- Body-colour door handles and side-access door rail covers
- Side-protection mouldings
- Front fog lights
- 16-inch alloy wheels
- Emergency tyre inflation kit
- Roof rails
- Rain-sensitive windscreen wipers
- High beam assist
- Electrically operated front and rear windows

- Electrically adjustable/foldable/heated door mirrors
- Dark-tinted rear windows
- Daytime running lights

Safety/security:

- Rear parking distance sensors
- Automatic emergency braking with pedestrian detection
- Electronic stability programme with traction control
- Anti-lock braking system
- Forward collision alert
- Emergency brake assist
- Lane departure warning with lane keep assist
- Automatic lighting control
- Cruise control with speed limiter
- Speed sign recognition
- Six airbags
- Driver drowsiness system
- Tyre pressure monitoring system

Design XL 7-seat

7-seat models additionally feature:

- Two individual split-folding and removable third-row seats
- Sliding facility for third-row seats

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price. Price has been calculated using manufacturer estimates. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Combo Life's diesel engines meet the Real Driving Emissions Step 2 (RDE2) standards.

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

[#]Fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Safety

Standard Features – The following features are standard across the entire Combo Life range.

Airbags

- Driver's airbag
- Front passenger's airbag
- Two front seat side-impact airbags
- Full-size curtain airbags

Seating

- Three height adjustable rear seat head restraints

Seatbelts

- Lap and diagonal inertia-reel seatbelts
- 'Seatbelt unfastened' audible warning and warning light

Braking

- Automatic emergency braking – The system works automatically in conjunction with forward collision alert, at speeds between 3mph and 70mph, and detects both vehicles and pedestrians. If no avoiding action is taken by the driver, at speeds below 19mph the system automatically slows the vehicle to a full stop with emergency braking of 0.9g. At speeds from 19mph to 70mph it brakes automatically to reduce speed by a maximum of 30mph – to reduce speed even further the driver must brake themselves

- Anti-lock Braking System (ABS)
- Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel
- Engine drag torque control – Improves directional stability by preventing the driven wheels from locking on slippery surfaces under the influence of engine braking
- Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline

Child safety

- Deactivation switch for front passenger's front and side-impact airbags
- ISOFIX child seat mountings incorporating top tether anchor points located on second-row rear seats (does not include child seat) – Allows ISOFIX child safety seats to be securely fixed into the car. The ISOFIX mounting system reduces forward movement in an accident and makes the child seat easier to install
- Child-proof locks on rear doors

Stability

- Electronic Stability Programme (ESP) – ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability

Additional ESP features

- Traction control
- Cornering brake control
- Straight line stability control
- Drag torque control – Maintain stability on slippery roads when lifting off the accelerator or changing gear

Tyre pressure

- Tyre pressure monitoring system

Automatic emergency braking.

ISOFIX child seat mountings.

Lane departure warning (see next page for feature description).

Driver Assistance

Standard Features – The following features are standard across the entire Combo Life range. Specific features by model are outlined in the separate tabular information.

Cruise control with speed limiter

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

Steering

- Speed sensitive electrically assisted power steering
- Reach and rake adjustable steering column

Front camera system

A range of class-leading driver assistance and safety features are controlled by the front camera system

Forward collision alert

The system operates automatically from 3mph and gives an audible warning as well as a visual warning when approaching another vehicle too quickly

Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

- Recognises different speed signs, including temporary speed restrictions
- Displays reminder in the instrument cluster

Driver drowsiness system

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.

Lane departure warning with lane keep assist

If the driver has not actively steered or signalled, the lane departure warning system provides gentle steering correction and warns when the car moves outside of lane markings at speeds above 40mph.

- Warning light in instrument cluster
- Audible warning
- Facia on/off switch

Wipers

- Intermittent rear window wash/wipe
- Magic Wash System – Mounted in the front windscreen wipers, Combo Life Electric models benefit from our innovative windscreen wash system, designed to more effectively distribute water and reduce wastage. Using nozzles located above the wiper blades, fluid is distributed as the wiper sweeps the windscreen. This avoids the ‘temporary blindness’ of more conventional bonnet mounted systems between fluid release and wiper sweeping, improving visibility

Model Specific Features

| | Option code | Electric model | | Design |
|----------------------------------|-------------|----------------|----------|--------|
| | | Design | Ultimate | |
| Driver Assistance | | | | |
| Panoramic rear-view camera | | | ● | |

Driver Information and Security

Standard Features – The following features are standard across the entire Combo Life range. Specific features by model are outlined in the separate tabular information.

Driver Information

Instrumentation

- Speedometer and rev counter
- Digital fuel gauge with low fuel level warning light
- Digital water temperature gauge with warning light
- Shift-up/down indication light – Indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in instrument cluster)

- Trip computer data
- Total mileage
- Service-due indicator
- Tyre pressure monitoring system

Multi-function trip computer

(displayed on driver information display)

- Trip mileage
- Vehicle range
- Average speed
- Driving time

Central facia display

(format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit (see infotainment for details)

Security

- ‘Key left in ignition’ audible warning
- Electronically protected audio equipment
- Engine deadlock immobiliser
- Visible Vehicle Identification Number (VIN)
- Locking wheel bolts for alloy wheels
- Freewheeling door locks

Remote control central locking

- Operates on doors, tailgate and fuel filler flap
- Deadlocking
- Central locking activation switch on driver’s door

Model Specific Features/Option

| | Option code* | Electric model | | |

*Optional at extra cost including VAT.

Convenience

Standard Features – The following features are standard across the entire Combo Life range.
Specific features by model are outlined in the separate tabular information.

Interior Convenience

- Front 12-volt electrical accessory socket
- Driver’s sun visor incorporating vanity mirror with cover
- Dipping rear-view mirror
- Steering wheel mounted audio controls
- Front and rear USB connection

Interior Storage

- Two facia-mounted drinks holders
- Two drinks holders in centre console
- Large open storage pocket behind infotainment screen
- Interior courtesy light
- Front map reading lights
- Luggage compartment lighting
- Small open storage compartment behind gear knob
- Two front large and small door pockets
- Two rear door pockets
- Open storage compartment below glovebox
- Full-width overhead storage shelf with ambient lighting

Luggage Area

- Luggage compartment cover
- Illuminated load area
- Fully carpeted load area
- Interior tailgate handle
- Four load restraint lashing eyes
- Twin gas-assisted tailgate struts

Interior Lighting

- Central front courtesy light
- Central rear courtesy light
- Fade up/fade down

Model Specific Features

| | Option code | Electric model | | Design |
|---|-------------|----------------|----------|--------|

| Fold-flat front passenger seat with armrest | | ● | ● | ● |
| Electronic parking brake | | ● | ● | |
| Manual parking brake | | | | ● |
| Two foldable tables with cupholders | | ● | ● | ● |
| Front-seat back pockets | | ● | ● | ● |

Convenience

Standard Features – The following features are standard across the entire Combo Life range.
Specific features by model are outlined in the separate tabular information.

Heating and Ventilation

- Air recirculation facility
- Cabin particulate filter – Removes dust, airborne particles and pollen
- Four-speed fan
- Illuminated controls
- Four adjustable facia vents
- Windscreen demist vents
- Side window demist vents
- Rear heating duct

Exterior Convenience

Door mirrors

- Twin electrically adjustable/heated door mirrors

Windows

- Solar heat-absorbing windscreen
- Electrically operated front and rear windows with safety autoreverse and one-touch up/down facility
- Tailgate with heated window and wash/wipe facility

Model Specific Features

| Heating and Ventilation | | | | |
| Air conditioning | | ● | | ● |
| Dual-zone electronic climate control | | | ● | |
| Exterior Convenience | | | | |
| Electrically foldable door mirrors | | ● | ● | ● |
| Opening tailgate window | | ● | ● | ● |
| Roof rails* | | ● | ● | ● |

*Please note, roof rail design may differ from that illustrated within this guide. Please consult your Retailer for details.

Exterior Style and Lighting

Standard Features – The following features are standard across the entire Combo Life range.
Specific features by model are outlined in the separate tabular information.

Exterior Styling

- Chrome-effect front grille bar
- Body-colour door handles
- Body-colour bumpers and sliding rail cover

Exterior Lighting

- Automatic lighting control
- Front fog lights
- LED side repeat indicators
- Lights-on audible warning – When driver’s door is opened an audible warning sounds to alert the lights have been left on

- Manual headlight beam levelling. Use to adapt headlight range to the vehicle load to prevent dazzling
- Rear fog light
- Reversing light
- Hazard warning lights

Model Specific Features

| Black painted door mirrors | | | ● | |
| Exterior Lighting | | | | |
| Halogen daytime running lights | | ● | | ● |
| LED daytime running lights | | | ● | |

Infotainment

Standard Features

Multimedia with 8-inch touchscreen (WL02)

Standard on Design models

Onboard features:

- AM/FM stereo radio • DAB Digital radio
- RDS with Traffic Programme • Four speakers

Media connections:

- Apple CarPlay • Android Auto™
- Smartphone projection
- USB connection

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access

Additional features:

- 8-inch colour touchscreen
- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

Vauxhall Connect*

Standard on Combo Life Electric Design and Ultimate models

e-Call and b-Call:

Help when you need it, 24/7, 365 days a year, that's what you get with new Vauxhall Connect. In an emergency or breakdown, you'll be put in touch with a trained advisor, with just the touch of a button.

Live Navigation Plus and more:

You can also access live navigation services, receive regular vehicle diagnostic info plus there's a host of remote convenience features available through the MyVauxhall app.

Multimedia Navi Pro with 8-inch touchscreen (WL2K)

Standard on Combo Life Electric Design and Ultimate models

Optional on Combo Life Design models at **£460 inc. VAT**

Features as Multimedia, with the addition of:

- Satellite navigation system

- **Peace of mind:** emergency call, breakdown call and regular vehicle status and information
- **Convenience:** remote functions (e.g. lock/unlock the door).
- **Our additional services for electric vehicles:** trip planning, remote settings or public charging solutions – we keep you going!
- **Smart driving:** enjoy a relaxed ride thanks to live navigation and trip management
- **Traffic alerts:** Live Navigation Plus introduces speed camera, traffic light camera and accident hotspot alerts

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries. *Services may require a subscription/fee and are subject to mobile network coverage and availability. Standard on models with Satellite Navigation only.

Please note, Android smartphone projection illustrated on 8-inch colour touchscreen on Multimedia Navi Pro audio unit.

Interior Styling and Comfort

Design

Steering wheel:

- Three-spoke flat-bottomed design

Seat trim:

- Mistral grey with Angora Striple fabric seat trim inserts

Instruments:

- 3.5-inch colour instrument display (diesel models)
- 10-inch colour instrument display (electric models)
- Chrome-effect instrument rings (electric models)

Front seating:

- Driver's seat (six-way adjustable):
 - Height – Reach – Backrest
 - Manual lumbar adjustment – Armrest
 - Under seat storage – Head restraint
- Passenger's Seat (four-way adjustable):
 - Reach – Backrest – Head restraint
 - Fold flat facility

Ultimate

*Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification. *Correct at time of publication.

Combo Life Electric Specifications*

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

Braking

Energy recuperation

The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

The Combo Life Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data.

Combo Life Electric Specifications*

Charging

Combo Life Electric comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option at **£360 inc VAT**.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Combo Life Electric models or with optional Navi Pro).

| Charging | | |
|---|--------|----------------------|
| Supply | Socket | Charge Time (0-100%) |
| AC current – Domestic 3 pin socket (2.3kW) | Type 2 | 21h 45m |
| AC current – Home wallbox or public charger (7kW) | Type 2 | 7h 30m |
| AC current – Public charger (11kW)** | Type 2 | 5h |
| DC current – Rapid charger (100kW) | CCS | 30m (0-80%) |

| Battery | |
|--|------------------------------------|
| Battery capacity | 50kWh |
| AC on-board charger speed (standard) | 7.4kW |
| WLTP Range (Combined) | 164-174 miles |
| WLTP Range (City) | 232-257 miles |
| Energy consumption (Combined low/high) | 19.8-21.1kWh/100km |
| Battery warranty | 8 years/100,000 miles/70% capacity |

| | Gross vehicle weight | Maximum towing weights Trailer with brakes (without brakes) |
|--------------------------------------|----------------------|--|
| 5-seat | | |
| 1.5 (100PS) Turbo D | 2095 | 1300 (750) |
| 1.5 (130PS) Turbo D automatic | tba | tba |
| XL 7-seat | | |
| 1.5 (100PS) Turbo D | 2285 | 1100 (750) |
| 1.5 (130PS) Turbo D automatic | tba | tba |

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 100kg on all models. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Combo Life Electric Dimensions and Capacities

All measurements in mm (inches) unless stated otherwise.

| Loadspace Dimensions | 5-seat | XL 7-seat |
|---|------------------------------|------------------------------|
| Maximum load floor length – passenger seat folded | 2700 (106.3) | 3050 (120.1) |

¹Restrictions apply to the use of child seats, please consult your vehicle user manual or Vauxhall Retailer. ²A dedicated T-Track adapter (Thule 697-4 or Thule 697-6) is required for the installation of specific roof boxes, contact your local Vauxhall Retailer for details.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

ELECTRIC vehicle: 0g/km CO₂

| | |
|--|------------|
| On-the-road RRP | £27,305.00 |
| Deduct: Vehicle Excise Duty | £0.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £27,250.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £27,850.00 |
| Car benefit charge 2023–24 tax year (2%) | £557.00 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £111.40 |
| Higher Rate (40%) tax payer | £222.80 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.

**Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 – £14,732 Starter Rate 19%
- Over £14,732 – £25,688 Basic Rate 20%
- Over £25,688 – £43,662 Intermediate Rate 21%
- Over £43,662 – £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Electric range (miles) | Percentage of cars price to be taxed 2023–24 tax year |
|----------------------------------|------------------------|---|
| 0 | – | 2% |
| 1–50 | 130+ | 2% |
| 1–50 | 70–129 | 5% |
| 1–50 | 40–69 | 8% |
| 1–50 | 30–39 | 12% |
| 1–50 | <30 | 14% |

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, [Leasys](#) lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | First year rate Diesel | Standard rate Diesel | Standard rate Electric |
|------|--|------------------------|----------------------|------------------------|
| A | 0 | £0 | £0 | £0 |
| B | 1 – 50 | £10 | £180 | – |
| C | 51 – 75 | £30 | £180 | – |
| D | 76 – 90 | £130 | £180 | – |
| E | 91 – 100 | £165 | £180 | – |
| F | 101 – 110 | £185 | £180 | – |
| G | 111 – 130 | £210 | £180 | – |
| H | 131 – 150 | £255 | £180 | – |
| I | 151 – 170 | £645 | £180 | – |
| J | 171 – 190 | £1,040 | £180 | – |
| K | 191 – 225 | £1,565 | £180 | – |
| L | 226 – 255 | £2,220 | £180 | – |
| M | Over 255 | £2,605 | £180 | – |

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see [vauxhall.co.uk/recycling](https://www.vauxhall.co.uk/recycling)

Vauxhall Care

This all-inclusive service package is available on Vauxhalls under 10 months old (from date of first registration).

This package offers complete peace of mind for the first 3 years of your Vauxhall's life with fixed monthly payments for the plan duration.

- **3 years' Vauxhall servicing** – covers first, second and third annual services. Including a brake-fluid change in the second service
- **2 years' Vauxhall Roadside Assistance** – first year from us
- **First years' MOT[†]** – free of charge by your local Vauxhall Retailer

For full terms and conditions and to sign up, visit: [vauxhall.co.uk/vauxhallcare](https://www.vauxhall.co.uk/vauxhallcare)

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price. Price has been calculated using manufacturer estimates. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Safety

Standard Features – The following features are standard across the entire Vivaro Life Electric range.

Airbags

- Driver's airbag • Front passenger's airbag
- Two front seat side-impact airbags
- Full-size curtain airbags for driver and front and outer rear seat passengers
- Full-length curtain airbags second- and third-row seating (Long wheel base models only)

Seating

- Height-adjustable front seat head restraints

Seatbelts

- Lap and diagonal inertia-reel seatbelts (height-adjustable front)
- Front body-lock diagonal seatbelt pretensioner system.
- Drivers and front passenger's lap belt pretensioner system
- Front seatbelt force limiters

Braking

- Anti-lock Braking System (ABS)
- Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance

- Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel
- Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline

Child safety

- Deactivation switch for front passenger's front and side-impact airbags
- ISOFIX child seat mountings incorporating top tether anchor points located on second-row rear seats (does not include child seat) – Allows ISOFIX child safety seats to be securely fixed into the car. The ISOFIX mounting system reduces forward movement in an accident and makes the child seat easier to install
- Child-proof locks on rear doors

Stability

- Electronic Stability Programme (ESP) – ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability

Additional ESP features

- Traction control
- Cornering brake control
- Straight line stability control

Tyre pressure

- Tyre pressure monitoring system

Vauxhall driver assistance systems are intended to support the driver within the system-imminent limitations. The driver remains responsible for the driving task at all times.

Driver drowsiness system (see next page).

ISOFIX child seat mountings.

Lane departure warning (see next page).

Driver Assistance

Standard Features – The following features are standard across the entire Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

Steering

- Speed sensitive electrically assisted power steering
- Reach and rake adjustable steering

Wipers

- Two-speed windscreen wipers with variable intermittent wipe
- Intermittent rear window wash/wipe

Model Specific Features/Options

| | Option code* | Electric models | | |
|--|--------------|-----------------|--------|----------|
| | | Combi | Design | Ultimate |
| Driver Assistance | | | | |
| Visibility Pack – Solar heat-absorbing windscreen/Rain-sensitive windscreen wipers | NB08 | £348 | ● | ● |
| Rear parking distance sensors** | | | ● | ● |
| Electronic parking brake | | ● | ● | ● |
| Automatic transmission with e-toggle shift | | ● | ● | ● |
| 7.4kW single-phase on-board charger with 6m mode-3 7kW cable (added at POE) | | ● | ● | ● |
| 11kW three-phase on-board charger with mode-3 22kW cable (added at POE) | LZ04 | £360 | £360 | £360 |
| Driver Assistance Pack – Automatic emergency braking with pedestrian detection/Lane departure warning/Speed sign recognition/Driver drowsiness system/White text Instrument panel/High beam assist | | | ● | ● |
| Panoramic rear-view camera** | | | | ● |

*Optional at extra cost including VAT. **Please note, due to ongoing shortages in the global supply chain, some Vivaro Life Electric models may be built with reduced levels of standard equipment. Please consult your supplying Retailer for further details.

Driver Information and Security

Standard Features – The following features are standard across the entire Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

Driver Information

Instrumentation

(see specifications for further details)

- Speedometer

Multi-function trip computer

- Trip odometer
- Vehicle range
- Average speed
- Driving time

Central facia display

(format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit (see infotainment for details)

Security

- Electronic engine deadlock immobiliser
- Steering column lock
- Anti-theft spare wheel cradle
- Visible Vehicle Identification Number (VIN)
- Locking wheel bolts with alloy wheels

Remote control security alarm system

- Remote control door locking
- Two keys with integral remote
- Door deadlocks
- Selective door locking
- System monitors doors, tailgate, bonnet and the passenger compartment

Model Specific Feature

| | Option code | Electric models | | |
|-------------------------|-------------|-----------------|--------|----------|
| | | Combi | Design | Ultimate |
| Security | | | | |
| Keyless entry and start | | | | ● |

Convenience

Standard Features – The following features are standard across the entire Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

Interior Convenience

- Reach and rake-adjustable steering wheel
- 12v socket in saloon area
- 12v socket in cargo area

Interior Storage

- Upper glovebox
- Open lower glovebox with 12v socket and aux-in facility
- Lower shelf
- A4 storage compartment on top of facia
- Open storage compartments in facia
- Two drinks holders on top of facia
- Storage pocket in front of gear lever
- Front door pockets with three separate compartments

Model Specific Features

| | Option code | Electric models | | |
|---|-------------|-----------------|--------|----------|
| | | Combi | Design | Ultimate |
| Interior Convenience and Storage | | | | |
| Luggage area cover | | | | ● |
| Rear seat back tables | | | ● | ● |
| Rear side-window blinds | | | | ● |
| 220 volt socket behind driver's seat | | | ● | ● |
| Automatic anti-dazzle rear-view mirror | | | ● | ● |
| Electrically foldable door mirrors | | | ● | ● |

Convenience

Standard Features – The following features are standard across the entire Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

Heating and Ventilation

- Air recirculation facility
- Pollen filter
- Illuminated controls

Exterior Convenience

- Nearside and offside sliding side-access doors with fixed windows

Door mirrors

- Foldable electrically adjustable/heated door mirrors

Windows

- Electrically operated front windows with one-touch up/down facility
- Tailgate with heated windows and wash/wipe facility

Model Specific Features/Options

| Electrically operated sliding side-access doors | | | | ● |
| Panoramic sunroof and opening tailgate window | OK01 | | | £864 |
| Symmetrical 50/50 glazed heated rear doors with wash wipe | WO05 | £240 | | |

*Optional at extra cost including VAT.

Exterior Style and Lighting

Standard Features – The following features are standard across the entire Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

Exterior Styling

- Side protection mouldings

Exterior Lighting

- LED daytime running lights
- Reversing lights
- Hazard warning lights

- Rear fog lights
- High-level brake light
- Side-repeat indicators
- Lights-on audible warning

Model Specific Features

| Body-colour side-protection mouldings | | | ● | ● |
| Chrome-effect front grille | | | ● | ● |
| Dark-tinted rear windows – Opacity level 70% Design and 90% Ultimate | | | ● | ● |
| Exterior Lighting | | | | |
| Front fog lights | | | ● | ● |

*Optional at extra cost including VAT.

Infotainment

Standard Features

Multimedia with 7-inch touchscreen (WLX9)

Standard on Combi and Design models

Onboard features:

- 7-inch colour touchscreen
- AM/FM stereo radio
- DAB Digital radio
- RDS with Traffic Programme
- Speakers (4 Combi/8 Design)

Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- Smartphone interface – Apple CarPlay/Android Auto™

Additional features:

- Flexible roof-mounted aerial

Multimedia Navi Pro with 7-inch touchscreen (WLX7)

Standard on Ultimate models and optional at extra cost on Combi and Design models at £650 inc. VAT

Features as Multimedia, with the addition of:

- Satellite navigation system • 2D/3D street level mapping
- European coverage • Points-of-interest search
- Eco routing • Map updates via USB
- Three years subscription to TomTom Live*
- On-line navigation services provided by TomTom®
- Vivaro Life Electric shortcut key – Energy flow visualization
 - Energy stats visualization
 - Deferred charging options
 - Thermal pre-conditioning
 - Battery/range check
- Ten speakers

Vauxhall Connect**

e-Call and b-Call:

Help when you need it, 24/7, 365 days a year, that's what you get with new Vauxhall Connect. In an emergency or breakdown, you'll be put in touch with a trained advisor, with just the touch of a button.

Live Navigation Plus and more:

You can also access live navigation services, receive regular vehicle diagnostic info plus there's a host of remote convenience features available through the MyVauxhall app.

- **Peace of mind:** emergency call, breakdown call and regular vehicle status and information
- **Convenience:** remote functions (e.g. lock/unlock the door).
- **Our additional services for electric vehicles:** trip planning, remote settings or public charging solutions – we keep you going!
- **Smart driving:** enjoy a relaxed ride thanks to live navigation and trip management
- **Traffic alerts:** Live Navigation Plus introduces speed camera, traffic light camera and accident hotspot alerts

VX_VIVL_29520

VX_VIV_30809

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries. *Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation. **Services may require a subscription/fee and are subject to mobile network coverage and availability. Standard on models with Satellite Navigation only.

Interior Styling and Comfort

Combi

Steering wheel:

- Three-spoke design
- Satin chrome-effect bezel

Facia and door trim:

- Mistral Black/Grey

Front seating:

- Driver's seat (six-way adjustable):
 - Height - Reach - Backrest
 - Manual lumbar adjustment
 - Under seat storage - Head restraint
- Dual front passenger's seats
 - Fixed position bench seat and backrest
 - Height-adjustable front padded head restraints

Seat trim:

- Curitiba Tritone Grey fabric seat trim

Interior Styling and Comfort

|  | 17-inch diamond-cut alloy wheels • 215/60 R 17 tyres • Emergency tyre inflation kit (in lieu of spare wheel) | | | | ● |

Specifications*

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

Braking

Energy recuperation

The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

| Drivetrain | Vivaro Life Electric | |
|---------------------------|--|---------------------|
| CO ₂ emissions | 0g/km | |
| Maximum power | 100kW (136PS) | |
| Maximum torque | 260Nm (192lb. ft.) | |
| Acceleration 0–62mph | 13.1 sec | |
| Maximum speed | 81mph | |
| Transmission | Automatic electric drive with fixed gear ratio | |
| Service interval | Every 25,000 miles or 2 years (whichever comes sooner). Initial inspection at 12,500 miles or 1 year (whichever comes sooner) | |
| Electric range | 136 miles | |
| Weights kg | L Combi 9-seater | L Ultimate 8-seater |
| Gross vehicle weight | 3030 | 2965 |

The Vivaro Life Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data.

Specifications*

Charging

Vivaro Life Electric comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Vivaro Life Electric models or with optional Multimedia Navi Pro).

| Charging | | |
|---|--------|----------------------|
| Supply | Socket | Charge Time (0-100%) |
| AC current – Domestic 3 pin socket (2.3kW) | Type 2 | 21h 45m |
| AC current – Home wallbox or public charger (7kW) | Type 2 | 7h 30m |
| AC current – Public charger (11kW)** | Type 2 | 5h |
| DC current – Rapid charger (100kW) | CCS | 30m (0-80%) |

| Battery | |
|--|------------------------------------|
| Battery capacity | 50kWh |
| AC on-board charger speed (standard) | 7.4kW |
| WLTP Range (Combined) | 135-137 miles |
| WLTP Range (City) | 184-188 miles |
| Energy consumption (Combined low/high) | 25.3-25.7kWh/100km |
| Battery warranty | 8 years/100,000 miles/70% capacity |

Please note: Prices shown are fully fitted and painted, where applicable and include VAT. Please check with your local Vauxhall Retailer for details. It is advisable to ensure your insurance policy is adequate to cover additional fitted accessories. Prices correct at time of publication.

¹Restrictions apply to the use of child seats, please consult your vehicle user manual or Vauxhall Retailer.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

ELECTRIC vehicle: 0g/km CO₂

| | |
|--|------------|
| On-the-road RRP | £27,305.00 |
| Deduct: Vehicle Excise Duty | £0.00 |
| New vehicle first registration fee | -£55.00 |
| Effective list price | £27,250.00 |
| Add: Optional two-coat metallic paint | £600.00 |
| List price for tax purposes (P11D value) | £27,850.00 |
| Car benefit charge 2023–24 tax year (2%) | £557.00 |
| Benefit in kind tax liability | |
| Basic Rate (20%) tax payer | £111.40 |
| Higher Rate (40%) tax payer | £222.80 |

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.

**Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 – £14,732 Starter Rate 19%
- Over £14,732 – £25,688 Basic Rate 20%
- Over £25,688 – £43,662 Intermediate Rate 21%
- Over £43,662 – £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

| CO ₂ emissions (g/km) | Electric range (miles) | Percentage of cars price to be taxed 2023–24 tax year |
|----------------------------------|------------------------|---|
| 0 | - | 2% |
| 1–50 | 130+ | 2% |
| 1–50 | 70–129 | 5% |
| 1–50 | 40–69 | 8% |
| 1–50 | 30–39 | 12% |
| 1–50 | <30 | 14% |

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

LEASYS

Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Their team of experts can personally support you and provide dedicated consultation.

[Leasys](#) is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

| Band | CO ₂ emissions in grams per kilometre | Standard rate Electric |
|------|--|------------------------|
| A | 0 | £0 |
| B | 1 – 50 | - |
| C | 51 – 75 | - |
| D | 76 – 90 | - |
| E | 91 – 100 | - |
| F | 101 – 110 | - |
| G | 111 – 130 | - |
| H | 131 – 150 | - |
| I | 151 – 170 | - |
| J | 171 – 190 | - |
| K | 191 – 225 | - |
| L | 226 – 255 | - |
| M | Over 255 | - |

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see [vauxhall.co.uk/recycling](https://www.vauxhall.co.uk/recycling)
